Vol. 3: Furry Scene

THANKS FOR THE MEMORIES

Thank you sincerely for being part of this year's EPIC theme. Whatever 2000's subculture calls you home, we want to welcome all goths, ravers, punks, crunks, emos, hipsters and more to share their light in this weird space for 3 days.

Culture ties us together in ways we would not expect. It connects us not just in the ways we dress and act, but in the ways we feel and the identities we carve for ourselves. With Furry Scene, we hoped to encompass a time in which those identities were still very much an experiment - when many of us were just kids growing up on the wild frontier of the internet. We collected scars, shared love for influential media, and learned not to take kindness for granted in a world filled with so many trolls.

Surely it was a sensitive time for us all. Whether you're still hiding the shiny part of yourself, or you wave your freak flag proudly, we invite you to be a little brave this weekend and let your inner sparkledog out for a walk. Still not sure what we're talking about? You'll probably figure it out sometime in the next three days.

Here's to many ROFLCOPTERS,
- An Emo Furry XD

A Letter from the President

On behalf of Scissortail Fandoms Inc, I would like to welcome you to Oklahoma City and to our third physical AnthroExpo. The shape of our organization has changed a lot over the years, but we have always stood behind the same mission: to embrace the good in our community and uplift those within it. In 2023, I'm thrilled to see AnthroExpo standing tall as a beacon of positivity in the Oklahoma fandom community, and have never been more proud to serve as its leadership.

Thank you again for your continued support. The future is bright for our organization and for AnthroExpo, and I hope you'll continue to join us for the ride.

Best Regards,

Brett M. Martin - President, Scissortail Fandoms Inc.

Meet Our

CHARITY PARTNER

Pivot

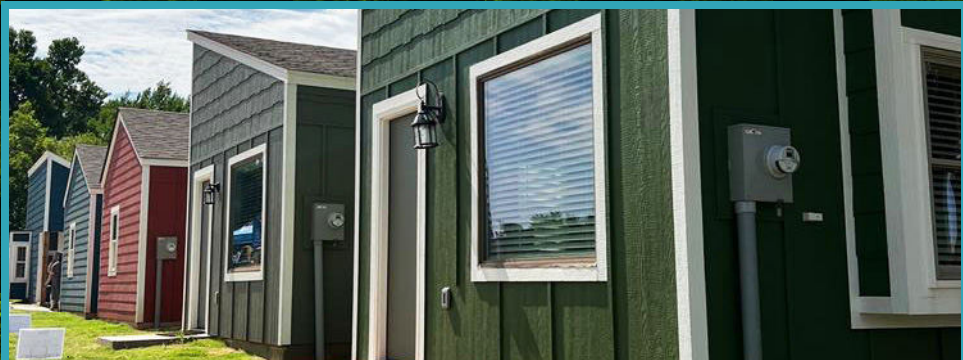

Pivot is an Oklahoma nonprofit that focuses around youth services. They aim to aid youth in need by providing support for a range of different crises; financial, emotional, educational, legal, and more. They advocate for those who may be unseen and unheard at a crucial point in life.

Pivot helps youth and young adults between ages 12 and 24. With over fifty years of service, Pivot now provides youth with services to better their minds, bodies, and lives overall.

In 2019, Pivot launched their Tiny Home Community, which strives to mitigate youth homelessness in Oklahoma City. These tiny homes offer an affordable alternative to transition-age youth who would otherwise lack the security of a home.

All homes are equipped with necessities for a healthy life: a bed, kitchen, bathroom, and dining room make up the living space. Living in a neighborhood allows for community relationships to develop, while tenants learn important life skills like cooking, laundry, budgeting, communication, driver's ed and problem solving. Your donations go directly to help dream and execute projects like this one. We are proud to support Pivot at AnEx '22, and we hope you'll consider donating to their mission.
