

ANTHRO 20 EXPO 26

Foreward

Thank You from your President.

Hello to all employees!

Welcome to the Annual Meeting of AnthroExpo.

I am thrilled to welcome you to our latest fiscal venture:
Corporate Takeover.

While the world outside operates on spreadsheets and margins, our corporation is built on a different model: creativity, community, and kindness. This weekend, we aren't just a convention; we are a conglomerate of artists, performers, and enthusiasts.

Our Strategic Objectives

Mergers: Meet new friends and expand your social network.

Acquisitions: Support our local vendors and creators.

R&D: Explore new panels and discover your next passion.

Charitable Investments: Help raise money for our charity partner SISU Youth Services.

Thank you for investing your time & energy with us. We've worked hard to ensure this year is our best one yet.

In Synergy,
Alexander Paw
President, Scissortail Fandoms Inc.

INFO DESK

CHARITY AUCTION

Sisu is a low-barrier, identity-affirming space in Oklahoma City where unhoused transition-age youth find the shelter and support they need to pursue the life they want.

OUR MISSION:

To ensure that youth experiencing homelessness have a safe place to sleep, the security to dream, and the support to make a positive impact on the world.

OUR VISION:

To end homelessness and hopelessness among transition-age youth in OKC.

SERVICES:

SHELTER

Sisu provides a low-barrier overnight emergency shelter for youth experiencing homelessness ages 15-22.

DROP-IN RESOURCE CENTER

The Drop-in Resource Center is often the gateway to service connection for young people experiencing homelessness.

QUEST TRANSITIONAL LIVING PROGRAM (TLP)

Launched in 2022, the Quest Transitional Living Program serves 20 youth ages 18-24 in a month-to-month lease.

RAPID REHOUSING PROGRAM

Launched in 2023, the Rapid Rehousing Program provides a rental subsidy for 15 youth ages 18-24.

CASE MANAGEMENT

Sisu's case management team provides support to shelter clients and those youth accessing any of our other services or experiencing housing instability.

LIFE SKILLS & ENRICHMENT

We have found that life skills programming is necessary to help youth who are moving into stable and permanent housing become active members of the community.

HOST HOMES

Our Host Home program allows youth, ages 15-24, to be matched with volunteers, people they already know, or extended family to live in a home setting while they are connected to supports for independent living and long-term stability.

EDUCATION

Sisu's Education Coordinator assists in enrollment, transportation, tutoring, and overall navigation of the educational system.
