When Hasbro premiered their new My Little Pony franchise in October of 2010, nobody could have ever predicted the community of fans that would grow around the show. Yet, here we are almost three years later, still joined together by our shared love of our favorite characters and the friends we've all made because of them. And it's for this community of acceptance and friendship that we work so hard to bring the biggest, best brony convention in the world!

BronyCon started as a tiny 100-person event in New York City, and since then we've grown into bigger and better venues until, in the seafaring city of Baltimore, we found a home in the Baltimore Convention Center – a place where we can freely expand our horizons anywhere we choose. It is this freedom that has allowed us to make this year's BronyCon the most amazing tribute to brony culture that has ever been held, and we know you will love all the things we have in store.

Whether you've been a fan from the beginning, you're new to the family, or you just came to get your friends to shut up about you going already, we're delighted you're here. BronyCon is committed to sending you home with some new friends, a story or three, and more crab hats than you could ever handle. So come in, make yourself at home, and share in all the joy and friendship that we're famous for!

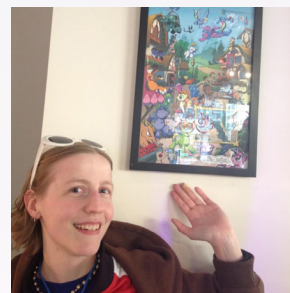

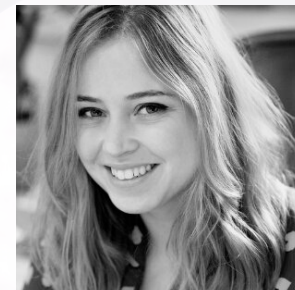

It is with the greatest honor and the biggest smile that I welcome you to BronyCon 2013!

Nick Opels
Convention Chair, BronyCon 2013

G.M. Berrow

The fantastic writer for the *My Little Pony: Friendship is Magic* books is joining us for the first time at BronyCon, and we are excited to have her! Aside from pony-related pursuits, she's also worked behind the scenes on *Law and Order*, *The Good Wife* and even *Blue Peter*. When asked how she balances deadlines for the books with all her other work, she answers, "lots of Red Bull!"

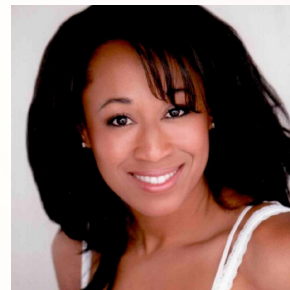

Heather Breckel

Heather lends her talents for lush comic book colors to IDW's *My Little Pony* series, making the land of Equestria (and beyond) come alive. She is also a freelance colorist, known for her work on *Peter Panzerfaust* and *Number 13*. She adores her cats and loves writing and drawing her own comics.

Michelle Creber

Though she is the voice actor for Apple Bloom and the singing voice of Sweetie Belle, Michelle Creber's credits include live-action TV parts, theatre roles, and her own YouTube channel featuring a variety show called *Speedy & Stretch*. She is also a songwriter who released her debut album in 2012. As if that weren't enough, Michelle also loves a variety of sports, games, art, cooking, photography, family time and her two dogs, Max & Marley!

Brenda Crichlow

If Zecora's not your favorite zebra, we'd like to hear your story, as Brenda Crichlow comes to us with 24 years of acting glory. She's played roles in *Eureka*, *Smallville*, *Twilight Zone*, and many more, and her film career is just as broad, notably including *Fantastic Four*. She owns and teaches at Crichlow Actors' Studio, a school that's known for its success, and we hope that you'll help us welcome her as our distinguished guest!

Katie Cook

Katie Cook is a comic book artist and illustrator. She enjoys cats. Besides writing the *My Little Pony* comic, she's worked on comic versions of *Star Wars*, *Lord of the Rings*, and *Fraggle Rock*, and draws an excellent weekly webcomic called *Gronk*. Cartooning is all she's ever wanted to do with her life (besides her ambition to be a muppet or a robot as a child).

M. A. Larson

We believe in M. A. Larson! The most prolific writer for *My Little Pony: Friendship is Magic*, M. A. has stacked up 12 episodes across all three seasons, including "Sonic Rainboom", "The Cutie Mark Chronicles", "The Return of Harmony", "Magic Duel", and of course "Magical Mystery Cure". In addition to his work on *My Little Pony*, Larson has written for series such as *Gravity Falls*, *Littlest Pet Shop* and *My Gym Partner's a Monkey*.

Nicole Oliver

Nicole Oliver graces BronyCon for the third time in a row this year. When she is not portraying Princess Celestia and Cherilee, Nicole keeps herself busy with a diverse set of roles behind the microphone and in front of the camera, including producing, directing, and hosting the show *Crash Test Mommy*. She balances her weighty CV with a busy home life and a few Leo nominations for good measure.

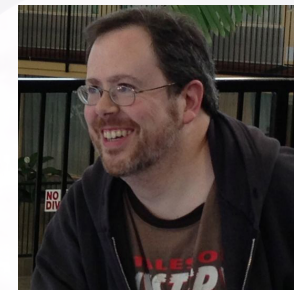

Maddy Peters

The voice behind Scootaloo, Maddy has been performing since the age of 6. She originally began in musical theatre as a singer, dancer and stage actress, but has since expanded into voice acting. Before working on *My Little Pony: Friendship is Magic* and *Martha Speaks*, she could be heard on Nickelodeon's *Yakkity Yak* and Studio B's *Being Ian* and *Kid vs. Kat*.

Andy Price

As the artist for the *My Little Pony: Friendship is Magic* comic, Andy Price uses his unique style to portray the denizens of Equestria. Using his skills and expertise in old-school illustration, Andy has done art for Marvel, DC, and Disney. Price prefers to draw and ink by hand, rather than using digital methods, and his style helps our favorite pastel ponies pop right off the page.

Amy Keating Rogers

BronyCon welcomes back the writer behind many of our favorite episodes, including "MMMystery on the Friendship Express" and "The Last Roundup". Amy is the head writer for *Care Bears*, as she was for *Powerpuff Girls*, and has also written for *Dexter's Laboratory* and *Foster's Home for Imaginary Friends*, earning her 4 Primetime Emmy nominations. She has also written plays, books, live-action film scripts, and comic books.

Lee Tockar

The voice of Steven Magnet and Snips, Lee has lent his voice to over 100 well-loved characters on the big and small screens. In addition to his voice work, Lee is writing a new children's book, and is the founder of Fanbuilt Productions, the world's first virtual animation studio: an online forum and theater where animators, writers, musicians, and artists can create, collaborate, and complete animated projects to share with the world.

Cathy Weseluck

Well-known for both western and anime roles, the woman behind Spike and Mayor Mare (and G3.5 Rarity!) joins BronyCon for her second year. Besides ponies, Cathy has done voicework for such popular titles as *Dragonball Z*, *Ranma ½*, *Inuyasha*, and *Death Note*. She has also voiced characters in *The Littlest Pet Shop*, *Adventures of Sonic the Hedgehog*, and *ReBoot*. It is rumored that she also plays a mean game of ping-pong.

6 Rules & Costumes

In order to make sure that everyone has the very best BronyCon they possibly can, we have a few rules to help keep you safe. If you have any questions, stop by one of our info booths or grab a staff member and ask. We're all here to make sure you have a fantastic weekend!

- **Help keep BronyCon a family-friendly convention.** BronyCon welcomes fans of all ages and we want to make this a fun weekend for everyone. If you wouldn't see it on the show, please don't bring it into the convention.
- **Respect your fellow congoers.** Do not engage in any behavior that may threaten, harass, or harm others. Ask permission first each time before taking pictures or touching other attendees, and respect that person's right to say no. If you are being harassed, threatened, or harmed (or see it happening to someone else) please report it to our security staff as soon as you can.
- **What's illegal outside the convention is illegal inside the convention.** Please don't steal, fight, use illegal drugs, or do anything else that's illegal in Baltimore, Maryland, or the United States in general.
- **Follow convention center policies.** Please don't smoke inside or near the doors of convention space, sleep in public areas, or drink alcohol in the BCC.
- **Obey all directions given to you by staff members.** If you have a problem with a staff member, follow their directions first, then ask to see their supervisor.
- **This is a public event, and you are in the public eye.** Your likeness may be used in crowd shots, and members of the press may ask you for pictures or interviews, which you have the right to refuse. BronyCon issues press badges to credentialed press outlets, and you can always ask to see someone's press badge if you aren't sure.

In addition, make sure all your props and costumes follow these rules:

- Attendee attire must cover all areas normally covered by a swimsuit. Costumes and props must be PG-rated, and hate speech is not allowed in any form.
- Costumes and props must be constructed and held such that they are not dangerous to anyone who bumps into them accidentally.
- Costumes and props that make noise must have volume controls and should be kept at an appropriate volume. The owners of such props must turn the noise down or off if asked to by a staff member.
- Props made of live steel — anything crafted of metal with a pointed or blade-like edge, blunt or sharp — are not allowed in the convention space at all.
- Real weapons, such as maces or axes, must be disabled or peacebound. Bows must be unstrung or strung with a flimsy string. No projectiles are allowed.
- Gun-like props are required to have orange tips, and they must be unloaded and disabled. You may not carry any ammunition on your person.
- Real firearms are not allowed in the convention space at all, even if disabled or unloaded. If you are an off-duty law-enforcement officer carrying your firearm through convention space, please check in with the Head of Security when you enter convention space so there are no unfortunate misunderstandings.
- Any prop being used in a threatening or unsafe manner is not allowed.
- Security may ask you to put your prop away or change your costume at any time based on its acceptability. The Head of Security has the final say on the acceptability of any costume or prop.

8 Charity

This year, we have partnered with Bronies for Good to increase the reach and range of our charity efforts. Bronies for Good is an international organization that is committed to fostering the growth of a global community of caring, socially conscious individuals through the organization of service events worldwide and encouraging individual, group and social involvement.

Charity Auction

Bid on one-of-a-kind items made by fellow bronies, while knowing that your purchases are doing good in the world. As an extension of the Bronies For Good Seeds of Kindness 3 project, 80 percent of funds raised this year will benefit CureSearch for Children's Cancer. Item donations for the auction are being accepted at the Brones for Good booth, numbered 102 in the Vendor Hall. Information about CureSearch for Children's Cancer can be found at their website, curesearch.org.

Food Drive

Make a difference in BronyCon's own community by donating food to the Maryland Food Bank. Proteins, cereals, and especially breakfast items are preferred, as they are more nutritious than canned goods. Fresh fruits and vegetables are also greatly appreciated, but please bring them late on Saturday or all day Sunday to ensure that they stay fresh. Food donations are being accepted all weekend at the Bronies for Good booth, in the Vendor Hall at number 102. Information on the Maryland Food Bank can be found at mdfoodbank.org.

Montetary Donations

In addition to these projects, Bronies for Good will be accepting monetary donations for CureSearch for Children's Cancer via cash or credit at their booth. So even if you're enjoying yourself too much to make a grocery run, you can still make a difference.

For more information on Bronies for Good and their projects, visit them online at broniesforgood.org or follow their twitter [@BroniesForGood](https://twitter.com/BroniesForGood).
