CO-CHAIRS INTRODUCTION

Dear Esteemed Guests, Staff, and New Friends:

Welcome to the 8th bunker of CanFURrence - Furries of the Wastes as we survive the wastelands to build a new tomorrow. As your Overseers, we welcome you to join us on this track of survival. Our registration team will be waiting to give you your bunker number, so don't drift off to the wastes too quickly.

We would like to welcome our Guests of Honour. Iron Raptor and Anubis Tenebrous. Both have shown great support to the fandom in content creation and it is our pride to showcase their work and achievements.

We would also like to welcome our charity, Holly's Haven Wildlife Rescue, who take in and help rehabilitate and release native wildlife, while also working on promoting conservation and coexistence through compassionate care, education, and community engagement. The world has become an unsafe place for most native animals, so helping them any way we can would be greatly appreciated.

Since Covid and Con Crud in general will not be leaving any time soon, we humbly request that everyone do take a level of care - remember while it is optional to wear a mask, please be kind and respectful to each other and to staff as none of us want to cause someone else to not enjoy the weekend.

If we could pardon a kindness and thank the staff - those that have made this event their commitment and goal to support this annual event through hardships and hard work. They are the ones who built the bunker, wrote the schedules, and kept everything functional for this event. We owe them so much for keeping our event going and we would love for the attendees to show the appreciation and love they deserve.

Finally, if you enjoyed our bunkers - or - even if you think there's improvement. By all means, feel free to join us as staff or as a volunteer. We appreciate all the help we can get and would love to share the success with you.

Now, without further ado, as we open the sealed doors, it is our great pleasure to say "Go out and explore the wastes!" to CanFURrence 8!

"There is nothing more powerful, more radical, more transformational than love. No other substance or force. And do not be deceived, for it is all of these things, and then far more than that."

Introduction

That's Ontario, California,
UNITED STATES OF AMERICA, eh?
Not to be confused with our CANADIAN
Ontar-i-o-i-oooo~

LAND ACKNOWLEDGEMENT

The City of Ottawa, wherein the CanFURence convention is held, is built on un-ceded Anishinabe Algonquin territory.

The peoples of the Anishinabe Algonquin Nation have lived on this territory for millennia. Their culture and presence have nurtured and continue to nurture this land.

CanFURence would like to honour the peoples and land of the Anishinabe Algonquin Nation, as well as honour all First Nations, Inuit and Métis peoples and their valuable past and present contributions to this land.

STRONGER TOGETHER

Stronger Together as an integral part of CanFURence is committed to not only to act as its charity department, but as a way to:

- Promote social awareness of the challenges faced by members of our fandom,
- Fight stigmas associated with these challenges,
- Encourage a sense of community in the hope that our social networks act as safety nets in times of need.

OUR 2025 CHARITY

HOLLY'S HAVEN *Wildlife Rescue*

Charity

Holly's Haven Wildlife Rescue is run by a dedicated team of people with huge hearts, devoted to excellent care of wild mammals that are sick, have been injured, or are orphaned. Their mission is to rehabilitate and release native wildlife, promoting conservation and coexistence through compassionate care, education, and community engagement.

"We recognize that almost all the animals that come into care need help because of human activity. We want to do our part to give wildlife a chance to live out their lives in that wild." -HHWR

ANUBIS TENEBROUS

Anubis Tenebrous is a jackal originally from Sudbury, Ontario. Shortly after completing his Master's degree in Chemistry, he moved to Drummondville, Quebec, to work as an R&D Chemist that develops and optimizes a variety of polymer-based coatings.

When he's not nearly setting things on fire in the lab, Anubis immerses himself in his passion for music. Between 2017 and now, Anubis has performed at Anthro New England, CanFURence, and Furnal Equinox. This jackal first made his name in the fandom after winning the Furnal Equinox and CanFURence talent shows in 2019. Afterwards, he moved up to performing full-sets of either instrumental fursuit guitar covers (as Anubis Tenebrous) or original songs (as Damiano's Elysium), where the latter's stage show continues to evolve with costume changes, on-stage sword fights, audience participation, and video skits hosted by his edgy bad boy jackal OC, Thorn.

Having a fox as a boyfriend can be chaotic and means that nearly every weekend is booked with something. Activities with friends ranging from playing board games to going on camping trips are among the many things Anubis can be doing on the weekend. This jackal also enjoys gardening, baking, and cooking (Chef Boyardee doesn't cut it when growing up in an Italian household).

IRON RAPTOR

Iron Raptor is a furry artist of the 2D and 3D variety, with a steeped interest in giant mecha, Transformers, and robotic furry characters.

His love of Transformers and Thirty-Three from Bravestarr encouraged a love of the sci-fi and biomechanical, eventually landing him a job as a VFX Assistant on Battlestar Galactica where he worked during 2006-2007.

ARTIST ALLEY INFORMATION

As is furry convention tradition: Artist Alley here means a space for artists of all kinds to display and sell original arts and crafts, art merchandise and/or take art commissions!

Half-table spaces are allocated on a first-come-first-seated basis in-person at the Dealers Den during opening hours, at no additional cost to registered attendees.

For more information, or if you want to apply, feel free to reach out to **our staff in the Dealers Den** or at **the Convention Store**.

Please see the "Room Hours" page in the pocket guide for Artist Alley hours. Additional policies and regulations may apply. Tables are subject to availability and may be rotated partway through the day. Half-table allocations are approximately 2.5 feet by 3 feet, and two artists will share each full table.

For the purposes of this vending space, "Artist" here is used as a general term and does not restrict applicants solely to two-dimensional visual arts. Artists permitted to vend in this space includes but is not limited to: digital and traditional 2D illustrators, painters and sculptors, fursuit makers, writers, musicians, jewelry makers, and crafters of all kinds.

FURSUIT ≠ CONSENT

ALWAYS ASK FIRST
BEFORE YOU TAKE A
PHOTO, HUG, OR
TOUCH A FURSUITER.

WHILE IN SUIT, IT IS DIFFICULT
TO SEE AND HEAR
Carefully get the attention of the
person in the suit to gain their
consent BEFORE interacting.

DO NOT LIFT FURSUITERS
You aren't picking up your
pet. A person is inside. You
could hurt them or yourself!

CUTE EXTERIOR HIDES THE
TRUE EMOTIONS INSIDE
Keep in mind that physical
ailments & emotional trauma
can make physical interaction
unpleasant for some fursuiters.

@CRAZDUDE - 2018

Fursuit ≠ Consent

Don't forget: fursuiters
are CanFURrence
attendees, just like you!
