CO-CHAIRS INTRODUCTION

Dear Esteemed Guests, Staff and new friends!
Welcome to the 9th Edition of CanFURence -
MarOWned as we welcome you to settle on this
new Island with us!

We would like to welcome our Guests of Honour :
Worms and Bones as well as Telekitnetic, artists
we wanted to highlight for their contributions to
our community. Something we are happy and proud
to share with you all!

We would also like to welcome back Holly's Haven
as our Charity for 2026. Another volunteer driven
organisation seeking to help rehabilitate Wildlife and
give them a chance.

Our deepest thanks goes to all of our staff who
have managed to pull this event together, through
the challenges of this especially difficult year.
Without them, we would not have a home, the
lights, the sound, the art, the scripts, nor the
help of every last paw to run this event.

We would love for you, our guests to show them
the same thanks that we give to them from the
bottom of our hearts. And now, as we settle
into the sands of this new haven, building new
memories, is it our great pleasure to say "Welcome
to the CanFURence Island!"

LAND ACKNOWLEDGEMENT

The City of Ottawa, wherein the CanFURence convention is held, is built on un-ceded Anishinabe Algonquin territory.

The peoples of the Anishinabe Algonquin Nation have lived on this territory for millennia. Their culture and presence have nurtured and continue to nurture this land.

CanFURence would like to honour the peoples and land of the Anishinabe Algonquin Nation, as well as honour all First Nations, Inuit and Metis peoples and their valuable past and present contributions to this land.

STRONGER TOGETHER

Stronger Together is an integral part of CanFURence and is committed to not only act as its charity department, but as a way to:

- Promote social awareness of the challenges faced by members of our fandom.
- Fight stigmas associated with these challenges.
- Encourage a sense of community in the hope that our social networks act as safety nets in times of need.

OUR 2026 CHARITY

HOLLY'S HAVEN *Wildlife Rescue*

Charity

Holly's Haven Wildlife Rescue is run by a dedicated team of people with huge hearts, devoted to excellent care of wild mammals that are sick, have been injured, or are orphaned. Their mission is to rehabilitate and release native wildlife, promoting conservation and coexistence through compassionate care, education, and community engagement.

"We recognize that almost all the animals that come into care need help because of human activity. We want to do our part to give wildlife a chance to live out their lives in that wild." -HHWR

WORMS AND BONES HOMEMADE HORRORS

Worms & Bones are a pair of Canadian art doll artists, who trained as classical illustrators and went, 'That's boring, let's make monsters'.

From their early beginnings as weirdos obsessed with the work of Jim Henson, The Last Unicorn, and anything with dragons in it, they both have been sculpting since they could hold play-dough. Though they started in the fandom an embarrassing number of years ago as illustrators, they've been creating their own brand of art dolls under the Homemade Horrors banner for over 15 years. Homemade Horrors specializes in art dolls that are made by hand with high quality materials, unique and durable enough to be posed and reposed for years. They're both excited to be Guests of Honour at one of their favourite cons, and look forward to introducing con goers to all the little guys they've made!

You can find Homemade Horrors in the Dealer's Den, and bring home one of these delightful creations for yourself.

TELEKITNETIC

Jay, AKA Telekitnetic, is an Indigenous (Wet'suwet'en) furry and freelance artist dwelling in the PNW of Canada. Born and raised in their nation's home territory in Northern BC, they grew up begrudgingly dragging themselves up steep hiking trails and learning to catch, gut, and preserve salmon with their family. Jay first

began studying the traditional style known as formline art in 2022 with guidance from their family. As they continued to practice and study, they began to experiment mixing the style with less traditional subjects. This includes creatures not native to North America, subjects from their favourite fiction, and - of course - furies! They love meshing formline with modern media as a way to represent and explore their heritage/ culture, express their passion, and introduce those unfamiliar with Indigenous art to the style all at the same time.

Today, Jay continues pushing their skill limits with formline art, including experimenting with physical mediums instead of simply keeping their art digital.

If you would like to support Telekitnetic, you can find them in the Dealer's Den where they will be selling a variety of their works for you to bring into your own home.

ARTIST ALLEY INFORMATION

As is furry convention tradition: Artist Alley here means a space for artists of all kinds to display and sell original arts and crafts, art merchandise and/or take art commissions!

Half-table spaces are allocated on a first-come-first-seated basis in-person at the Dealers Den during opening hours, at no additional cost to registered attendees.

For more information, or if you want to apply, feel free to reach out to our **staff in the Dealers Den** or at the **Convention Store**.

Please see the "Room Hours" page in the pocket guide for Artist Alley hours. Additional policies and regulations may apply. Tables are subject to availability and may be rotated partway through the day. Half-table allocations are approximately 2.5 feet by 3 feet, and two artists will share each full table.

For the purposes of this vending space, "Artist" here is used as a general term and does not restrict applicants solely to two-dimensional visual arts. Artists permitted to vend in this space include but are not limited to: digital and traditional 2D illustrators, painters and sculptors, fursuit makers, writers, musicians, jewelry makers, and crafters of all kinds.

Formline in the Fandom

Host: Telekitnetic Art

Formline artwork has been a cultural staple of Indigenous culture and identity for hundreds of years, and as technology and artwork advances, it's easy to think of the art form as something ancient and immutable. This is in tangent with the previous perception of Indigenous people as a subject from the past era, a per-

ception encouraged by colonization.

However, just like the nations that practice it, formline art is a living and adapting subject- and this panel will highlight the creativity and artwork of modern Indigenous artists who bring their work to the forefront in fandom, geek, and other modern culture. From mural artists and tattoo designers to IDW and marvel comic artists, this panel will showcase how formline art exists in tangent with modern subjects, not outside of it.

FURSUITERS START HERE!

- Fill out the form here:

- Remember to include a photo!
- Once added to the game, check in at the Registration Desk for your personal FurryDex QR code.

TIP:

Consider wearing the QR code where it can be easily seen and scanned

- Catchers who view a fursuiter's FurryDex QR code with their camera app will see a link displayed.
- Clicking the link will unlock that fursuiter's corresponding entry with information about that suiter, like name and social media links.
- You can be either a fursuiter or catcher, or BOTH!
- Catchers are encouraged to work with others to complete the FurryDex, in order to catch them all!

FURSUIT ≠ CONSENT

ALWAYS ASK FIRST
BEFORE YOU TAKE A
PHOTO, HUG, OR
TOUCH A FURSUITER.

WHILE IN SUIT, IT IS DIFFICULT
TO SEE AND HEAR

Carefully get the attention of the
person in the suit to gain their
consent BEFORE interacting.

DO NOT LIFT FURSUITERS

You aren't picking up your
pet. A person is inside. You
could hurt them or yourself!

CUTE EXTERIOR HIDES THE
TRUE EMOTIONS INSIDE

Keep in mind that physical
ailments & emotional trauma
can make physical interaction
unpleasant for some fursuiters.

@CRAZDUDE - 2018

Don't forget: fursuiters
are canFURence
attendees. just like you!

Fursuit ≠ Consent

SAFETY STATEMENT

The CanFURrence Zookeeping team would like to ensure the safety and well-being of our staff and attendees during the convention, including those at the Ottawa Conference and Event Centre who are welcoming us to their venue for the first time. The following reminders and tips are being provided to ensure a smooth and welcoming experience for all:

- 1. Stay hydrated:** Staying hydrated will help ensure you don't overheat and require assistance from our on-site medical team.
- 2. Be aware of your surroundings:** When suiting outside, always remain vigilant of your surroundings. When enjoying the new convention space, please ensure to keep doorways and hallways clear.
- 3. Respect our venue:** With the Ottawa Conference and Event Centre welcoming us to their island, we would like to ensure everyone respects their property, staff members and other guests of the attached hotels. Stickers must not be placed anywhere on the venue/ hotels. Excessive noise after-hours outside of the convention space may be enforced by hotel and venue staff if deemed a concern. Please respect other guests who may be trying to sleep.
