It Begins...

No one really knows **how** it began; some said a rogue comet barely missed the earth but that by the time everyone knew it was safe, society had torn itself apart, some said it all started over a tweet from one world leader to another, still more people blamed the oil shortages causing the major powers to take that one-step too far, and from all corners of the globe contrails traced up from forests and fields. Gleaming cylinders lofting skyward to carry misery across the planet, where once they'd only taken brave explorers to the stars...

...nearly all the major cities were gone in that first hour. The survivors, driven mad by the sheer scale of the destruction, and other deadly cargos those missiles carried; fought their battles over the scraps the bombs had left behind. It seemed we were unable even then to work together to save what little remained of our once proud civilization.

Finally the planet itself seemed to throw up its hands in disgust. A year passed and not a drop of rain fell, the rivers and lakes shriveled as the few crops left untouched by fallout, plague, or marauders failed in the blistering sun. Then followed by the snowless winter that seemed to consume all of the earth, white ash blanketing a world silent except for the sigh of the wind and the crying of those left behind. The survivors huddled for warmth around their few scattered fires, clinging to their tatters of technology. Technology that seemed now little more than talismans, relics of a bygone age never to return. The scavengers and raiders, tortured by madness and radiation were ever lurking at the edge of the firelight the whisper of their coming enough to drive sleep beyond the realm of prayer....

Gradually... almost imperceptibly the world began to heal even if we could not. The winds returned, breathing across the plains and carrying with them the promise of life-giving rain. Green plants began to grow and spread again from the forgotten places the disasters hadn't touched. birds returned to fill the sky, like lovers returned from an unforgiving and stormy sea ...Survivors breathed a collective sigh of relief, as ever more scarce canned food gave way to the first fresh crops, scraped from the unforgiving ground...

One day a solar radio, little more than a decoration at a desolate farmstead ceased its daytime cracklings, and a faint, whispered voice could be heard. Repeating in a tone full of hope and compassion, emotions the world seemed to have forsaken... "Hello! If anyone can hear us; come to DenFur! The old Crowne plaza hotel! We have shelter, food and clean water, you will be safe here!" The words repeated on the radio, day and night. Other old emergency radios were dug out of forgotten basements, cobbled together from derelict car parts and a caravan of survivors who had persevered through the ice and the fire, and found the hope they thought they'd forever left on the side of the highway could still live in their hearts. They began to make their way to the city at the base of the Rockies, from all corners of the planet. With each step, that crackling whispered voice grew stronger and clearer, until they stood before that mile high city, surrounded by green, a paradise forgotten by the ravages of war, seemingly left for those who were willing to believe...

~prelude, the history of Denfur, author unknown

Greetings Apocalypse Survivors!

Welcome to the first rendition of DenFur, in beautiful Denver, CO at the Crowne Plaza Hotel and Convention Center. I want to be the first to thank each and everyone of you that is reading this (and those who skipped over this XD) for your support in bringing back a furry con to Denver. If it wasn't for you, we wouldn't be here and we are eternally grateful for that.

Here at DenFur, we have some old things, some new things, and exciting fun all around! Please take full advantage of our concession stands and cash bars that are floating around. They are decked out to meet all your thirst and hunger (well, most of your thirst ^.^~) and are spread about the con.

I want to take this time to recognize and thank all my staff, artists, and other supports of DenFur for their tireless hours of drawing, spreadsheet computing, and meeting to make sure DenFur has an amazing first year. Please feel free to say hi to any one of us, myself included! I would be happy to sit and chat and make sure your experience at DenFur is one to remember.

Thank you again for supporting us, and WELCOME TO DENFUR YEAR ONE!

Yours Truly,

Treble Vandoren

Convention Chair

The following is the summary of the rules and regulations of DenFur. For a complete listing, please consult Convention Operations.

The most important rule of all is to HAVE FUN! This convention wouldn't be possible without you and we want you to have the best experience possible! With that being said, there are a few things we have to get out of the way first:

Badges and Convention Identification

The convention badge provided to you at Registration are property of DenFur and must be surrendered upon request. You may keep your badge after the end of the convention.

Please remember to have your badge visible at all times when you are in the convention space. This is your identification when entering events within the space.

By accepting your badge, you are agreeing to abide by all DenFur policies as well as any other agreements that may be necessary.

Convention "Rating"

DenFur is considered "rated" at PG to PG-13 in all public areas.

Exceptions will be made in areas clearly marked as "Mature" rated in the schedule and event areas such as the 18+ areas in the Art Show/Dealers Den.

Any area with a rating above PG-13 will have controlled access and may require display of photo identification along with convention badges to verify age before admittance.

18+ areas will be off limits to Minors regardless of parental consent.

Minors attending DenFur must have a Parental Consent form on file with Convention Operations. Any minor without a consent form will be escorted by CRT to Operations and a parent will be notified.

General Rules

No sleeping in any public areas of the hotel or convention spaces.

Attendees are required to follow any reasonable instructions when given by a staff member. If you believe an instruction is not reasonable, address your concerns to the Manager of that department. Disputes are escalated as necessary, but the decision of the Directors/Chair is final.

Convention spaces are open ONLY to registered attendees or visitors being escorted by staff.

Badges are issued only to one person and may not be shared at any time.

Smoking, Vaping and Marijuana use are NOT PERMITTED in the convention spaces and hotel rooms. There are designated areas for smoking/vaping, but Marijuana use is PROHIBITED on hotel property.

Pets are not permitted in the convention space.

In accordance with the Americans with Disabilities Act (ADA), recognized Service Animals are permitted. Attempting to falsely claim an animal as a Service Animal may result in revocation of membership and local law enforcement involvement.

Any act of vandalism or deliberate damage to the hotel or hotel property will result in immediate revocation of convention membership.

Hateful, provocative, and harassing clothing articles are NOT allowed. This is included, but not limited to arm/head/tail bands, shirts, pants, fursuits, costumes, flags, props or any other item at staff discretion. Clothing must keep within the PG-13 rating of the convention, but certain clothing may be worn into 18+ panels or by vendors of 18+ booths provided it is covered up while in public areas.

Merchandise sales may only be performed in the Dealers Den, Artist Alley, or any area similarly designated by convention staff and only by parties who have prior arrangements with the convention or hotel to conduct business.

Hotel and Rooms/Parties

The person named in the room reservation is responsible for anyone staying in the room and any damages that occur.

No signs may be posted to hotel walls, hallways, or elevators of the hotel. There will be an area for any convention related postings.

Room Parties are allowed, but noise must be kept to a level to not disturb other attendees during night hours. Doors to hotel rooms must be kept shut.

Noise complaints will receive a single warning from the hotel staff.

The member hosting the party is responsible for cleanup. Housekeeping will ONLY clean up bagged trash.

Lost and Found

Lost and Found will be maintained in the Convention Operations Office. If you lose an item, check here first. A report can be filled out describing the item and contact information must be left.

Dress Code

Collars and leashes may be worn, but persons cannot be lead around by them in public areas.

Public exposure of bare breasts, buttocks, or genitals is not permitted.

Full-body fursuits are an exception (fur covers all!), but may not reveal genitals, buttocks or breasts.

Fursuits are not permitted in the pool or hot tub.

Harassment/Assault

All reports of harassment/assault are taken very seriously. If you witness or are the victim of harassment or assault, report it to Convention Operations or CRT immediately. If you are in immediate danger, it can be reported to hotel security as well.

It is not the job of DenFur or Corgi Events LLC to solve your interpersonal problems. DenFur is not able to prevent attendance of person(s) unless the pose a specific, credible threat or have a criminal history of conviction of crimes which may pose a threat to the convention or its attendees.

If an individual stalks, harasses, or attempts to assault you at the convention, report it to any

member of the CRT staff. All matters reported are dealt with seriously and may become a criminal matter depending on the severity of the report.

Responsibility for settling personal disputes lies solely with the parties involved and any relevant authorities.

Weapons

Real weapons of any kind are not permitted in convention spaces regardless of any permits for concealed/open carry of such items. This is including, but not limited to firearms, tasers, stun guns, OC (Pepper) spray, knives with 4" or longer blades and swords.

Magnetometer wands and other checks may be performed randomly by the CRT to ensure compliance with this policy. Any violation will result in law enforcement being contacted and badges revoked for the duration of the convention.

Reasonable facsimiles of firearms are also prohibited in convention spaces. Prop weapons are allowed, but must have no sort of "firing mechanism". If you have something you wish to submit to CRT for consideration, please bring it to CRT staff before wandering convention

Substance Abuse

Sale, distribution, use or possession of controlled substances will not be tolerated at DenFur. Anyone violating applicable laws will be immediately ejected from the convention, membership revoked, and law enforcement contacted.

While Colorado legalized the possession and consumption of marijuana by persons aged 21 and older as of January 1, 2014, the Crowne Plaza and DenFur ban the use of cannabis on the hotel grounds. Please also remember that providing marijuana to persons under 21 is a felony in the state of Colorado.

The above does not restrict the authority of the convention to remove or add any necessary policy or procedure at any time without any prior warning. Any modifications to these policies or procedures will be accompanied by immediate notification via social media and the convention website whenever practical.

Our Charity

At Freedom Service Dogs, we unleash the potential of shelter dogs by transforming them into custom-trained, life-changing assistance dogs for people in need. Our clients include children, veterans and active duty military, and other adults. Their disabilities include autism, traumatic brain injury, cerebral palsy, spinal cord injuries, muscular dystrophy, multiple sclerosis, and post-traumatic stress disorder.

Freedom Service Dogs has received numerous commendations, national press features, and government resolutions in support of our innovative work

Our Dogs

- Come from shelters and rescue groups
- Open doors, pick up items, pull wheelchairs, go for help, turn on lights, and know more than 50 other commands
- Enhance social interaction
- Assist in programs for humane education, disabilities awareness character development for at-risk youth, and rehabilitation therapy

Our Program

- Is a nonprofit funded by charitable giving
- Does not charge clients for the services we provide
- Provides lifetime support for each service dog

Your Donation

- Changes lives forever
- Is tax deductible, diligently spent, and greatly appreciated

Helping People with Permanent Disabilities

People with mobility impairment must overcome challenges for even the simplest life tasks – picking up dropped keys or a pen, opening a door, turning on a light, getting the remote control, providing balance to assist with transferring to and from a wheelchair, and locating and acquiring the phone in case of emergency.

At any given point we have upwards of 50+ people on a waiting list who struggle for on average more than a year as we seek funding to provide a service dog to suit their needs.

The FSD Difference

- **Rescue Dogs:** FSD rescues dogs from various parts of the country and custom

trains them to become amazing service dogs. FSD does not have a puppy-breeding or raising program. Our experience is that there are plenty of unwanted dogs in shelters that are eager to get that second chance and a whole new career. Since our start in 1987, we have found that with dedicated training these dogs become heroes to those with disabilities, transforming their lives forever.

- **Custom Training:** FSD matches dogs to their new partner and custom trains the dog to do the specific tasks required by each individual.

- **Provide Lifetime Support:** FSD maintains contact with clients to provide annual recertification for the service dog and give hands-on support in new skill development.

- **Positive Training Methods:** FSD uses positive reinforcement – click/treat – to shape play behaviors (retrieve, tug, paw, touch) into helpful tasks. FSD service dogs wag while they work!

The Straight \$#!T About Being Trans
— Amadhia & Alexander James Adams

This is a panel by Transgender, for Transgender about surviving the Transgender journey. If you yourself are not Transgender, or are not the legal guardian of a Transgender minor, please do not attend. Period. Amadhia (The Artist Formerly Known As Timothy Albee — MtF) and Alexander James Adams (formerly Heather Alexander — FtM) collectively have over 20 years living full-time as the gender they each knew they were meant to be. Together, they cut through popular BS and myths surrounding being Trans, including: What is it to simply be female if you were born male, and vice-versa? What can surgeons actually do vs. what they promise? What's it like being post-op? Do hormones change your voice, your walk? Does changing your gender make you someone new? This panel is NOT for the faint of heart, it is NOT for the politically correct. This panel is the describing of experiences of two long-term, post-op Transgenders. (Minors MUST be accompanied by a legal parent or guardian. To preserve a safe space, security will have the right to remove any attendee. ABSOLUTELY NO RECORDING OF ANY KIND PERMITTED.)
