

FESTIVAL OF FRIENDSHIP

2022

WELCOME To FESTIVAL OF FRIENDSHIP 2022

When the original Festival of Friendship took place in 2019, it was a much smaller affair. A party, held in a function room of a pub to celebrate MLP and have a day of enjoying ourselves and our fandom.

Obviously, quite a few things have happened since then, and it's no surprise it took us a little while to get around to organising another get-together. Not least of which was the debut of a whole new generation of ponies to bring us all together again, and to celebrate anew.

We decided we wanted to go bigger, better, and bolder than ever, which is why we decided that for 2022, the Festival of Friendship was going to be a convention, rather than a party!

With that in mind, we've all done our best so that you can enjoy a rich variety of things to do and see. Vendors, Art, Music, Games to play, things to eat and drink, cosplay and even a special celebrity guest! And of course, a charity auction for the Rainbow Trust.

All of us involved in the committee and staff are very passionate and excited to have organised the convention for you all to attend. Organising a convention is a labour of love, and we hope our love and passion for MLP shows through in all the things we have put on for everyone to enjoy today.

And it's that shared love of brightly coloured pastel horses, no matter their generation or where we got into them, that brings us together today to celebrate, in the spirit of friendship.

Thank you all again for coming, and let's make today a day to remember!
