Fliiiiift

A seaside holiday

EDITO

Welcome...
Welkom...
Bienvenue !

... to Flüüfff!

Thank you for joining us on our dear Belgian coast.
What an adventure it's been so far! Lots of fun, suspense, wonderful discoveries and a few goofs also. And the convention hadn't even started yet! As the last months were passing, we saw it drawing closer and closer, in a mix of excitement and a little bit of apprehension too.

But here we are finally, it's happening, we're ready to welcome you for four days of convention: a great enterprise brought to you by some proud members of the Belgian community (and a couple of French spies, hon hon hon). We hope you'll have an amazing time and are looking forward to meeting you all!

Have fun!
Veel plezier!
Amusez-vous bien!

- Stan, ChairBun

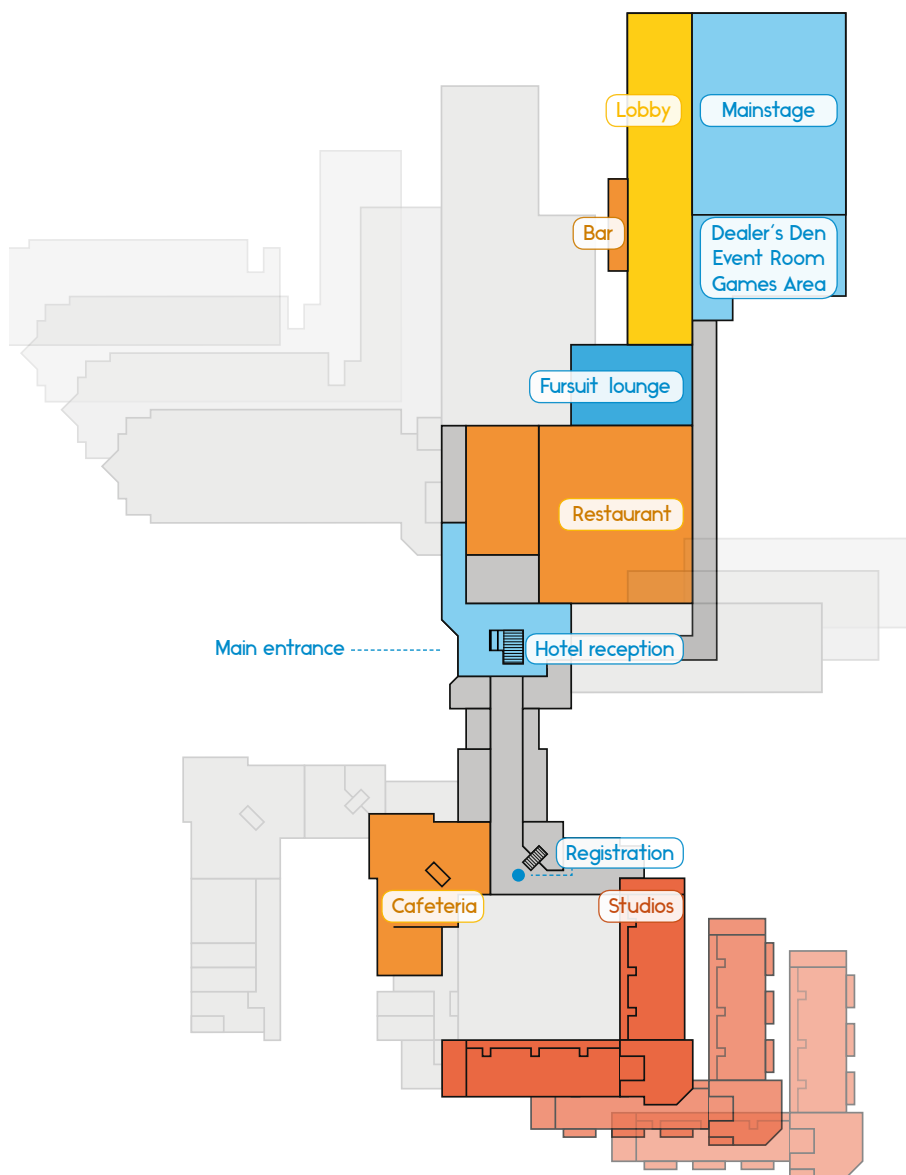

Keep this little guide at hand to know when and where the different events are scheduled.

We also recommend you download the official Flüüfff app (available for iOS and Android) for additional information.

EVENTS DESCRIPTIONS

• “BREW IT YOURSELF”

You like beer, we like beer! And guess what? We also brew our own! Let us share with you some of its secrets and introduce you to home-brewing, a hobby in full expansion.

• CHAINMAIL CRAFTING

Maille, the mythical material that spanned centuries, cultures and civilizations! Come 'n join us as we explore its history, the many shapes, sizes and secrets of this versatile metal craftsmanship!

• CREATIVE WRITING (Tails from the Sea Story Circle)

Bring your stories, fanfics, poems, songs, love letters, ransom notes, or at least a pen! All genres are welcome to our friendly, moderated story circle. Read your work (or have it read) to the group and receive optional feed-back. Beginners are welcome. For readers, it is best to bring six hardcopies you don't mind getting scribbled on.

• DANCE

Move to the deep bass and tight grooves by a variety of DJ's and enjoy the light show!

• ELECTRONICS TALK

Lights! Noises! What good is a beach party without bling and squawks? Learn the basics of the electronics needed to pimp your party hat and control it all with an Arduino board, just like the cool kids do. We'll also teach you how to do it without setting your own tail on fire, as a bonus and for free.

• ELECTRONICS WORKSHOP

Then, after the presentation, bring-along your inner geek to our hands-on workshop and solder your own contraption together to take home. Learn mad skillz and how not to tattoo your own paws with a soldering iron. (Limited seats, registration after the presentation.)

• FURSUIT MINIGOLF CONTEST

Who needs depth-perception when you like a challenge? Will be organized the 3rd or the 4th in case of bad weather.

• FURSUIT OLYMPICS

When Olympics contests and Giant Critters mix together.

• GAMES NIGHT

Boardgames and videogames available to everyone in the dealer's den room and in front of the bar. Retrogaming and good old tabletop role playing game will also be part of the party.

• GROUP PICTURE

We all gather for a souvenir picture! Keep an eye on the whiteboard for the exact location.

• LOUNGE

A comfy evening for proper chat and icebreaking organized in the area of the main stage. Drinks and chilled live music performed by "SynPlex".

• OPENING CEREMONY

Little speech to welcome the attendees, present the staff and explain a few organizational points about the convention.

• PHOTOSHOOT

For those who are interested, some photographers will stick around to snap you in the dunes. Fursuiters welcome.

• SNACK EXCHANGE (and Belgian Chocolates)

Bring your own snacks and share with your fluffy friends. Bonus points for regional specialties. Flüüffff also gives you the opportunity to taste Belgian Chocolates.

• STAGE GAMES

A place where you can be and express yourself. Don't just watch the show, be the show! On the menu: games, dance, music and comedy.

• YOUR FIRST CONVENTION

Is it a first time for you? Here's everything you have to know to enjoy your first convention 100%!

• WAFFLE PANEL

There is more than one kind of Waffle. Follow the Waffle Devouring Dinosaur and learn about the main different waffle varieties in Belgium. After, enjoy a free tasting session at the bar!

• WHAT A CHOC!

Fun fact: did you know that Belgium is the sweet heaven of chocolate? Whether or not this citation from Einstein on the Internet is true, attend this panel to learn more about Belgian chocolates. Just after this panel and during the snack exchange, you'll be offered a taste of Belgian chocolates, too!

CONVENTION TIPS

Stay hydrated! Water is good, water is strong, water keeps boats afloat (*we do not recommend sea water though*) ! Free tap water is always available at the bar.

Don't forget to **sleep sufficiently**. Lack of sleep can lead to severe go-kart accidents plus a good night of rest will leave you fresh and ready for more activities during the day!

Showers are in! Respect yourself, respect others. Get rid of that sand in your fur by taking a refreshing **shower regularly**.

Check the Communication Board! It will be in the Bar Area. Any changes to the schedule will be written there. This is also where you can register to certain specific activities or reserve a spot for the minigolf and go-kart.

Don't feed the seagulls. Trust us, they're not your friends, they're no one's friends...

Go easy on fursuiters. They might be awesome, friendly and cuddly giant plushies, most won't appreciate you hugging or tackling them out of nowhere. Always make sure you have consent before trying anything and don't laugh at them when they'll be struggling on the minigolf course.

If someone says or does something that bothers you, walk it off. And if you think it regards the convention, **report it to a staff member** that'll handle it. You're on vacation, you have funnier and more important matters to attend to!
