

Slüüfff

Welcome to the abbey !

2018

A sermon by Bishop Bunbun

Hello Flүүffies!

Picking a convention theme is often a tricky task but also a great opportunity to consider what the values and specificities of our fandom are.

We invite you to revisit with us a very important aspect; its communal nature. Like monks and nuns of an Abbey, we all contribute to the fandom in our own way; shaping it and making it live through our work and efforts. You all, dear sisters and brothers, are invited to show and share your unique skills.

So pass the old oak doors, enter the Flүүff Abbey and join its motley, ingenious and industrious crowd!

We've grown since last year and even shared the experience with some new furry friends. Many awesome and unforgettable memories were made. Let's continue on that path and show newcomers what the "Furry Spirit" is!

In the name of all our crew of staff and volunteers, I'd like to thank you all for allowing us to organize our second edition and welcome you to Flүүff 2018!!!

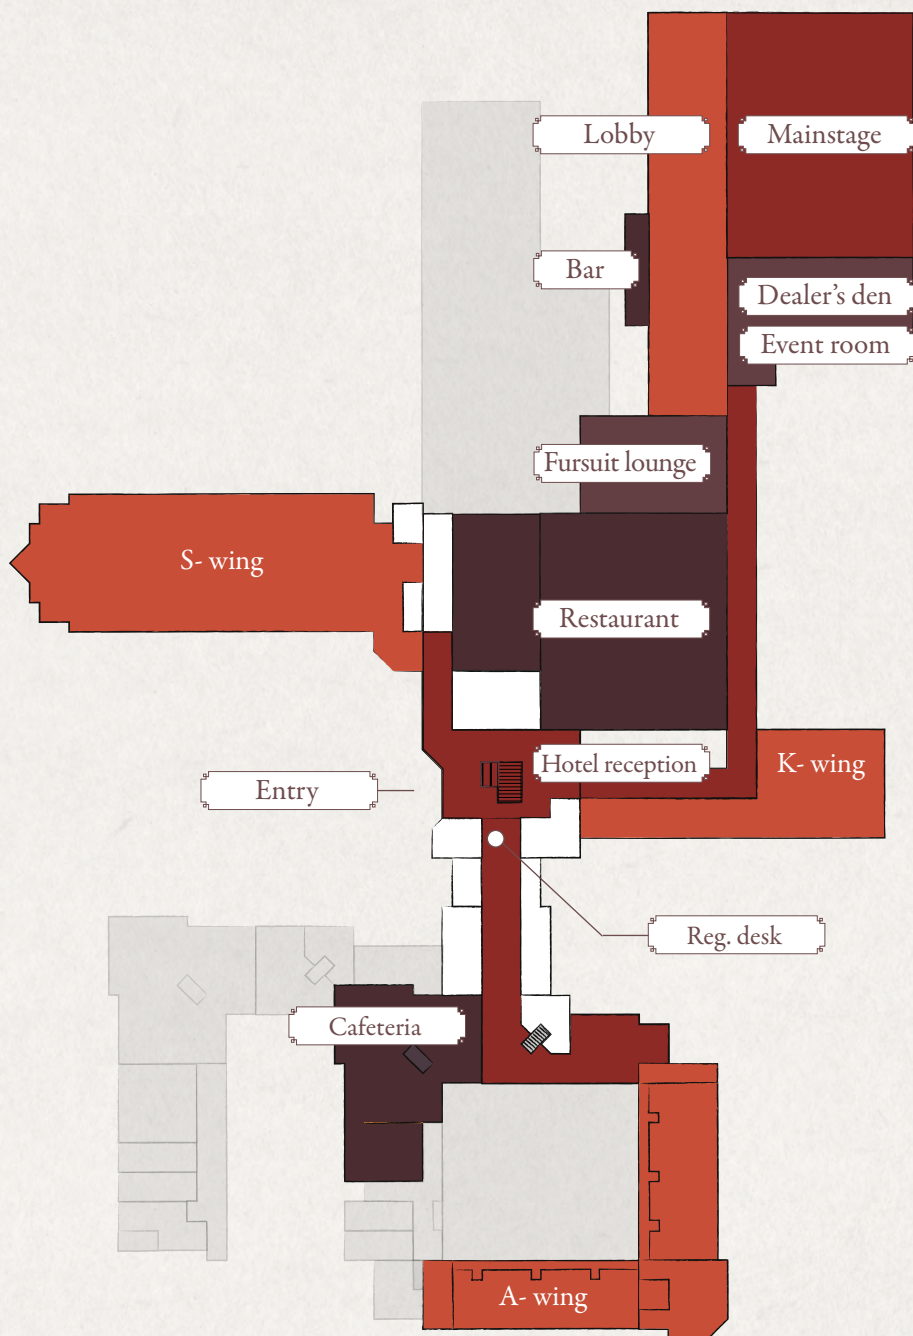

May the Holy Beaver Spirit be with you,

Ramen,

Stan, Flүүffian Bishop and Chairman.

PS : I really really recommend you read the series of books "Redwall" from Brian Jacques.

Program

Survive your first night

So you thought you could have a peaceful first night at Flüüfff? FOOL!
It's the All Saints eve! A strange fog has surrounded the Abbey and madness taken over its inhabitants. (also your car has a flat tire so you're pretty much stuck there).

There has been a murder in the abbey. Several suspects have gathered in the crypts. Over the course of a few hours, you must piece together clues and ask around to find out the killer, before they can escape! (see in the schedule: Abbey Murder Party)

Armed of a crucifix and holy water, go after all the demons haunting the place. There are not only pacman ghosts in the corridors ; gnomes, vampires, zombies and other evil spirits are also running around. Exorcise the cursed game consoles and deliver the abbey from Evil. (see in the schedule: Spooky Video Games)

It is a first for us, one extra day of convention and on the spookiest day of the year. We naturally have some special events prepared for you...

• **Electronics Talk**

• **FurGiants Rampage**

Furries destroy everything, especially when they're giant and they enter into a tiny cardboard city.

A fun and complete challenge for any fursuiter. Come demonstrate your skills and put on a show for the attendees of the convention in a variety of fursuit games. (This event requires you to register to participate).

• **Fursuit Walk**

Right after the group picture, we invite you for a relaxing walk through the little path lost in the dunes. Amazing view on the pier and the sea and a good occasion to take pictures! Once again, check the communication channels in case the weather doesn't agree with us.

• **Gameboy Rom Hacking**

A presentation about how we can change the text in an actual gameboy game. This is a technical talk, but no previous knowledge is needed.

• **Group Picture**

A must go in every furry convention. Picture will be taken in the dunes in front of the hotel like last year unless the Belgian weather betrays us, of course. Keep an eye on the communication boards and channels for any changes.

• Guess the Story

In this panel, YOU make the story! Well, except for that one fur, who'll be lead out of the room for a minute or so and then returns to the center stage to guess what bizarre tale you have thought up!

• Icebreaking

A friendly little "get together" in the main room to get to know each other a bit better and give ourselves a kickstart for the convention!

• Lounge

A chill event for all the people who like to lean back with a nice cocktail and have a nice conversation with some groovy beats in the background.

• MTG

You've probably heard of Magic: The Gathering before. Likely, you've even played it. But perhaps you've heard the legends, whispers about the 'joke' sets from long ago. Let's tap 5, cast our Time Warps, and blast back to the past for an UNGLUED, UNHINGED and UNSTABLE cube event! Cards will be provided, so no worries if you never got to build yourself an un-deck.

Afterwards, hug your favourite fluffy commander and meet your friends in raw thaumaturgical combat during the EDH COMMANDER night! Bring your strongest/most casual deck and beat your fellow convention goers for BRAGGING RIGHTS and a small bit of prize support.

Entrance fee: Free!

• Spooky VideoGames

We stay in the spook vibe with a videogame evening dedicated to horror games. This is your jumpscare rendez-vous!

Come learn which marine mammals you can find near the coast, why some get stranded, how it helps us to care more about our seas and oceans and how to rescue cute baby seals.

• Talent Show

Do you have a special talent that you'd like to show? You can at the Talent show! Whether it's singing, dancing, playing an instrument, telling jokes or any other talent, you join the Talent Show and amaze the audience with your own special talent! (This event requires you to register So we know what acts there are and what materials you need to perform).

• Tea Party

Come enjoy some warm tea and a biscuit with the accompaniment of some live music.

• Waffles & Chocolates

Two delicious Belgian treats! This panel will give you a taste of what Belgian waffles and chocolate are all about!

• Werewolves 1 & 2

First session of a unique Werewolves game scenario that will leave you shivering in fear and anticipation. Slots will be limited to ensure a tense yet cosy ambience but a second session will be organized the next day if you miss this one.

"Werewolves of Millers Hollow" is a French card game in which two groups are competing for the control of their village; the villagers and the werewolves that are -of course- blending in and waiting for their time to strike. Easy to pick up and hella fun, we strongly recommend you give it a try.
