FURCATIONLAND

A VERY LONG

LETTER FROM THE CHAIRPERSON

This year has brought a lot of changes. While change is exciting, it can also be incredibly stressful! Through it all, the one thing I've found that helps the most is the people we choose to surround ourselves with.

As of right now, I officially made my move to Maine. Leaving New York—the only home I've ever known—was daunting, but I've fallen completely in love with Portland and this beautiful state. It's definitely tough being so far away from my mom and brother, but building this new chapter with my husband and the friends I've made here in New England makes it all worth it. Plus, I've become quite the frequent flier to visit my old home!

The New England furry community is truly special. I felt that magic before I even started this journey, and I've continued to feel it year in and year out as I've chaired Furcationland. I feel it even more deeply now that this is the place I call home. I see the Furcationland staff as my family. I don't know many other events where the team gets together for summer barbecues, takes group trips to Six Flags, or gathers after the winter holidays just to have a second celebration with their fur family.

Putting together an event like this as an unpaid volunteer is a massive undertaking. There are moments when the sheer amount of blood, sweat, and tears can feel overwhelming. I've certainly gotten emotional, and I've watched my staff—my family—push themselves to the limit because of how much they love what they do. In the hardest moments, it's easy to ask, "Is it really worth it? Will anyone notice the effort?" But the second we are on the ground making this convention happen for all of you, the answer becomes incredibly clear.

I hope it shows just how much heart our team has poured into making this the most fun event possible! We're keeping our pawdigits crossed for good weather this weekend. We can't wait to see all you animals playing games, relaxing in the beer garden, listening to live music, sampling treats from the food trucks, and checking out our expanded car show. Furthermore, I'm delighted to announce that we are returning to Monument Square, where the Fursuit Parade will proceed directly this year, weather permitting. (Déjà vu!)

As our attendance grows, we continue to expand our footprint into Portland. Please take a look at the ads in the con book and on our stream, FCL TV. We highly encourage taking a walk or a ride to support the local businesses that have partnered with us. Many of them have spoken so highly of Furcationland and absolutely can't wait to see you fuzzballs walk through their doors!

I hope this letter conveys just how invaluable our staff and volunteers are. If someone working at our event does something you appreciate, please let them know! A simple "thank you" is the only paycheck we receive, and it truly means the world to us.

Without further ado, I'd like to welcome everyone to **Furcationland 2026: Harbor Howl!**

OUR CHARITY: SHORT FOLKS FOR HOPE

Greetings from The Short Family and Short Folks For Hope Foundation! We are so grateful to be designated the Furcationland 2026 charity. We are humbled and amazed by the support we receive at the Furcationland events, and we thank you all for helping us make a difference in the lives of cancer warriors and their families.

Short Folks For Hope Foundation is a 501(c)(3) cancer support charity located in South Paris, Maine, established in September 2012. After receiving my breast cancer diagnosis in July 2010, my husband and our three children swiftly discovered that a cancer diagnosis impacts the entire family. The kind support we received from others during my cancer journey and the precious time I have spent with other cancer warriors over the years are a source of inspiration and hope for me. I am grateful to be in remission and able to continue to help others in their cancer journeys. Every day is a gift.

I founded Short Folks For Hope Foundation with the mission to empower, encourage and celebrate cancer warriors of all ages, and to inspire and provide opportunities for youth to be creative, compassionate members of our communities. We are 100% volunteer operated and directed.

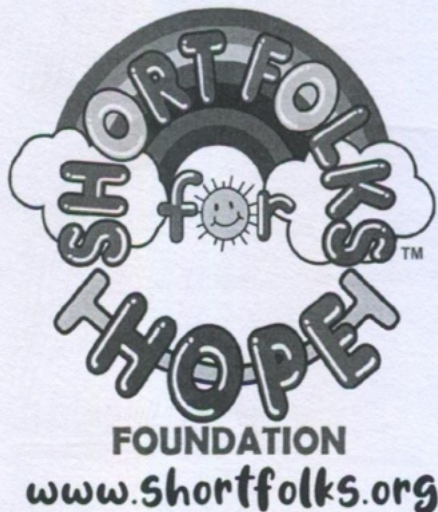

Your donations enable Short Folks For Hope Foundation to:

- Support cancer warriors of all ages with hope-fostering interaction, mentoring, and our special projects
- Provide personalized Hope Bear Encouragement Packs to cancer warriors and Angel Bear Memory Gifts to bereaved families
- Creatively fulfill small wishes for cancer warriors and assist with travel costs for cancer treatment
- Make visits with cancer warriors and youth with life-threatening illnesses at respite camps, homes and special events with our Furry Ambassadors, Lagoona the Dutch Angel Dragon and Mama Bear Kalliope, as well as our Supers For Hope and Princesses For Hope characters
- Sing for hospice patients
- Support cancer care organizations that provide high-quality services free of charge to patients and their families
- Inspire and provide opportunities for youth to help other recognize outstanding youth charitable efforts

Thank you all for your support. Enjoy Furcationland 2026, *Harbor Howl!*

GUEST OF HONOR

CAMP MUSTELID

We're pleased to introduce our Guest of Honor, Camp Mustelid! Local Portland residents Bird Warde and Marc Mendes have been creating camping and wildlife-inspired apparel and accessories since 2019. Camp Mustelid's mission is to produce goodies for all the naturalists out there, and inspire everyone to engage with the great outdoors!

After their first camping trip to Acadia National Park here in Maine, the duo became smitten with camping both recreationally and creatively. They developed an idea for a "digital campground" from which they could draw in people's imaginations. Thousands of merit badges later, their imaginary world has expanded Camp Mustelid into a festivals, pop-up's, and retail stores.

Since their online store opened, Bird and Marc have worked with noteworthy organizations like the National Audubon Society,

Target, and Hot Topic to bring their woodsy flair around the country. They've also partnered with small businesses and nature centers who have commissioned them for design and art campaigns made to drum up interest for our wildlife!

GUEST OF HONOR

BEARIC

Bearic is a singer-songwriter that is fond of many genres but prefers to label himself as "alt-pop, indie-rock". Originally from New Hampshire, Bearic's sound is the mixture of his musical theater-trained vocals combined into a capella harmonies with the staccato hits of rock-oriented music. When writing and producing his songs, Bearic begs for the most sound out of whatever instrument he's using at the time, including his own vocal cords. Before moving to California, Bearic has been involved in multiple musical projects, with the most notable creatively being Full Color, an all-Furry rock band, and Morse Code Mishap, an acoustic duo-ship that ended with the release of a self-produced EP created during the pandemic. Now that he's on the opposite side of the country, Bearic has been honing his craft as an independent musician, slowly but surely becoming his own one-bear band.

Originally known as "Shaffy", Bearic joined the furry community formally sometime around 2016. The choice of species was never a mystery to him – bears have always been strangely associated with his life ever since childhood. In 2021, post-pandemic Bearic followed his long-standing dream and moved to California by himself, beginning a new life and leaving behind his old one, including (regrettably) how involved he was in the furry community. However, in 2024, Bearic realized that his lack of involvement was legitimately making his life worse, so he returned to the community with a passion and an updated character ref sheet. You could say that Bearic is reaching his 10-year annifursary – just don't point out the gray spots, please.

In New England, Bearic's voice carried him as an award-winning talent ever since high school. He's the lead vocalist in his old a capella group's cover of "Send Me On My Way" that accumulated 300k views on Youtube, he has been a featured voice on the Kathie Lee & Hoda show with the same said group, and has landed gigs as a wedding singer outside of working his 'normie' 9-to-5 job. Initially a vocalist and pianist only, Bearic has been learning ukelele, bass, drums, and guitar while also delving into music production with the aid of his Californian connections. With his guitar and a dream, Bearic feels he is finally coming into his own as an independent songwriter, with his first performance of his hour-long acoustic set being here at Furcationland 2026. Bearic could not be prouder for this to be the venue of his debut and hopes you'll join him in concert to see it live!
