# CODE OF CONDUCT

This Code of Conduct is a short version for reference only. The full version is posted on our website at [furnalequinox.com/code-of-conduct/](http://furnalequinox.com/code-of-conduct/)

We want ALL of our attendees to have fun at Furnal Equinox!

To help accomplish this, we've developed this Code of Conduct to ensure that everybody can have fun, and that the con can continue for years to come.

## 1. Rule Number One

Anything that damages, interferes with and/or causes serious harm to our events' operations or reputation is not permitted.

## 2. Con Badges & Admission

In order to complete registration and receive your con badge, you must present valid photo identification that proves your identity and age.

All attendees must wear their con badge where it is visible to enter and remain in con space.

Minors (defined as convention attendees under the age of 18 by the convention start date) must have the written consent of their parent or legal guardian to attend the convention. In addition, any minor under the age of 15 must be accompanied at all times by a parent, legal guardian, or authorized chaperone while in convention space.

## 3. Our Rating

Furnal Equinox activities and event space are rated "PG". Attendees must conduct themselves in accordance with our "PG" rating, including but especially in any area visible to non-attendees or the public.

Exceptions may be made for events or areas designated by convention staff.

Please refer to the Apparel Guidelines posted on our website for further clarification on apparel.

## 4. Alcohol & Drugs

You must be 19 years of age or older to possess or consume alcohol in Ontario. Alcohol is not served or permitted in event space. Please drink responsibly at the hotel bar or in your hotel room. Drugs are not permitted. Marijuana is also not permitted to be carried or consumed at the venue. Please refer to [Canada.ca](http://Canada.ca) for all government policies regarding Marijuana.

## 5. Smoking, e-cigarette, vaping and weed

In accordance with the hotel policy, indoor smoking, e-cigarette, vape and weed use is prohibited.

## 6. Event Space, Hotel Rooms, and Room Parties

Respect the space, those within it, and the venue management. Do not damage property, inconvenience other guests, or cause unnecessary disturbance.

## 7. Weapons and Weapon-Like Items/Props

Unless very obviously a non-realistic toy (to the casual observer at a quick glance and from a distance) ALL props that could be mistaken for actual weapons

must first be inspected and approved by Security/ Nightingales.

## 8. Harassment

"Costume" does not equal consent and the universal rule applies: "No" means NO!

Any instances of harassment should be reported to convention security immediately.

## 9. Vendors & Advertising / Selling Goods and Services

Advertising and sale of goods and services is permitted only by persons approved by Furnal Equinox, in designated areas.

## 10. Pets and Service Animals

Only service animals are allowed in convention space. Pets are not permitted in event space for safety and allergy-related reasons.

## 11. Photography, The Media, And You

Media (reporters, etc.) are not permitted in convention space unless authorized by Furnal Equinox.

Photography is not permitted in certain areas. Please refer to our Media Policy for further details.

## 12. Limitation of Liability

Furnal Equinox aims to take reasonable care to ensure the safety of its attendees. However, attendees should be aware of their well-being at all times. By registering attendees acknowledge that certain events at the convention (fursuit events, parades, games) may present an additional risk of injury.

If you violate this code, you can expect any of the following:

- A verbal or written warning;
- Removal from con space;
- Cancellation of your registration without refund;
- A ban from future events hosted by us;
- Reporting to venue management or the police.

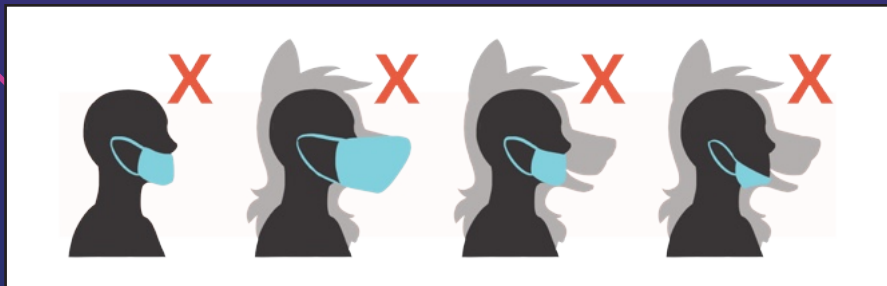

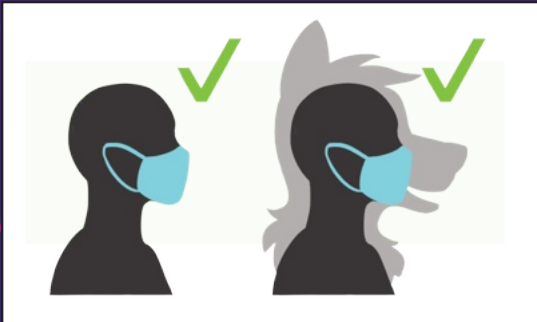

**Please help us protect you and everyone else who is attending the convention.  
Have fun this weekend - and be safe!**

If you feel that our Code of Conduct is being breached within the convention space at any time, please reach out to our Security team at:

**1-855-46-FURRY**  
(1-855-463-8779)

# COVID POLICIES

## **Attendees must be fully vaccinated prior to attending the convention, no exceptions**

Proof of your full vaccination (showing all required doses, and the final dose received on or before March 3rd, 2022) will need to be submitted prior to receiving your badge. No exceptions will be made.

## **Masks are required in all public spaces including while in fursuit, no exception**

Regardless of government mandates at the time of the event, masks will be required in the convention space. No exceptions will be made. We will have designated areas for eating.

Your mask must fit securely to the head and cover the mouth and nose. Appropriate masks to use include N95 / KN95 respirators, medical masks (procedure or surgical masks), or non-medical masks.

## **Capacity limits will be enforced**

All Event rooms will be limited to 50% of the posted room capacity.

Please respect these capacity limits and consider other options, like visiting at different times and participating in our programming through livestreaming (if available).

## **Attendees with COVID-19 symptoms or positive test results at the convention must contact us**

Contact us immediately at [covid@furnalequinox.com](mailto:covid@furnalequinox.com) or 1-855-46FURRY (1-855-463-8779) and we will provide you with further instructions during or after the event. Please take a picture of your ID badge and any positive test documentation.

Please self-isolate in your hotel room, or if you do not have a room at the hotel, return to your home with as little contact with others as possible, or follow your quarantine plan.

You must also tell your close contacts (including roommates) of your exposure.

# NOTES FROM THE CHAIR

"Don't you know I'm still standing better than I ever did  
Looking like a true survivor, feeling like a little kid  
I'm still standing after all this time"  
-- Elton John

After a hiatus of three years, It is a pleasure to welcome you all back to Furnal Equinox.

Our theme of Retro Rewind invites us to celebrate our younger halcyon days and reminisce on our best cultural memories of the past, while looking forward to the future. With so much age diversity in our community, Retro Rewind might mean something different - maybe it's the 1980s, the 1990s, or the 2000s. No matter what decade it's from, we invite you to wear the clothes that meant the most to you, and show off the accessories and aesthetics you enjoyed. It goes to show how much our world (and our furry community) has changed!

But yes - just like the Backstreet Boys, we're back (alright). I can't understate the significance of that and want to use this space for gratitude - because we owe so much of it.

Thank you all for doing your part to fight this pandemic the last two years. We've all had to change the way we do things. Working from home. Wearing masks. Being less social. Postponing travel plans. Getting 2 or 3 doses of vaccine. You all helped us get to a point where an event like this was possible.

If you are a health care worker, first responder, or other essential worker that has been on the front lines over the past couple of years, we are sending extra gratitude to you for all your work.

... and this weekend. You all know we have some extra measures in place. We appreciate your efforts to abide by these measures, and to cooperate with our event and venue staff who may need to remind us over the weekend. And please remember - you're still responsible for making safe decisions when you leave the convention floor.

Thank you to our staff, past and present. To everyone involved with FE in any capacity over the last three years, thank you for moving the needle incrementally towards this moment - no matter if you're with us today, we know priorities change. A special shout-out goes to those who facilitated our "Pixel Purrfect" (both theme, and appropriate description!) virtual event in 2021 and are doing the same with our virtual con this year.

Thank you to our talented panelists, DJs, and dealers. An event like this just is not the same without the creative energy and ideas that you all bring. We give you a vessel to fill with your suggestions, and you always fill it.

Thank you to our Guests of Honour and charity. We're proud to welcome back zoologist Dr. Wildlife, who now practices their conservation craft right here in Canada and has generously offered to host our Sharks After Dark special event; and Anyare, a talented artist who has been a guest of our Dealers' Den for multiple years whose art will grace our convention shirt this year. Fox Amooore and Pepper Coyote will once again grace our stage, and have made a special gift available to our sponsors.

And a big shoutout to Hobbitstee Wildlife Refuge, our partner charity. We've been so generous to them over the past two years but there's just one piece they've been missing, that in-person FE love. I hope you will give them that and many dollars to help support their conservation work.

Thank you to our venue. Our hosts and partners at the Westin Harbour Castle are delighted and have been looking forward to this event for two years. We are grateful for their support through our rough spells over the last couple of years and everything they've done to welcome us as guests this weekend.

And finally, thank you for being here and trusting us. After we had to make some of the most gut-wrenching decisions in March 2020, so many of you stayed on, rolled over your registrations, said "we trust you to do right by us when this passes", and have showed up in person to welcome one another back. We wouldn't have been able to put on an event this year otherwise.

As the Simple Minds song goes, "Don't you forget about me"; you didn't forget about us, and we are so grateful for that. We wish you an amazing weekend - three years in the making.

# GUEST OF HONOUR - ANYARE

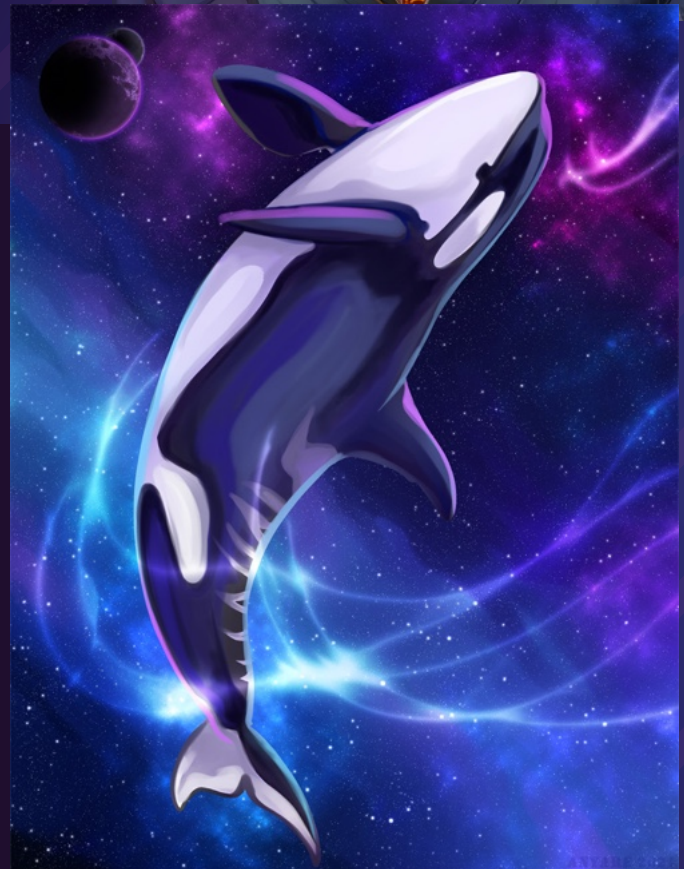

## ANIMATOR. ILLUSTRATOR. CANADIAN TIGON.

Anyare has been drawing for as long as she can remember. Ever since seeing *The Lion King* at a young age, she fell in love with both anthropomorphic animals, animation and arts, which inevitably led her to both the Furry Fandom and to take up a career in the animation arts.

As a member of the fandom for the past 10 years, she has attended many conventions for the past 8 years and has had artwork published by Sofawolf Press as an accompaniment for furry literature. Along with contributing artwork to various furry events and gatherings, she is the most well-known around her hometown of Toronto, Ontario for her popular badge work.

When not dealing with walking and talking animals (or being one herself!) she's usually hard at work at her profession in the animation industry where she helps to create television cartoons. On her downtime, she enjoys getting out into nature on a long hike with her dog, cooking (with a glass of Vino, of course!), and playing *Pokemon*!

# GUEST OF HONOUR - DR. WILDLIFE

## ZOOLOGIST. EDUCATOR. ADORABLY CYBERNETIC.

Dr. Wildlife, commonly referred to as “Doc”, is a zoologist focused on saving endangered species through creative solutions. A lifelong animal conservationist, Doc has helped with projects around the world from rehabilitating injured seabirds in South Africa to tracking tigers in central India.

Their involvement in the zoological community has so far spanned 13 years and has included such positions as Aquarium Manager of the Children’s Aquarium at Fair Park to Species Survival Researcher at the Smithsonian Institution. They are currently the Product Operations Manager for Zoolife.tv, the world’s first virtual zoo showcasing immersive animal experiences from the world’s top accredited zoos, sanctuaries and rehabilitation centers.

When not conducting research or at work, Doc uses their fursuits to do creative forms of science communication through Twitter, Twitch, YouTube, and even in person at scientific gatherings such as EarthX.

## CHARITY

# HOBBITSTEE WILDLIFE REFUGE

Furnal Equinox is proud to continue our relationship with Hobbitstee Wildlife Refuge!

Hobbitstee is a wildlife rescue organization with a reach all over southwestern Ontario and the GTA. Since 2007, Hobbitstee has been working hard to rehabilitate several thousand sick, injured, orphaned, and displaced wildlife each year so they can return to their natural habitat. They also work to mitigate wildlife distress, and teach the public how to coexist with wildlife through education and research initiatives.

They do it with a team of volunteers - many of whom are at-risk youth and offenders - to help them contribute meaningfully to society and to the environment.

In late 2021, Hobbitstee relocated to a new facility on several acres of land in Nanticoke. But their work is only just beginning as they build a new wildlife hospital on site. We can help them fill those four walls with all they need to serve their animals, including specialized care rooms for reptiles, amphibians, birds of prey, and other fuzzy creatures!

## Get Involved

### Donations

The best way you can help! At our Pixel Purrfect virtual event last year, our community set a new record of nearly \$16,000, and we'd love to match that again! Even just \$5 from every attendee would make a huge difference.

You can donate at the charity table during the event, or on our CanadaHelps fundraising page at [canadahelps.org/en/pages/furnal-equinox-2022](https://canadahelps.org/en/pages/furnal-equinox-2022).

### Other Events

Look out for other opportunities to contribute, including at our Charity Auction on Sunday!

### Drivers

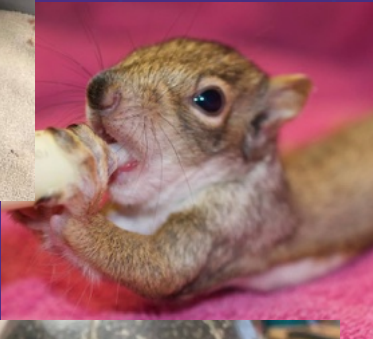

Up for a road trip? Hobbitstee takes in animals from all over Ontario, and needs drivers to help with driving them to their facility!

### In-Kind Trades

Once their building is erected, they'll be looking for talented tradespeople to help with electrical, plumbing and framing work!

### Volunteer Your Time

If you're looking to volunteer your time with Hobbitstee in other ways, visit their volunteering page on [hobbitstee.com/volunteer](https://hobbitstee.com/volunteer), or visit them on Facebook.

## SCANI CHAIR

Since his last spell as convention chair in 2018, Scani has been spending the last few years searching for speed - on his feet, on the bike, and in the sim racing world. Now he's back to help FE throwback and look forward to a new era. Keep an eye out for a throwback Raptors jersey he's been holding on to for two years ... #WeTheNorth

## AAEDEN DIRECTOR OF OPERATIONS

I'm a cat.

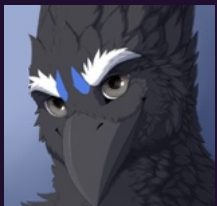

## EILOWNY DIRECTOR OF HUB

Mow. Mow? Mow!

## IGGLYPOU DIRECTOR OF PRESENCE

Artist, Dealer, Director, Art Department and much more! I was chair and organizer of Pixel Purrfect! I can't wait to meet everyone in person!

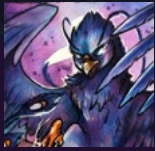

## KOOTENAY DIRECTOR OF BUSINESS

Still not a blue jay, he is the only Steller's jay living in Ontario. A costumer, and also in charge of the business department for the con.

## PAROSCIN DIRECTOR OF INFRASTRUCTURE

I am a fluffy idiot that can't pick a species that has been working with Furnal Equinox for around 10 years now. Wow, saying that makes me feel old. I'm in love with scuba diving, building/flying planes and technology. I spend most of my free time in the shop building things although I occasionally scatter in some gaming. I can't express how much I'm looking forward to finally having a convention again!

Avalanche has been staffing  
with FE since 2018... which is a  
lot longer than it feels like, he  
says, because it's apparently  
2022 now. He asked "what  
time even was," and I told  
him I didn't know, I'm just his  
biography writer. Anyway, he  
hopes you enjoy the con, and I  
do, too.

## BLAZES FURSUIT

Wait, there's a con going on?

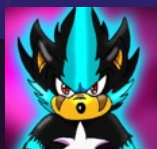

## MAIKERUNeko GOM LIAISON

IT kitty desperately avoiding anything related to IT if he can help it. Casual board gamer, D&D gamer, PC gamer, etc gamer, but emphasis on the casual. Just here to help out and give back to this great convention as best I can!

## DAICYMRU HUB

Shwmae! It's an honour and a privilege to lead up the HUB department this year. You'll likely see me fluttering about giving out positive encouragement to staff in the form of kind words and coffee! If you see me about, do feel free to stop me if you need something, and rest assured that hugs are very much welcome! Dymuniadau gorau!

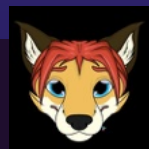

## CHAOS IT

Hello World! It has been far too long since we have seen each other in person and Furnal Equinox is gonna be radical. This year will be a great time to break out all the retro looks from the past however we did decide to leave the retro tech in the past.

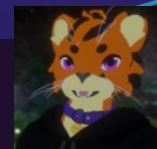

## GREYSNOWCAT LOGISTICS

"How much stuff do you need moved" A snow leopard making sure the con starts and ends on the right paw.

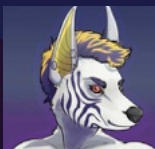

## REYOS LOUNGE

I'm Reyos and I've been staffing and running gaming departments at conventions for the past half a dozen years. I'm pretty much always ready to get into a game of Magic the Gathering, Netrunner, or anything else when I'm in the Lounge.

## CLOUDGASM PROGRAMMING

When two clouds rub together, the friction creates a charge - they rub, and they rub, and the charge builds, and builds, until they can't contain their energy any more, and it releases in one, big, exhilarating, Cloudgasm.

## SPYSAT REGISTRATION

Beep boop numbers jackal. On a serious note, Furnal Equinox is where I was first introduced to the local community. Since then, I met plenty of new friends and had many life changing experiences. I'm proud to support my community at home. And I hope you feel at home too.

## CHANNIKKO SECURITY/NIGHTINGALES

Supporting the Community and Fandom for nearly 8 years, likes a challenge and is always ready to help when I can. Always approachable, door open kinda person. Always willing to chat, find me wandering the Convention space.

## SPONSOR EXPERIENCE

We need you!

Go to our website and check out the open positions and roles!

## TWITCHY STAFFING

Twitchy is a tigress most recognizable for always having a coffee in hand and a tiger striped fedora on her head. An avid fan of hockey and museums, she is always happy to have a conversation with friends new and old. Be sure to stop by the Volunteers Operations desk and say hi!

**LILITHE**

# CHARITY AUCTION

## Charity Auction

Sunday March 20th, 2022 at 2:30PM located in Frontenac Ballroom

Each year, we hold an auction of donated items to help support our chosen charity. Donations can come from dealers and attendees alike.

### Donations

We are encouraging donations of services. The silent auction component will not take place this year. Certain items will be available for bidding online.

#### What We'll Accept:

We are generally willing to accept any item or service that will be of interest to our attendees in the auction. We especially encourage the donation of unique and creative items and services that are related to the furry fandom and community, or to our Retro Rewind theme!

#### We will not accept:

Items that are heavily used, damaged, or dirty – this is for health or safety reasons.

Do not donate items that violate our Code of Conduct, are not owned by you, are illegal to own, or promote illegal or unreputable activity.

Goods or services of an adult nature may not be placed in the voice auction. They may be presented in the virtual auction at the discretion of FE staff.

### Voice Auction

Bids are placed by voice or by raised hand (the auctioneer must acknowledge the bid).

Once the auctioneer declares the item sold, the sale is final and binding upon the donor and the buyer (the last valid bid received).

All items will be available for pickup and payment at the voice auction (all major credit cards are accepted; we are discouraging cash). Buyers who fail to pay will forfeit items purchased, and may be subject to other sanctions.

### Virtual Auction (through Galabid)

Items will be presented as listings on the Galabid service. Attendees will need to register on Galabid.

Attendees place bids through the Galabid service. Each bid must be higher than the previous bid.

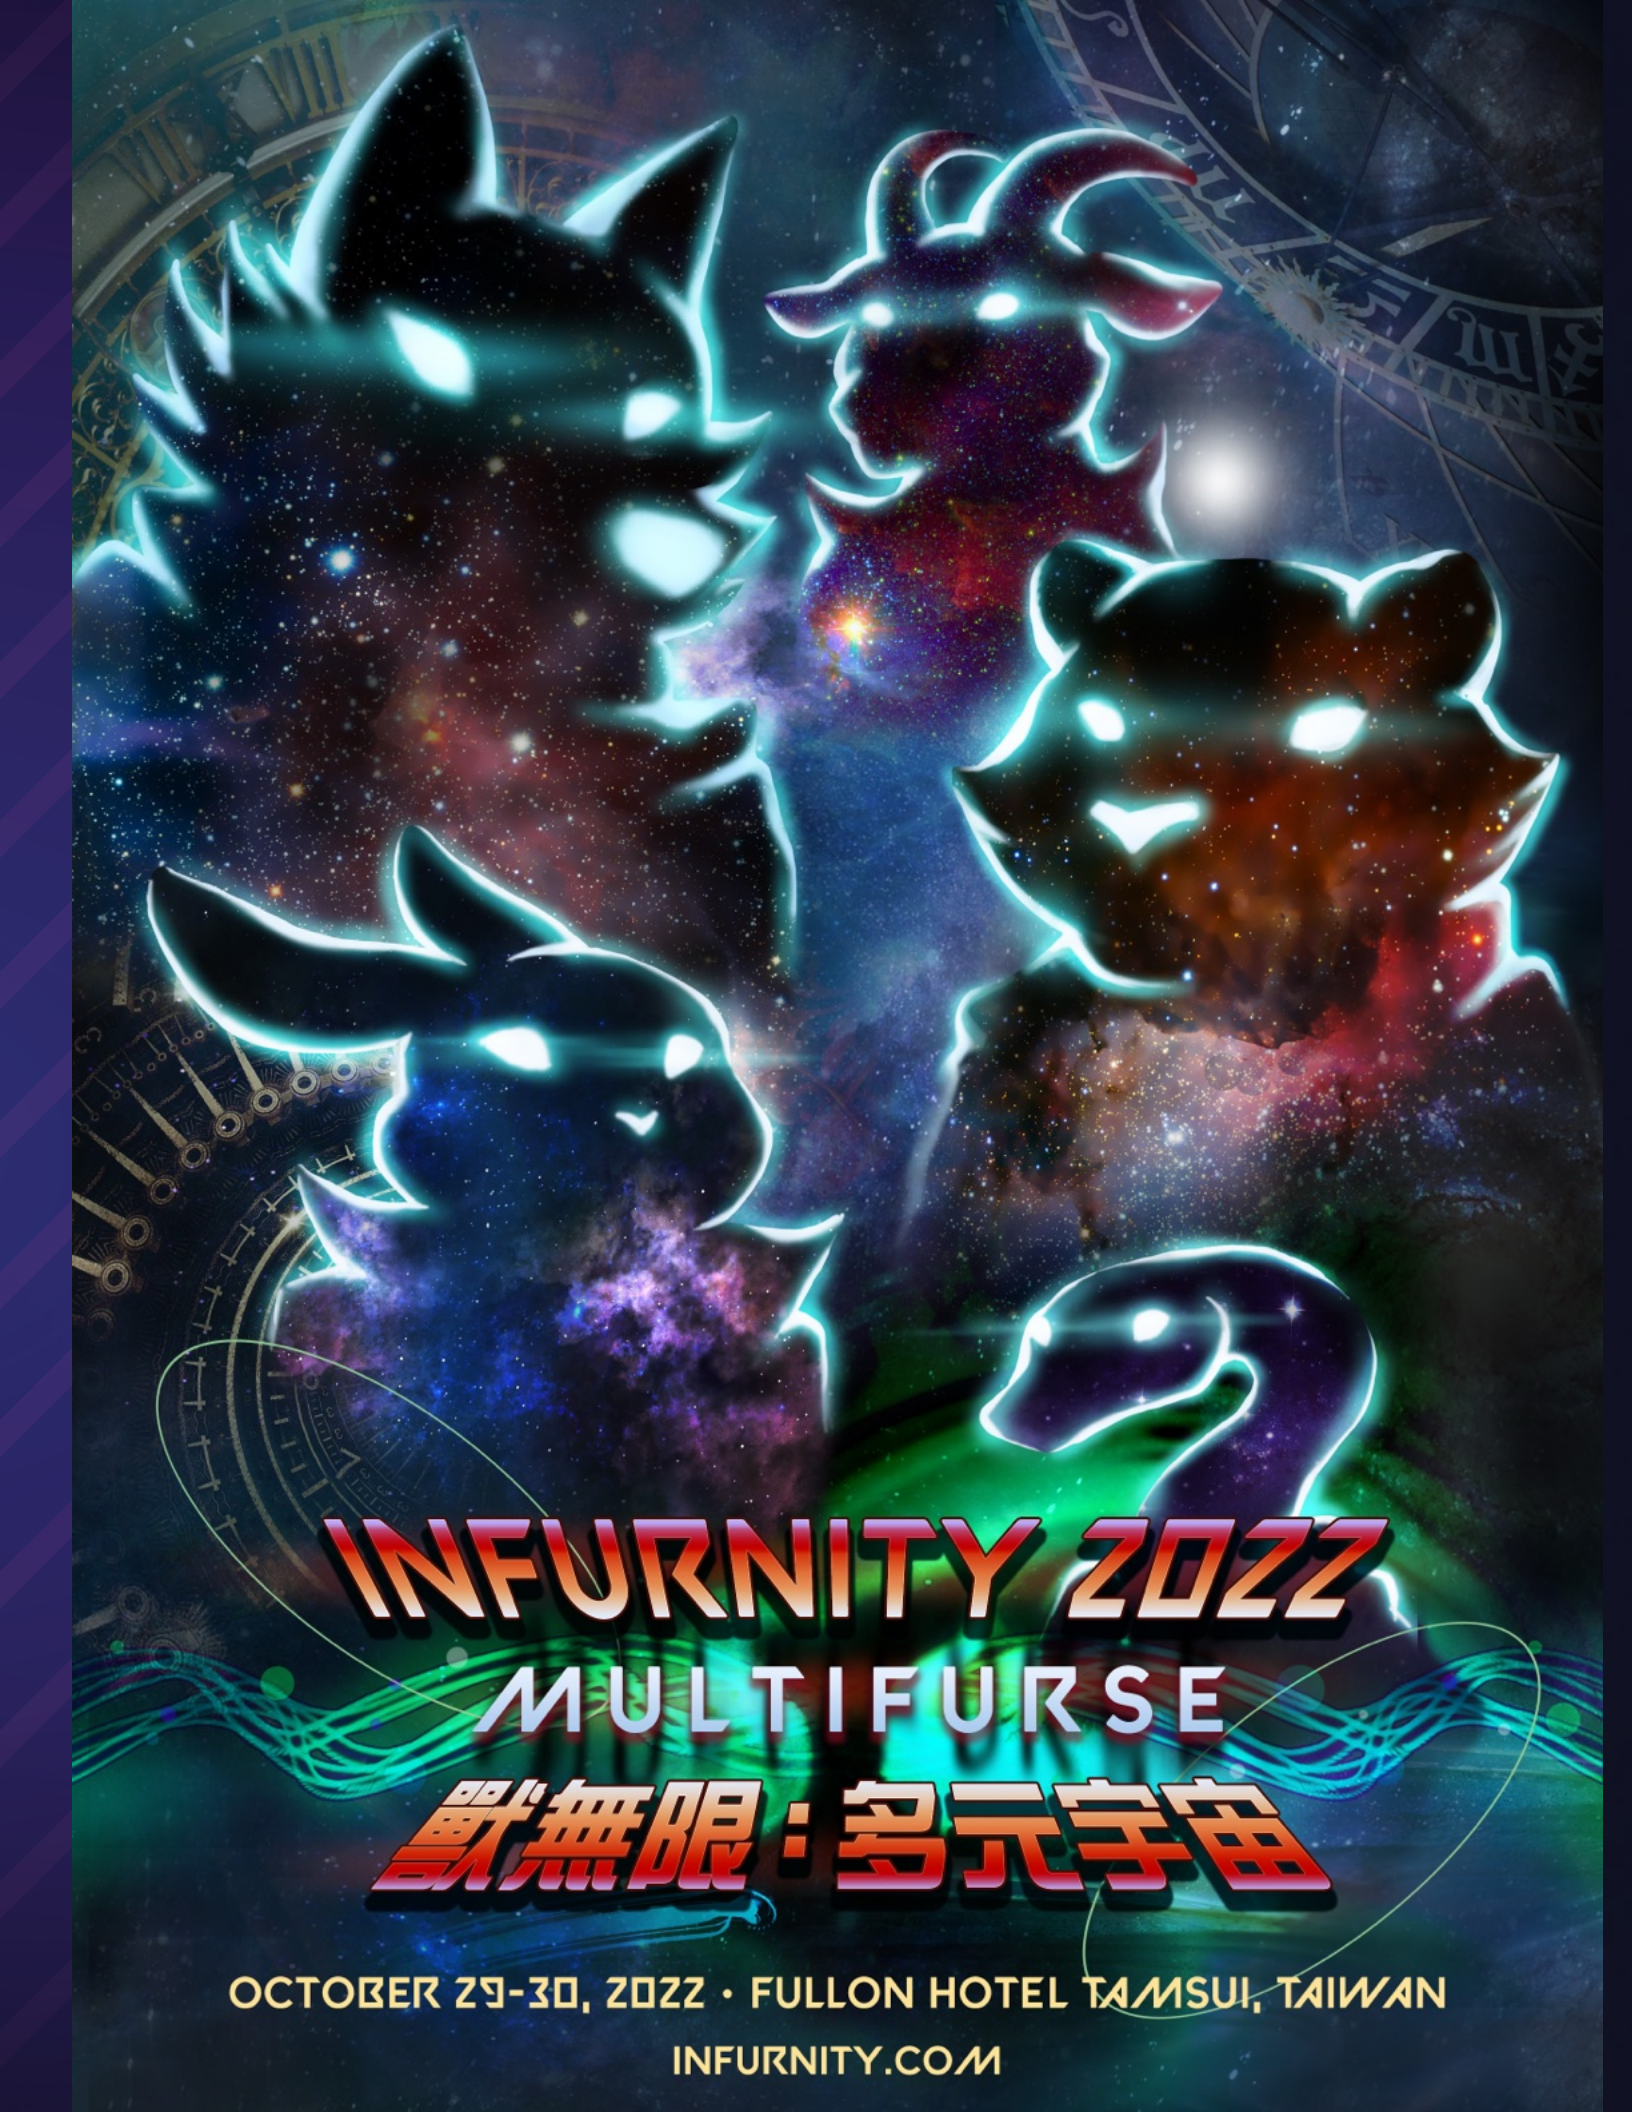

When the time allotted for the auction expires, the sale is final and binding. The winning bidder is the highest bid listed when the auction closes.

The buyer may make payment through the Galabid service. Buyers who fail to pay will forfeit items purchased, and may be subject to other sanctions.

The background features a cosmic scene with a colorful nebula in shades of purple, blue, and green. Overlaid on this are the glowing, neon-outlined silhouettes of five zodiac animals: a cat at the top left, a goat at the top center, a tiger at the top right, a rabbit at the bottom left, and a snake at the bottom right. In the background, there are faint, circular patterns resembling zodiac wheels or constellations.

# YOU'RE IT

The cityscape was surreal, dull brick framed with white and yellow neon, The streets between the buildings were covered in water, the rain disturbing the puddles and casting shards of reflected light in all directions. No sun or moon was visible in the sky, just the glowing frames of buildings.

Skulking around one building was a wolf in an outfit trimmed with bright red neon. Normally that wouldn't seem to be a good outfit for stealth, but with all the rest of the lights, it didn't matter much.

There was a brief ping from the heads-up display inside his helmet. Sparing a quick glance upwards at the female blue-suited figure atop the building, he dived across the roadway, deliberately kicking up splashes in the largest puddles to confuse any visual tracking systems, rolling back to his feet and dodging a couple of shots before getting around the next building to be safe.

He was having the time of his life.

He flicked open his mic. "Red leader to Red two, have spotted Blue team."

There was a brief sigh from the other end of the connection at the chosen code names. "On my way. Coming up Bravo from Fourth." Sure enough, there was the sound of a motorcycle racing up the road from behind him. The wolf got a wicked grin on his face. "Head past us up to First, then cut across to the alley between Charlie and Delta."

"What are you up to?"

The motorcycle zipped past, a spokeless machine also trimmed in red neon. As the blue figure popped up from the last rooftop to take a shot at the motorcycle, the wolf dodged out from behind the building and took a shot back. The blue figure leaped into the air to avoid the attack, then jets lifted her up and carried her across the road towards the building the wolf was hiding behind. He quickly ducked for other cover under an awning.

"There's a parkade at the end of the alley, with a ramp on top. Hit the ramp at speed and you can clear the rooftops and get a shot in at her yourself. I'll lead her into position."

"Ahh. One of THOSE plans."

The wolf ducked out from the awning, firing a couple of shots upward to get attention before dodging across the back alley and heading over to the next building. He could hear a couple of shots behind him, and jet boots again.

"What's that supposed to mean?"

"Never mind. You're in position?"

The wolf ducked under a windowsill, and splashed a bit of water out. He was rewarded with a shot that hit the street just slightly past his foot.

"Yes."

The motorcycle revved up, and shot off the top of the parkade, flying

surprised she left a god-mode character in there for herself."

Sandy's eyes got wide, and he stood there for a few seconds almost quivering but not saying anything. Before either of the skunks could speak up, Sandy said, "I'll be right back!" and ran out of the room as quickly as he could.

Tom groaned and dropped his head into his hand.

"Where's he going?"

Tom grumbled muffledly. "Probably to find something for Melissa to autograph. I did say he was a serious gaming nerd. There's a reason I didn't tell him who she worked for."

# CONVENTION SERVICES

We want you to have a great time at Furnal Equinox and this is why we put certain things in place to make your weekend awesome and worry-free!

There are three Fursuit Lounges where fursuiters can have a breather. There is water as well as seating. Situated in Dockside 4, Pier 9 and Queens Quay 1.

You will also find three sensory rooms around the convention grounds. The rules are clearly indicated at the entrance of those rooms, please be respectful and mindful of others. They are situated in Dockside 6, Pier 6 and Wellington.

Gender Neutral washrooms are available at various marked washroom locations around our con space.

Nous offrons aussi de l'aide en français. Vous pouvez demander à nos bénévoles ou venir directement au centre d'opération (Dockside 9) du côté de l'hôtel, au sous-sol. Vous trouverez les heures d'ouverture du centre d'opération plus bas.
