ROBOT APOCALYPSE!

HOTEL ARMADA • 14-15 DEC

THE RESISTANCE NEEDS YOUR HELP

The Robot army is rising, threatening to enslave all of furrykind. Join us and fight back against their tyrannical rule! As a new recruit, remember to read this manual thoroughly and keep it on you at all times.

FURUM is bigger than ever, as we expand the conspace to occupy two floors. Along with familiar activities such as the Dealer's Den, Photobooth and various panels, you can also mingle and trade art down at the new Artists' Alley, or visit the Art Contest and vote for your favourite work. FURUM 2019 has something for everyone!

The FURUM committee would like to extend our gratitude for your unwavering support. We are proud of the journey we have embarked on with you since 2015, and hope to continue doing so far into the future!

Guest of Honour

Samuel Conway a.k.a. Uncle Kage is a chemist by profession, holding a Ph.D. from Dartmouth and currently works in a laboratory in the Research Triangle area of North Carolina. Within the fandom, he is more popularly known as chairman of Anthrocon, a prominent convention turned citywide festival in Pittsburgh. The event is so celebrated, the local arts publication, the City Paper, changes its name to the Furry Paper for one week of the year, something Uncle Kage is immensely proud of.

Uncle Kage is an experienced raconteur and has performed around the US, in Australia, Germany and the Czech Republic. He is also an unofficial spokesperson of the fandom, and diligently works to dispel misconceptions surrounding the world of anthropomorphics.

He has a passion for writing in his spare time, and got his first big publishing break when his story, "Tweaked in the Head" was included in Mercedes Lackey's "Flight of Fantasy" anthology in 1999. He has since published several more in Ms. Lackey's 2012 "Elemental Magic" and 2013 "Elementary" anthologies, and also in Fred Patten's "The Furry Future" and "Gods with Fur".

During conventions, he likes nothing more than meeting with friends in a bar, except for maybe a bottle of semi-dry Riesling or sake (the latter which, if no older than 6 months, may cause him to follow you home). Moving forward, Uncle Kage says he cannot wait to see what the future will hold for the fandom as a whole.

Our Charity Partner - Katzen Cat Sanctuary

This year, FURUM is proud to support the efforts of Katzen Cat Sanctuary through donations from the charity auction. A no-kill cat rescue center, Katzen was established in July 2011 when two sisters found themselves having to rehome 10 cats after an unexpected tragedy involving a friend.

Katzen believes that all cats, sick or healthy, deserve a chance and actively works to not only rehome cats, but also to educate and raise an animal-loving community. The operation takes place on a large plot of land, with big enclosures that allow the cats to roam and play freely. With plans to setup an in-house vet, the strays will be happy and well taken care of until they are ready for adoption, a process that Katzen strictly regulates to ensure the cats find a perfect home.

Katzen has partnered with many events to raise awareness of the plight of stray cats, such as the ICE Charity Run and Drug-Free Youth Day. The sanctuary also holds open days, inviting visitors to see and try their hands at the daily operations of a rescue center. In the future, Katzen plans to give back to the community through their Katzen Initiative Program, aimed at helping individuals and other NGOs develop sustainable and marketable skills.

For details regarding donation or volunteering, feel free to contact them through their social media:
