This year, our supported charity cause is the Brent Lodge Wildlife Hospital. Located in Sidlesham, only a few miles outside the edge of Portsmouth.

Running since 1971, originally specialising as a bird rescue centre, the hospital has grown significantly, moving to larger premises and for the past few years working on a major renovation and expansion project.

As well as on-site rehabilitation and care, the organisation also works extensively in outreach, education and community engagement, especially with local schools.

With nearly 3000 animals treated and around 100 outreach talks and events hosted in the past year, the staff of Brent Lodge are always busy.

Come and listen to their talk with us on
Saturday from 1:30
