Dralgo Craft

elcome traveller,

We are glad to welcome you to the third edition of Furvester! Since the last year our team has been working hard to improve our little convention based on all the feedback we've received back then. The bar is topped up with cocktails and cider again, the fursuit lounge is stocked to the brim and we've got a lot more panels to keep you entertained during your stay. If you have questions or need any kind of assistance, feel free to ask one of our Crew members. For the first time we've got an official Guest of Honor, a cute blue fox named Saphi. You can find more about him in this con book and of course during the Meet the GoH panel. He is also taking part in our theater this year as a special guest and holding a panel about fursuit acting. And if you're not entertained enough already, Cosmic and Rhubarb are giving an exclusive concert for you!

The Furvester team wishes you a great time and a lot of fun!

INTRODUCTION

The „Alternative Wolf- und Bärenpark Schwarzwald“ (alternative wolf- and bear park Black Forest), constructed in 2010, is located in Bad Rippoldsau-Schapbach, close to the national park Black Forest. It is called „alternative“ because the animals living there are coming from bad and not animal-friendly husbandry. On ten hectares of forest area, ten brown bears, five european wolves and two eurasian lynxes are finding a new, near-natural home.

The animals living in the outdoor enclosure, who often display behavioral problems, have a from humans almost unaffected habitat. For most of them this is the first time in their life where they can please their natural needs. The socialization of the bears among themselves as well as with the wolves and the lynxes helps them to rediscover their behavioral pattern, so that they can gradually overcome their disorders.

With over 80,000 visitors each year, the park is not only a highlight for tourists in the region, but it also contributes to a better comprehension of the three large predators and the necessity of animal-, nature- and species protection through guidances, experience- and educational programs.

How can I help?

During the convention, we are going to collect money for the charity through multiple means. As usual, we will provide charity cans for fursuiters which they can pick up at conops. There will also be a charity booth this year where you can find more information about the charity project, have a chat with the operators of the park and buy merchandise to support them. You will also have the chance to get an animal sponsorship to support the park for a longer period.

MOBILE APP

If you have a smartphone, you may be interested in our mobile app, which is available for any major smartphone platform. It is your mobile guide for when you don't have the con book with you! You can use it as a personalized schedule with reminders for upcoming events (on supported devices) and a handy map to find your way around the event area.

There are two ways to use the mobile app. The first approach is to simply open <https://app.furvesters.org> in your browser. If you prefer a more native experience, you have the option to add the app to your home screen. Your browser might either give you a direct pop-up when accessing the URL, with which you can directly add it.

Otherwise you can open the options menu of your browser and select "Add to home screen". Once the app has loaded the schedule, a permanent internet connection is not required anymore. It will try to look for updates from time to time, but will continue to function even if you are offline.

Badge Game

We have developed a whole new game for this year, so that you'll always have something in your off time! All you need to play is your convention badge. Just look around the convention for our small gray boop boxes, which have a badge sticker on them.

Just hold your badge close to them, and you will hear a boop sound. Depending on the circumstances, you will receive an achievement for your boop. Some achievements are publicly listed in the mobile app, which you can see once you logged in. Others are hidden though, and you have to figure them out by yourself!

Each achievement will gain you one point. The person with the most points will be declared the winner at the closing ceremony. Feel free to share your knowledge with others or play the game just by yourself, it's up to you!

The high score will always be visible once you logged into the mobile app, but for the last day, the first five places will be anonymized, so you won't know if you've won until the closing ceremony. Booping will be possible until the last event on the 31st, after that the system will be closed down for evaluation.

1. Fireworks must carry a CE-sign and the code number Q589 to be allowed to use.
2. For safety reasons it is not allowed to ignite fireworks or other kinds of explosives on hotel grounds.
3. Fireworks must be used according to their instructions. Endangering yourself or other convention-goers with the improper use of fireworks will be brought up immediately with Security and/or the police to discuss further actions that might be necessary.
4. We ask you kindly to keep fireworks away from fursuiters.
5. You may not carry any weapons anywhere on the premises of the hotel or the convention center at any time. In this context, any object which is, according to its nature, suitable for inflicting injuries to persons or animals or to do damage to property will be considered a weapon. This includes items which are legal according to German weapon laws like
 - e.g. Kubotans, pepper / CS spray, alarm guns (even with permit) and any other object deemed too dangerous by Security.
6. All weapon look-alikes, LARP props, replicas, tools and weapon like toys must be approved immediately after your registration on site. Please take them to SecOps for approval. The Security Board reserves the right to confiscate any item not used in accordance with the conditions of its approval, or if an item causes damage or injury to any person or property. Confiscated items will be available for pick-up upon departure or at SecOps on late departure day prior to 11:00.

8. No water pistols, silly string, or any thrown or projectile-type toy may be used inside the hotel without prior written permission from a member of the Security Board.
9. Mock fights, swordplay, fire breathing or similarly dangerous activities are not allowed. Exceptions for staged events may be granted by the Head of Security. Please inquire ahead of time - preferably before the convention.

Clothing and Decency

1. Wearing costumes, accessories or displaying items made out of real fur is not allowed.
2. The fursuit lounge is meant as a safe haven for the fursuiters. Due to limited space, only fursuiters, Directors, Crew, hotel personnel, and one helper per fursuiter are allowed in. Please do not use the Fursuit Lounge as a social gathering place.

ULES OF CONDUCT

Smoking, alcohol and drugs

1. Any individual found to be in possession of or distributing illegal or controlled substances will be expelled from the convention and reported to the local authorities. This includes "legal highs" such as nitrous oxide.
2. Smoking and vaping is only allowed in the designated areas outside of the building. If the smoke or vapor is detectable within the hotel, you may be asked to move. Please respect fursuiters when smoking or vaping.
3. Alcohol consumption is allowed during the convention, but binge drinking and obnoxious behaviour will not be tolerated. Drinking to the point of requiring medical attention is grounds for a Final Warning.

Parties, Events, and Gatherings

1. If you wish to host a private room party and wish to be discrete, you may leave a phone number, room number, and name of a contact person at SecOps. Decency and noise rules still apply, but in the event of a noise complaint or other necessary communication, Security will prioritize other contact methods to knocking.
2. Noise in the hallways during nighttime hours needs to be kept at a low conversation volume. If your room is the loudest in the hallway, you will be asked to quiet down. All noise complaints will be acted upon.

3. Security is required to clear out overcrowded rooms. For your own safety, we recommend keeping the occupancy below 10 in a regular room, or below 20 in a suite.
4. All attendees are expected to clean up after themselves both in public spaces and in their rooms (e.g. after parties, confetti cannons, larger items of trash, etc.). Trash bags will be available at the hotel reception if required.

5. It is prohibited to film or take photos in the fursuit lounge.
6. Other restrictions and rules may apply for certain events, as posted on location. Please ask a Crew member or Director for clarification.

UEST OF HONOR

Meet Saphi

Our guest of honor this year is Saphi, a cute little fox from the Czech Republic.

He's not only widely known for his great performances in fursuit, but also for his other contributions to both the furry fandom and people outside of it. Saphi enjoys doing charity work, which includes visiting sick children with terminal illnesses at hospitals. He's also helping out at ČeSFuR in different departments, may it be registrations, public relations or charity.

Saphi is a regular con-goer, who can be found at many events and conventions, not only within Europe but all around the world. Here's what Saphi had to say about himself:

Hi! My name is Saphi. I'm a blue fox coming to you from the Czech Republic and I'm bringing smiles, lots of them!

I carry a deep passion for fursuit performance and entertainment while portraying my own original character. For several years I've been trying to make the world a (tiny bit) better place not only for furrries, but for general public and kids as well.

I've discovered my own way to achieve this by delivering cuteness and putting smiles on people's faces through various fursuit shenanigans, public fursuit performance, acting, charity work or making silly and cute content.

I see the furry community as an amazing creative place full of wonderful individuals. I've embraced it as my only hobby and my family and I keep trying to do my best to be a contributing part of it.

Find out more about him:
