Welcome, digital pioneers and cosmic creators!

We're beyond excited to kick off Furvester 6 – a five-day adventure packed with fur, fun, and digital discovery in Reutlingen! With over 700 attendees this year, we're back to bring our collective imaginations to life and create lasting connections along the way.

This year, we're supporting a truly special cause: De Poezenboot, the world's only floating cat sanctuary in Amsterdam. For over half a century, this iconic canal boat has been home to stray cats in need, and with your help, we'll contribute to its continued care and success. Keep an eye out for the charity auction, donation-collecting fursuiters, and more, all working together to keep this unique sanctuary afloat.

We're also thrilled to introduce Thabo as our Guest of Honor! Known for his dynamic fur-suit performances and infectious enthusiasm, Thabo brings endless creativity and expertise to everything he does. Be sure to catch him at the Meet the Guest of Honor panel, plus a variety of appearances throughout the convention where he'll share insights, stories, and inspiration.

Furvester is packed with experiences just waiting to happen! Enter the dance competition to let loose, challenge your skills in the cyber arcade, or keep the energy high with nightly dances. There's truly something for everyone here, and we can't wait to see you dive in.

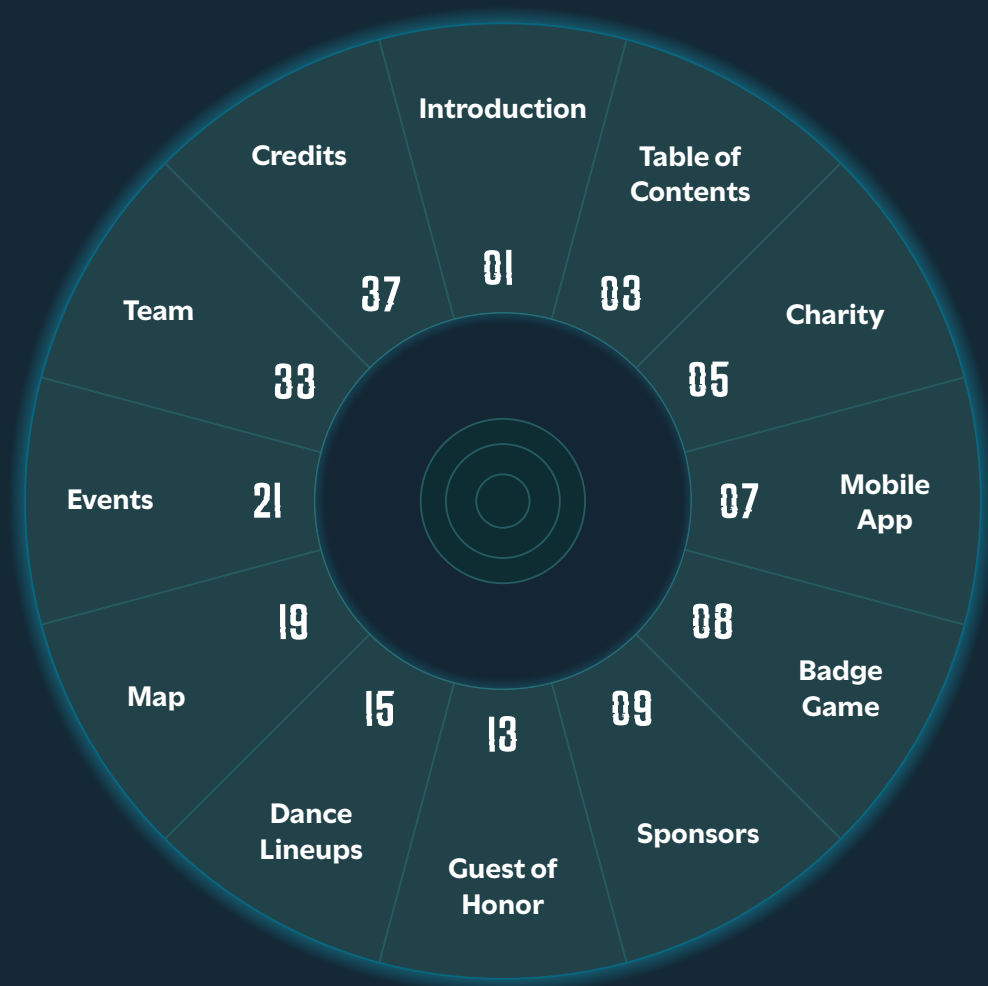

And of course, the Boop Boxes are back! These beloved devices are scattered throughout the con, each one unlocking digital secrets with every badge scan. Keep your badge close, especially around dragons, as they Dream of Endless Flames!

Thank you for joining us at Furvester, where the digital and real worlds collide in a celebration of curiosity, creativity, and community. We can't wait to see what you'll bring to this year's adventure!

See you in the digital realm!

De Poezenboot

On one faithful day in 1966 miss Henriette Weelde found a feline family sheltering under a tree opposite of her house at the Herengracht canal in Amsterdam. She could not bear to see them outside and took them in. But soon after another stray joined them, and another, and soon Henriette became known as the cat lady in her neighbourhood. People even brought cats to her when they were no longer able to look after them, but eventually, her house simply became too small.

And thus the Catboat was born. In Amsterdam many people lived on houseboats in the canals, so why not cats? The very first Catboat was on an old Dutch sailing barge, bought in 1968. The entire boat was converted into a boat worthy of housing her ever growing amount of feline companions. Soon the first cats moved in, followed by their very first volunteers.

It took just 3 years before the amount of felines outgrew the boat, resulting in a second boat being bought and outfitted in 1971. More people were visiting as well! Not just to drop off pets, but to look for their own feline companion. In 1979, almost a decade after loyal service, the second boat was replaced by a Dutch houseboat, known as an 'ark', which was specially fitted to house cats by a shipyard.

On the 3rd of June 1987 the Catboat got their official status as a charity: the "Catboat Foundation", however the old name 'Catboat' (de Poezenboot) stuck with people.

In 2001 one of the boats was sent out for a complete overhaul, to meet all the legal requirements for a modern animal sanctuary, and the renovation was completed in early 2002. After some finishing touches, the boat welcomed it first resident: Little Flower, who arrived at April 3rd.

In 2001 one of the boats was sent out for a complete overhaul, to meet all the legal requirements for a modern animal sanctuary, and the renovation was completed in early 2002. After some finishing touches, the boat welcomed it first resident: Little Flower, who arrived at April 3rd.

At the respectable age of 90, miss Henriette Weelde passed away on May 21st 2005, leaving her legacy to the current owner: Judith. She was involved from a young age, always involved with the Catboat, and she became the main contact when Miss Weelde was no longer able to attend the catboat.

Under the love and care of Judith the Catboat ventured into cyberspace in 2003 but unfortunately in 2006 the second catboat, after a lengthy battle with the local bureaucracy, had to be towed away. For now they have to work with half the space, and this is where we from Furrvester come in!

How can I help?

During the convention, we are all raising funds for our feline friends in various ways. Fursuiters with donation boxes will roam the site, but we will have an information booth as well where you can show your support through buying some merchandise, or make a donation.

Join us for the 'Meet the charity' panel, where you can learn more about this wonderful initiative and at the charity auction you will be able to place a bid on unique items in further support of the Catboat and its volunteers.

App

Mobile App

If you're plugged into the grid with a smart-phone, don't miss our mobile app, available for both Android and iOS. This app is your digital guide through the con experience, tailored for times when your con book might be just out of reach.

With the app, you can build your own customized schedule, setting reminders for must-see events and panels. Need to get your bearings? The interactive venue map has you covered, helping you navigate every corner of the space with ease.

Once you've loaded the schedule, you're set – even when you're offline. The app periodically scans for updates, but it's built to keep running smoothly, even in low-signal zones or offline mode. No matter where you roam, your personal guide is right at your fingertips.

Tipp: If your phone can only scan one QR Code at a time, cover the other with your finger

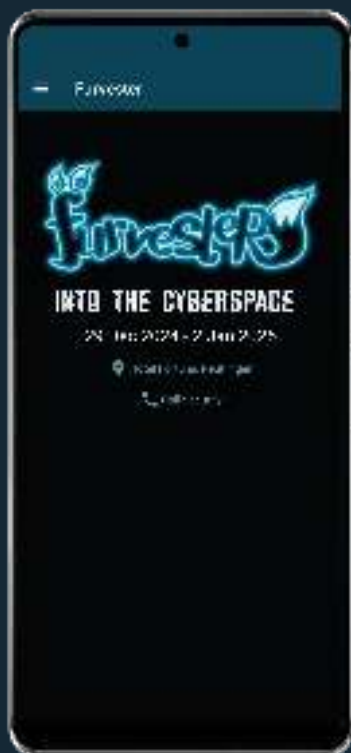

Badge Game

Ready to dive into some extra adventure? Welcome to the Badge Game, your interactive quest throughout the con! With new achievements to unlock, there's always a fresh challenge waiting, whether you're a first-time player or a seasoned pro.

Playing is easy – all you need is your convention badge. As you explore, keep an eye out for our black tail-shaped Boop Boxes. Just bring your badge close to a box, wait for the “boop” sound, and you’ll unlock an achievement based on your location and timing. Each achievement brings different points, and they vary in visibility: some are listed in the mobile app (once you log in), while others are hidden, encouraging you to discover them on your own!

Track your progress in the high-score leaderboard in the app and see how you stack up against other players. Feel free to team up and swap tips or play solo – the game's what you make of it. Booping stays open until the end of the con, but points will lock in right before the closing ceremony, where the top scorer will be revealed.

So gear up, scan your badge, and immerse yourself in the Badge Game!

Guest of Honor

Thabo

This year's guest of honour is not just a mere cat! He is a meerkat! Meet Thabo Meerkat, an artist and event organiser from the Netherlands who has been a part of the Dutch Furry Fandom since its infancy in the 90's!

Here is Thabo's message for you all

Hey there!

Some may have heard of me from my larger than life macro-shots, my art streams or my YouTube series where I cover positive things about the fandom, keeping track of as many furry charities as possible or the events I am organising throughout the Netherlands and beyond! There is even a theme park in the UK where I sometimes drop by to bounce around together with their mascots!

Back in the day, I started a dedicated server for the Dutch community. Back in the infant years of the World Wide Web, that was quite a thing! Back then there were only a dozen known furies throughout the Netherlands, but now there are thousands! Throughout the years I started to focus more on charity related things. I loved how much the fandom was trying to make the world a better place by supporting so many charities. What started out as a one time top 10 video, ended up as the Digging Up Positivity series, where I use my video experience from my years working in the post production sector and showbiz for companies such as Sony and Buena Vista.

I wanted to have a central place where people could go to see all the amazing things we do. Something furs could show to their parents, colleagues or classmates, or other furs!

For many years I have been a big part of the charity team at Eurofurence, with the highlight of last year, where on stage I was video calling with Ukraine, telling them the good news about the money raised, and at NordicFuzzCon we did it again!

One of my passions is charity work. From standing on a platform trying to play 4 in a row with kids at a hospital during the pandemic, or making a video for our current charity, helping them out; I enjoy helping others where I can. It gives me energy to get through the day.

I am so hyped to be this year's guest of honour at Furvester. And I am looking forward to seeing you all! Perhaps do some cool photo edits, some art or fun collabs! Or just say hi <3

Stay awesome!
