Code of Conduct

The following is the summary of the rules and regulations of Golden State Furry Convention (GSFC). For a complete listing, please consult Convention Operations.

The most important rule of all is to *have fun!* This convention wouldn't be possible without you and we want you to have the best experience possible! With that being said, there are a few things we have to get out of the way first:

BADGES AND CONVENTION IDENTIFICATION

The convention badge provided to you at Registration are property of GSFC and must be surrendered upon request. You may keep your badge after the end of the convention.

Please remember to have your badge visible at all times when you are in the convention space. This is your identification when entering events within the space.

By accepting your badge, you are agreeing to abide by all GSFC policies as well as any other agreements that may be necessary.

CONVENTION "RATING"

Golden State is considered "rated" at PG to PG-13 in all public areas.

Exceptions will be made in areas clearly marked as "Mature" rated in the schedule and event areas such as the 18+ areas in the Art Show/Dealers Den.

Any area with a rating above PG-13 will have controlled access and may require display of photo identification along with convention badges to verify age before admittance.

18+ areas will be off limits to minors regardless of parental consent.

GENERAL RULES

No sleeping in any public areas of the hotel or convention spaces.

Attendees are required to follow any reasonable instructions when given by a staff member. If you believe an instruction is not reasonable, address your concerns to the Manager of that

department. Disputes are escalated as necessary, but the decision of the Directors/Chair is final.

Convention spaces are open **ONLY** to registered attendees or visitors being escorted by staff.

Badges are issued only to one person and may not be shared at any time.

Smoking and vaping are NOT PERMITTED in the convention spaces and hotel rooms. There are designated areas for smoking/vaping. Local ordinance mandates a minimum \$1500 fine to the person/persons who smokes/vapes/tampers with a fire alarm causing activation of a fire alarm. This is enforced to the person/persons who cause the alarm or are renting the room where it occurs. This is in addition to any fees charged by the hotel. (Please see full list of rules in Operations for more information or ask a staff member for clarification)

We understand that California 'legalized' the possession and consumption of Marijuana by persons age 21 and older as of November 2016. The Hilton Irvine hotel and Golden State Fur Con ban smoking or vaping marijuana or other substances within convention space and hotel rooms. The Hilton Irvine provides a designated smoking area outside, however all applicable laws apply. Under current California law it is illegal to consume, smoke, eat or vape cannabis in public spaces. Concerning edibles, whatever you have in your room is your business until it becomes the convention's business. Please behave responsibly and remember that giving Marijuana to persons under age 21 is still a felony crime in California.

Pets are not permitted in the convention space.

In accordance with the Americans with Disabilities Act (ADA), recognized Service Animals are permitted. Attempting to falsely claim an animal as a Service Animal may result in revocation of membership and local law enforcement involvement.

Any act of vandalism or deliberate damage to the hotel or hotel property will result in immediate revocation of convention membership.

Hateful, provocative, and harassing clothing articles are NOT allowed. This is included, but not limited to arm/head/tail bands, shirts, pants, fursuits, costumes, flags, props or any other item at staff discretion. Clothing must keep within the PG-13 rating of the convention, but certain

clothing may be worn into 18+ panels or by vendors of 18+ booths provided it is covered up while in public areas.

Merchandise sales may only be performed in the Dealers Den, Artist Alley, or any area similarly designated by convention staff and only by parties who have prior arrangements with the convention or hotel to conduct business.

HOTEL AND ROOMS/PARTIES

The person named in the room reservation is responsible for anyone staying in the room and any damages that occur.

Signs may be posted to hotel walls, hallways, or elevators of the hotel. However this must be done with paper or 'painters' tape to prevent residue being left on the walls.

Room Parties are allowed, but noise must be kept to a level to not disturb other attendees during night hours. Doors to hotel rooms must be kept shut.

Noise complaints will receive a single warning from the hotel staff.

The member hosting the party is responsible for cleanup. Housekeeping will ONLY clean up bagged trash.

Room parties hosted on the designated party floor are subject to different rules. Please see operations for any questions regarding party floor parties.

LOST AND FOUND

Lost and Found will be maintained in the Convention Operations Office. If you lose an item, check here first. A report can be filled out describing the item and contact information must be left.

DRESS CODE

Collars and leashes may be worn, but persons cannot be lead around by them in public areas.

Public exposure of bare breasts, buttocks, or genitals is not permitted.

Full-body fursuits are an exception (fur covers all!), but may not reveal genitals, buttocks or breasts.

Fursuits are not permitted in the pool or hot tub.

HARASSMENT/ASSAULT

All reports of harassment/assault are taken very seriously. If you witness or are the victim of

harassment or assault, report it to Convention Operations or CRT immediately. If you are in immediate danger, it can be reported to hotel security as well.

It is not the job of Golden State or Corgi Events LLC to solve your interpersonal problems. GSFC is not able to prevent attendance of person(s) unless the pose a specific, credible threat or have a criminal history of conviction of crimes which may pose a threat to the convention or its attendees.

If an individual stalks, harasses, or attempts to assault you at the convention, report it to any member of the CRT staff. All matters reported are dealt with seriously and may become a criminal matter depending on the severity of the report.

Responsibility for settling personal disputes lies solely with the parties involved and any relevant authorities.

WEAPONS

Real weapons of any kind are not permitted in convention spaces regardless of any permits for concealed/open carry of such items. This is including, but not limited to firearms, tasers, stun guns, OC (Pepper) spray, knives with 4" or longer blades and swords.

Magnetometer wands and other checks may be performed randomly by the CRT to ensure compliance with this policy. Any violation will result in law enforcement being contacted and badges revoked for the duration of the convention.

Reasonable facsimiles of firearms are also prohibited in convention spaces. Prop weapons are allowed but must have no sort of "firing mechanism". If you have something you wish to submit to CRT for consideration, please bring it to CRT staff before wandering the convention

SUBSTANCE ABUSE

Sale, distribution, use or possession of controlled substances will not be tolerated at GSFC. Anyone violating applicable laws will be immediately ejected from the convention, membership revoked, and law enforcement contacted.

The above does not restrict the authority of the convention to remove or add any necessary policy or procedure at any time without any prior warning. Any modifications to these policies or procedures will be accompanied by immediate notification via social media and the convention website whenever practical.

Guests of Honor

FOXES & PEPPERS

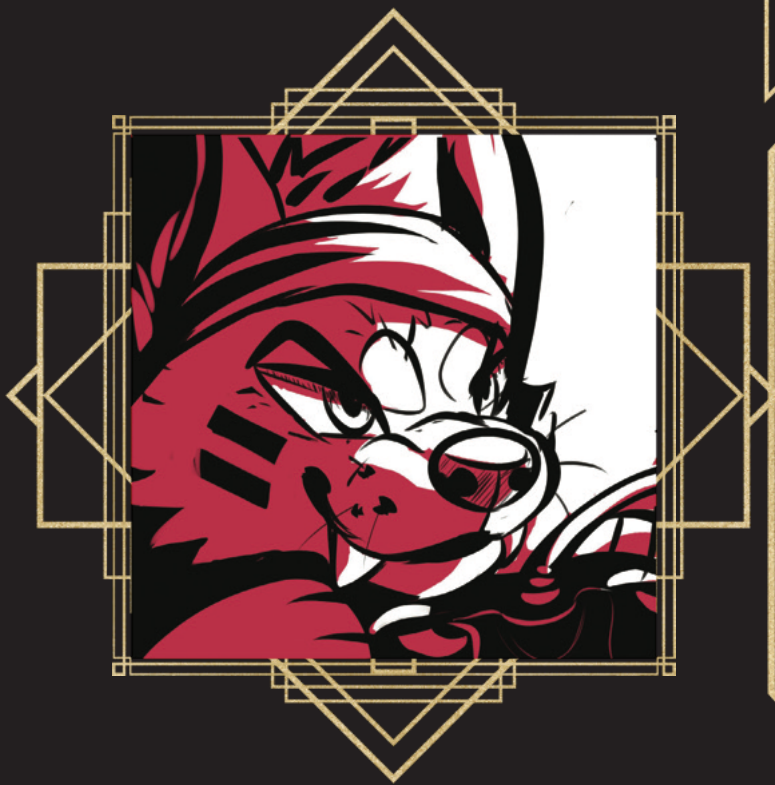

Fox Amore (Iain Armour) is a pianist and composer from Scotland. He started playing the piano at age 5 and professionally at age 14. In the past 18 years of playing and composing Fox has composed and recorded two albums both with a live orchestra and choir at Abbey Road Studios, played at the famous Cavern Club, released seven studio albums, and collaborated with many others.

Pepper Coyote (Jared Clark) lives in Arizona and has a degree in music education and is a choir and music instructor. Pepper started performing classical music at age 5 and continued until he reached age 16 when he joined a band and focused on the pop/rock genre. Pepper has recorded eight albums, some independently and others with his band Look Left.

Together, and as individuals, Fox and Pepper have performed world wide with concerts in Europe, Australia, Canada, Singapore, South America, Dubai, and the US. They debuted their first collaborative album in July of 2016 at the David L. Lawrence Convention Center in Pittsburgh.

PULEX

Pulex is a rad jackal that has been drawing art for the fandom since 2014. They enjoy helping people get started in the fandom by creating reference sheets and stickers!

MISCHIEF MAKERS

Bongo has been making fursuits for 10 years and absolutely loves that she gets to have such a creative job. She started the Mischief Makers as a hobby and it has grown into an incredible family of fun loving people, all over the world.

2019 Charity

JUDITH A BASSETT CANID EDUCATION AND CONSERVATION CENTER

Healing animals and humans through conservation

The Judith A Bassett Canid Education and Conservation Center is a not for profit organization (501c3 charity) located in Santa Ysabel, CA. The center is home to the famous Russian domesticated foxes and is focusing on the rescue and conservation of Primitive Dogs (New Guinea Singing Dogs, Carolina Dogs, etc). They partner with canine shelters, rescues, and animal assisted therapy organizations, as well as experts in genetics and canine cognition.

It is the world's only non-profit center that has primitive dogs and the Russian domesticated foxes – two animals that are key to understanding how animals have become domesticated – and allows people and researchers a chance to meet and interact with these amazing animals.

They utilize different types of canids to provide programs to individuals with conditions where healing with animals has been shown to improve a disease state or condition. Many of these animals will be rescued from shelters through our collaborations with these organizations, which will give them an opportunity to help themselves by helping people.

The Center also offers interactive educational events with their Ambassador animals. They have events at the center and off-site, allowing the public to have interactions with some very unique Canids and obtain a better understanding of them.

Through understanding comes appreciation and through appreciation comes conservation.

The JAB Center strives to offer unique solutions to aid in the conservation and the promotion of the general welfare of all canids. By utilizing the latest research from academia combined with novel approaches found in the business world, they hope to change many of the paradigms that currently do not fully address many of the problems faced by canids.

GSFC Staff

Thank you to every staff member and volunteer who put all the work into the first year of GSFC to make it happen. We wouldn't be here without you!

Come to the Rabbit Hole meet and greet where you can meet lots of other rabbits, hares, and bunnies. There will be an Easter basket full of candies to share and everyone can mingle. Hop on over and dig into the Rabbit Hole!

ROAR: RESILIENCY. OVERCOME ADVERSITY. REFLECT.

AURELIUS SPOTTYCUS

Saturday, 6-7pm, Panel 1

ROAR is a new approach and initiative that focuses on training our brains to ultimately overcome trauma from past and present experiences that are controlling a victim's life. I want to offer emotional support through awareness and education on how each individual can cope with their suffering.

(continued in next column)

I have a wealth of information for victims of domestic violence. There will be handouts available and a support Telegram channel dedicated to my cause.

WRITING AS YOURSELF

VELLI WOLF

Saturday, 1-2pm, Panel 2

Writing can be therapeutic, but it can also drive people crazy. What can make writing difficult for some? Is it trying to write for personal rather than commercial reasons? Maybe someone feels like they need to boil the ocean and write a bestseller overnight. Writing comes in many flavors, but not everything has to fill a paperback. If you've been hesitant to work on writing projects, this panel is for you.

YOUTUBE AND IG FURSONALITIES

Sunday, 4-5pm, Poolside Terrace

Learn how to grow your social media presence. Non-hosted meet and greet; see page 25 for instructions!

Meet and Greets

Hello and welcome to Golden State Fur Con! Thanks for attending our first year! We hope you're having a fantastic time!

So you've found yourself at a Meet and Greet panel. You'll notice that these panels may or may not have a designated host. The purpose of a meet and greet panel is to meet other people who share a common "thing"! That thing could be that your fursona or characters share the same species, or maybe you share a similar hobby, or interest! You might be new to the fandom and just want to make some new friends, or you've been around a while and want to share some insight and stories with other likeminded furs! So here's just a few tips on what to do at a Meet and Greet:

STEP 1

Introductions! Go around and everyone should introduce themselves, you can give your real name, or fandom name, whatever you prefer people call you. Briefly tell everyone a little about yourself in relation to the topic of the meet and greet, ie: how long have you been into a certain hobby, or if it's a species panel tell the group about your character, or your passion for the animal.

STEP 2

Just start talking! Take turns telling stories, or asking questions about the topic at hand. If you're talking about wolves, maybe discuss their conservation or interesting facts about the animal, or even just why you like being a wolf! If the topic is photography ask questions like how you can achieve X with your photos, while doing Y.

No really, it's that simple! The sky is the limit, and as long as everyone keeps talking, it's a successful panel! Hopefully at the end of the panel you have a new friend who shares a similar interest as you!

When the meet and greet has ended, please do your part to make sure everyone has cleaned up after themselves, so that the next meet has a nice clean space. Also do try to be mindful of the time limits set, and if another group is waiting to use the space to start their panel, wrap things up!

We hope you have fun, and thanks again for making our first year a great one!
