I'm also represented by my friends, the Rainbow guards Solar Flare and ChuggleDBuggle, as well as Twink, the pet rainbow monster. Whether at a con or through my content, I strive to remind others to look out for the rainbows, they will make you smile.

A personality who loves to entertain his audience, Bobby can often be seen walking around in his signature suit and tie, or cosplaying as 'Stratus Skyline', a reporter for ZBS News. Hosting writing panels or workshops, he hopes to bring some of what he's learned over that OH GOD WHY length of time to help fledgling writers.

CaptainHoers

CaptainHoers came a very long way to give you their opinions on cyberpunk, point out art they did at some point in the last 14 years that they weren't expecting to find here, and tell raggedy tales about the European con scene, be nice to them they're jet lagged.

The organization promotes whole-person wellness and equips young people with the tools they need to make healthy decisions, avoid substance use, and overcome mental health challenges.

Youth180 focuses on a holistic approach to treating our young people and their families, identifying any trauma or underlying issues that led to the use of substances, helping them make a "180" turn in their lives. They are one of the few licensed adolescent outpatient treatment centers in Dallas providing trauma-responsive counseling, prevention, intervention and education services. These services are provided to youth and young adults age 5-25, regardless of economic or insured status.
