CONCHAIR MESSAGE

Welcome to Little Island Furcon 2025!

Whether you're here for the first time or coming back for another round of LIFC, I'm glad you're here. I hope over the next 2 days, you get a chance to reunite with old friends, make new ones, and dive into the colourful and cosy community of LIFC.

It's hard to believe we're here again. Despite being a young convention, LIFC has been through a lot. From humble beginnings at Oasia Hotel Novena in 2019, to a pandemic that gave rise to LIFC Online, and a change of leadership, we've found our way back to the in-person events that we first started out with.

The LIFC community exists beyond the events we organise. It's a community that we find our way back to, despite obstacles over the years. A community where friendships bloom, creativity thrives, and everyone can find their space to express themselves.

LIFC is a dream brought to life by the passion of both the organising team and the community. Everyone brings something to the table: panellists and the experiences they share, dealers and the creativity they showcase, the LIFC team and the ideas they bring to life. Even if you feel like you're not doing much, you're bringing life and energy to LIFC by just being here.

The passion that we share makes LIFC more than just a convention with a hotel, a schedule, and a huge amount of logistics. It's in the little things. The artist who stays up late finishing badges so attendees can wear them proudly. The volunteer who goes the extra mile to help someone out. The event hosts who do a little extra to make their activities more engaging.

As we kick-off LIFC 2025, I hope you feel the passion of the community, and share your passion with us. This convention is a reflection of all of us—our creativity, our spirit, and the connections we make along the way. Thank you for being a part of this journey, and for making LIFC what it is today. Enjoy the weekend ahead, and let's make it unforgettable. Thanks for being here!

FURSUIT PHOTODEX

We've been there before: you take a picture of a fursuiter during a convention, but when you want to share it with them, you can never find their contact!

The PhotoDex returns this year! After taking a picture of a fursuiter, scan the QR code on their fursuiter badge (or tap it as an NFC badge) to upload it to the PhotoDex. Your name and socials can be set so that the fursuiter can find and credit you.

All the fursuit photos will be available at lifc.pw/photodex. You can also upload your photos there and tag the respective fursuiters even without their QR codes.

GUEST OF HONOUR

CYANROLL

Our LIFC 2025: Retro Arcade Guest of Honour is Cy! As a kid, Cy has always enjoyed drawing. Akin to a tanuki, he has shifted from form to form, from a programmer to a freelance artist. Inspired by comics and peers who practised the craft, Cy became an artist and aspired to publish his own! Starting with animation work in the studio, he developed his skills while self-publishing comics at local conventions. Now, he makes a living doing freelance work.

Through his journey as an artist, Cy has worked in different mediums from animation to books and then to games. He is also the illustrator of the graphic novel "Aswang High".

Come meet him at the Meet the GoH panel, his booth at the Dealers' Den, and all throughout the convention. Don't be shy and come say hi!

OUR CHARITY PARTNER

Love Kuching Project

Loving the cats in our lives and neighbourhoods

Love Kuching Project was established in 2013 as a shelter for sick and injured cats, starting in our founder's home before moving to our premises along Joo Chiat Road.

We have two main arms: Foster Care and Outreach.

Scan here to see a video of our operations!

Foster Care

Our Foster Care arm specialises in medical and palliative care for cats, a niche few organisations in Singapore cover. We handle cases requiring medical support from oral medication to sub-cutaneous injections. Volunteers are meticulously trained and guided by veterinary professionals. We also consult both western and eastern vets and incorporate supplements, all to emphasise quality of life for our medium-to-long-term residents. Volunteers develop a unique empathy through end-of-life caregiving.

Outreach

Our Outreach arm leverages the well-documented benefits of animal interaction. We partner with organisations like Ren Ci Community Hospital and NUH to run regular cat-therapy sessions. Social cats owned by our volunteers bring brief moments of joy and healing to patients. Through Outreach, we aim to benefit vulnerable groups with the innocence and comfort only animals can offer.
