Hay everypony! We sincerely hope you enjoy your time at NeighCon. NeighCon represents a collective of some of the most talented ponies around our everlasting fandom. Our goal has always been to provide a generational experience for our strong community and highlight the harmony between us all. NeighCon is our undying love-letter to this vibrant fandom we know will stride for years to come. This has been my passion project since its beginnings and I hope its unique offerings finds each and every one of you well!

Yours,
Estonia
Chief Executive Pony

I am honored to serve as a vice executive of Neighcon. Ponies has helped me so much over the years. Reducing the stressful emotional moments, silly poses making me smile, coming out of my shell and helping me find my personality that couldn't shine in past friend groups. I owe so much of my happiness in life to these silly little cartoon horses so will continue dedicating much of my free time loving and promoting their positivity. Here's to continued years of horsing around!

Gilliam
1st Vice Executive Pony

Greetings everyone! I welcome you to our humble little pony con and to be a part of something new with a familiar feeling. We welcome you all to be with us in a historically important area to the bronny fandom for a brand new pony con to celebrate the many years of the bronny fandom. Sure the show has ended and many people have moved onto other things, let us still come together to a common goal of celebrating the show and its values of more than just an enjoyable cartoon. Let us enjoy and celebrate the many wonders of what the fandom has created from music, art, animations, stories and many more! Community, love, creativity and of course friendship, all are founding features of the bronny fandom and we should always remember that we are more than just a fandom that we are a way of life that has changed the world and people alike. Let us give another opportunity to have fun with others and celebrate the bronny fandom! Be good to yourself, always!
