AKEN32

Letter From The Chairman

Welcome to Cirque du Nord.

Step right up! Dust off your whiskers, fluff your tails, and prepare to gasp in awe - because NordicFuzzCon is back! This year we have an amazing line-up for you: from a magician and circus spectacle, to our amazing Nordic Opera, hardrock metal by Grimner, the science of what makes us furries, well... furries by Furscience. And of course our second venue, Valhalla, is back with more events will be happening there.

For one glorious week, the mundane world outside fades away - regardless of the weather cat's current mood - and inside the ring you'll find acrobats defying gravity, jugglers keeping far too many things in the air, clowns causing intentional chaos, and performers of every stripe, spot, scale, and fluff level imaginable. Some acts have been rehearsed for months. Others... well, some just happen when you put enough furries in one place.

Whether you arrive as a daring ringmaster, a mischievous clown, a majestic beast, or something that defies all known taxonomies, you are part of the fun. The laughter, the creativity, the late-night conversations, the hugs - all of it forms the magic that makes this circus come alive.

Behind the scenes, a small army of STEW members has been juggling schedules, taming logistics, and occasionally pulling rabbits out of hats to make sure the lights come on, the music plays, and the popcorn doesn't catch fire (again). We do it because this community is worth it - because NordicFuzzCon is more than an event. It's a tradition. A reunion. A safe space where being yourself is not just allowed, but celebrated.

So take your seat, or jump into the ring. Applaud loudly, laugh freely, and don't be afraid to make a little mess. Circuses are supposed to be a bit chaotic - much like trying to catch an elevator in Clarion.

On behalf of the entire STEW: welcome home, welcome to the madness, and welcome to **NordicFuzzCon: Cirque du Nord**.

Now... let the show begin!

2026 Charity: Rått hjälpen

Traditionally NordicFuzzCon supports a different animal related charity every year, and this year is no exception. However this time we are going for a group of animals that is often overlooked. We are proud to present our 2026 charity: **Rått hjälpen**.

Founded back in 2007, this wonderful charity now runs a network of foster homes through Sweden where they focus on taking care of wayward domestic rats and other rodents such as mice, degu, chinchillas, gerbils, dwarf hamsters, and gold hamsters.

After some turbulent years following the global pandemic, the amount of animals that needed help and a forever home grew exponentially, generating many challenges for Rått hjälpen. It is here where we at NordicFuzzCon can come in to help! With our help these volunteers will be able to support existing and new foster homes with high quality starter kits, but also with continuous support offering both food and equipment.

Rått hjälpen works together with various veterinarians throughout Sweden to neuter rats with hormonal issues and genetic defects that would affect the population negatively, regular health checkups, and help with sick and injured animals to make sure that these domestic rodents remain happy and healthy.

During the convention you will also be able to ask questions about this wonderful charity during our special meet & greet with some of the people behind Rått hjälpen. They will also be walking around the venues and attending various events!

The NordicFuzzCon charity team, under the watchful eyes of Mausie and Iris, has various events raising money for our charity like our yearly charity auction for example. Fursuiters are welcome to help too! You can drop by our donation booth for a special vest and a collection box so people can recognise you while you collect for Rått hjälpen!

Medic & Security

Like every year, your friendly neighbourhood medics and security furs are here to make sure you and everyone else have the best con possible! Here are some friendly reminders on how YOU can make your experience better:

- Remember the 6-2-1 rule: Make sure to get at least 6 hours of sleep (or more), 2 meals, and 1 shower a day!
- If you see a fellow congoer who is not feeling well or just sitting by themselves, go up to them and say hi! Ask how they are doing and if they need help - you never know, you might make a new friend!
- And at any time, if you feel bad in any way or think you or someone else needs medical attention, be sure to contact the nearest medic!

Our medics are always happy to help, give out band-aids, water, isotonic drinks, condoms and HUGS to those in need! Together with the medic team, the security team will do our best so all of you can have an amazing con! Please do not ever hesitate to come to us if you have any concerns, big or small - we are here for you.

Valhalla: The Second Big Top

Our second venue, Valhalla, returns to welcome everyone to join in the fun. It is located at Jörgen Kocksgatan 7A which is just a 10 minute walk away from Clarion, or you can hop on our frequent shuttle bus between venues.

Expect the same convention amenities we had previously such as ConOps, Mini Fursuit Lounge, and Restaurant & Bar. You will also find the Dealers' Den, Haunted House, and Arcade again for this year, with improvements from your feedback.

For this year, Valhalla is getting two major additions. We're bringing the **Afterbark events** and **several dance events** to Valhalla!

The Afterbark Festival, Market, and dance proved very popular last year, we're bringing them to Valhalla to provide better space for these events. With the facility in Valhalla, we're excited to add the Arcade into the Afterbark lineup. We hope that you'll enjoy these new additions to Valhalla!

Haunted House

Would you enter into the darkness with your friends not knowing what will come next? Looking for a con experience like no other? Then check out the NordicFuzzCon Haunted House - it combines traditional horror experiences with interactive theatre and live action role playing. Our team of actors and backstage goblins are keen to make your fate unforgettable or at least have a good laugh with your friends. Take a look at the previous years we have run events, and ask your friends if they saw it themselves that year.

Whether you've got floofy paws, claws, hooves or talons, the Arcade at Valhalla Venue is your den of digital delights and tabletop treasures! This space brings the entire fandom together around one glorious goal: having geeky fun with fellow critters.

But where does all the fun come from? The arcade cabinets and pinballs are rented from Pixel Arcade that otherwise runs an arcade in Malmö every Friday evening. They have to be transported every convention to Valhalla for your fluffy paws to play around with.

The bulk of the consoles, videogames, and odd controllers are from STEW members' personal collections. With some donations from appreciative attendees and support from NFC in keeping the fine curation of gaming history maintained and ready for more arcade rooms.

Some staff dedicate their spare time before the convention to set up Retro Computers to be able to run original MS-DOS games, famously Jazz Jackrabbit. This involves using the Command Prompt and a certain amount of knowledge of DOS. In regards to console games: sometimes there's trouble involved if the cartridges don't run out of the box. Then they might need a cleaning.

Not just electronic games, some furies gather board games, trading cards or Tabletop Roleplaying Games and their knowledge on how to play them to the gaming area.

There's a lot of collective work and experience put into the arcade. Nevertheless, it's a fiddle to make it work, but we will!

Fursuit Parade

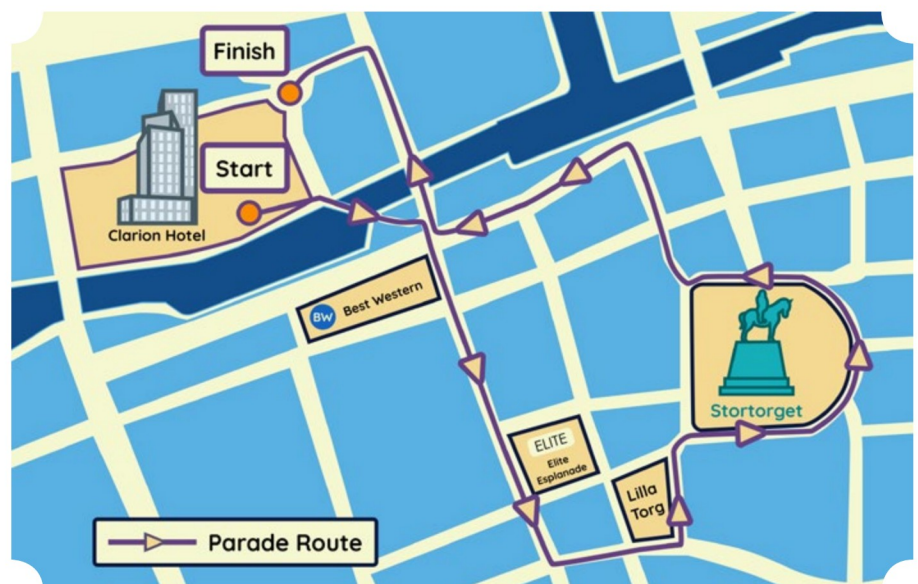

The Fursuit parade will be on **Saturday at 12:30**.

The map of the parade route can be found online at nfuzz.com/parade. Please check it for updates and information in case of any unforeseen circumstances, change in the route, or the parade gets cancelled due to weather.

Parade Tips & Tricks:

- Do not bother the Police officers, they are there to regulate traffic for our security.
- Check out the route before the Parade starts to make sure you can walk the whole route.
- Make sure you are well-hydrated before the parade!
- Bring a fursuit handler, unless you are sure you can go without one. Though we will have security and volunteers to help make the parade safe for all, you should have a fursuit handler with you in case you feel like you cannot finish the route and need someone to help you back. Handlers can also help you keep track of bystanders trying to get your attention for a photo. Pssst! Handlers can also take nice personal parade pictures for you, and help you carry something to drink so you stay hydrated.
- Please do not stop for extended periods during the parade. It is nice to pose for a picture, and give bystanders a hug. But please be considerate to avoid the risk of splitting up the parade or slowing the parade down.

**Planned parade route, subject to change*
