

Norse Horse Con 2026

WELCOME TO NHC 2026

Helluuuuu everypony,

If you are curious about the con then enjoy this little introduction letter.

Starting with the fact that this con would not be here today without the help of friends, strangers, people who helped spread the word and other ponycons. Norsehorsecon owes everything to those who helped us make this happen. To you as well, dear attendee who bought a ticket, you are one of the reasons why we did this. I personally wanted to make a ponycon in the Nordic region to breathe some life into the Nordic part of the brony fandom and also let newer fans see the wonderful community that is the MLP fandom.

Our Origin story starts the night of 9 of August 2024, it was a discord call in the Nordic bronies server, which is open for all Nordic bronies. We were supposed to watch the cartoon movie Valhalla (1986), but I ask what if we had a ponycon in the nordic? Podbutt (our merchant master) replied "yes that could be fun" soon we had a big group of people joining us and got to work. We later learned how little we knew and to NEVER underestimate government paperwork.

The staff and people who have helped us along deserve more praise and recognition than I can ever give them. They are a living proof of what the show tries to teach kids, that friendship is magic! So when I say please enjoy this con, I really mean it. So many people have been working with one goal in mind, to make an event that gives people memories for a lifetime! We all wish you the best of weekends and a safe fun time!

Also an EXTRA big and heartfelt thanks to all the pony events that helped us make this possible. We couldn't have done it without you!

OUR MASCOTS

SAGA

A hardworking and dedicated pony, she loves sharing stories with her friends, old as well as new.

Her design pulls inspiration from many different Norse roots. Norwegian Fjord horses, Viking braids, and red hair, just to name a few!

Saga's last name is Norddottir and is old norsethat means daughter of the North

DRIFTWOOD DREAM

A seapony with a shy demeanor and an artistic streak, Drifty loves painting nature, both land and sea. He also loves his dear friend Saga, and they seem to enable each other's silly antics!

She makes him feel safe to be social, and he gives her a space where she doesn't have to be "on" at all times!

RONJA

Ronja is a lovely old lady, hailing from a special herd of pegasus snow-ponies in the ancient north. She is the only one left of her ancient heritage, but who knows. Maybe one day, her family will return.

Equestrian Wastelander: Fallout Equestria: The Animated Series

This panel will be about the animated series on Fallout Equestria. It will feature sneak peeks, family-friendly clips from the episode and prologue, a Q/A, and the opportunity for some audience members to act out parts of their favorite characters from our official scripts

How to Design a Character

Celia will entail you all with g5 concept art, and talk about how G5 almost had viking-themed earth ponies. There will be many beautiful drawings to see, and fun stories to hear!

Lightning Bliss AND Maddy: "How to Create Your OC":

Need help in creating your OC? Then this is the panel for you. Get tips on how to get started on creating your OC for the fandom.

Violet Rose: Swap Meet

A chance to trade old or new pony merch for something new! Aimed at small stuff like trinkets, posters, blindbags, maybe some shirts.

PhoenixRedtail: Horse, Frame Us!

Do you think you know every frame from MLP G5? Then why not join in on an audience-involved game of Ponyguesser. Lots of fun to be had!

Concert:

A concert to remember! Featuring amazing songs we all can dance and sing our heart out to. Don't miss the exciting line-up of talented musicians!

WORKSHOPS

AssasinMonkey: Art Jam Together

Want to Jam together with your fellow artists? Then we have a fun panel for you. You can ask questions to established artists, enjoy fun little challenges or activities alone or with the panelists.

Art supplies will be provided for those who don't have their own, including fun extras such as stickers or coloring pages to play around with which you get to keep.

Raven: Paint Your Own Driftwood Suncatchers - Make & Take w/ Raven

Want to make a Suncatcher or charm of Driftwood Dream or Saga Norddottir?

Then this is the workshop for you! The main focus is making a Suncatcher but a necklace or standee is also an option

Rebequela: Crochet a Pony

Want to learn how to Crochet a Pony? Then do we have a workshop for you.

While 2 hours is not enough to finish the entire pony at the con, Rebequela has prepared sheets for you to bring home and finish after the workshop.

August: Linoleum cutie marks

Traditional printing can be daunting if you've never tried it before, so come on in for a speed course in lino art!

There'll be a short introduction to the tools and materials, otherwise it's a very hooves-on workshop.

Mimic: Decorate your keychain

Want to decorate your own keychain? Then Mimic has you covered.

Decorate a small acrylic sheet with stickers, decoden cream, embellish it with beads and other accessories.

Bring your own stickers to decorate with for the most unique results

SCHEDULE SUNDAY

PANELS

StormXF3's Behind The Scenes:

Want to see how Storm brings ponies to the real world or how he animates? Join us for an exclusive behind-the-scene panel with StormXF3

Fuzzy: Fallout, Murky and the Art of Storytelling:

Are you a fan of Murky number seven? Then we have the panel for you.

This panel acts as a place for fans of my stories who have questions about their writing, details and content, as well as for Fallout Equestria fans overall and budding writers in general! It's half talking about the experiences of writing a 1.1 million word story that went big and what goes into that, and half 'general' writing advice and detailing on the ways you can make your story stand out, write unique characters and more than anything... how to get STARTED on planning a story!

Cosplay catwalk:

Show off your Cosplay on stage for the fun of the game

Equestrian Wastelander: Pony Sea Shanties:

Come join Equestrian Wastelander in learning and singing a bunch of sea shanties.

They will teach you how to sing them and then we sing the shanties together like true sailors.

Charity Auction:

It is time for charity! Get your hooves and bits together to help the The Danish Nature Foundation improve Danish nature by creating more habitats for animals and plants, and in giving everyone great nature experiences.

We hope you all will join us and help collect money for this wonderful organisation that strives to help protect and take care of the valuable nature around us! We encourage you to check in and learn a little about this amazing organisation.

Closing Ceremony:

NorseHorseCon has come to an end. We want to gather you all again one last time to sing our last goodbyes and take our last SKAL!!

WORKSHOPS

August: Cross stitch patches

Are you a beginner and want to get into cross stitching, then August is just the person to help you.

Make a small patch that can be worn as a pin or sewn into clothing. August will be going into how to make patterns and the basics on threads. People can make their own designs or follow one of the patterns they have ready

Raven: Charity Collaborative Art Panel- Paint your own Viking banners

Come join in on making collaborative art pieces that will be auctioned off in the charity auction in the form of banners.

Buckley: Design a pony!

Designing a pony by yourself can be a daunting task, but everyone deserves a chance to express themselves! Join us for a session of creativity, where you can use specially made templates and prompts to draw your own pony! This workshop is not about skill, as no prior skills or experience with drawing is required! But there's of course a chance to try your hoof at freestyling, too. Fun is the focus, and everycreature is welcome!

CutePencilCase: ArtFight MeetUp

ArtFight has just started! Let's all meet up in person and work on our attacks and defenses!

If you already have an Arfight profile, bring a printed reference of your character(s), with the character ID included and add it to the hat so we can pick random characters from it.

Rebequela: Move Your Hooves!

Want to give your body the gift of improved strength and cardio, while having fun to some pony tunes? Why not join Rebequela in an easy-to-follow Swedish style aerobics exercise class to music from the show and fandom! Wear comfortable clothes and be prepared to get sweaty.

SPIDlvonMARDER: Games Ponies Play

SPIDlvonMARDER will be bringing part of their collection of various brony-themed card and board games to play. From official games like "Adventures in Equestria Deck Building Game", big fandom productions (TSSFF, Buck Legacy) to self-made card games, like ponified Dobble or Cockroach Poker. Come have fun and enjoy a game!
