# Director's Note

Welcome to our inaugural edition of Reffurence! I am thrilled to write this introduction because it shows as a testament to the incredible support and enthusiasm, we have received from all of you, our esteemed attendees and supporters.

I cannot say it in any different way, but the whole team feels the same, as we gather here in Antwerp to celebrate the first edition of Reffurence, a huge milestone on the start of something new.

I would love to extend my appreciation to all the attendees and supporters who travelled from near and far to join us on this jungle expedition. Your presence at Reffurence will undoubtedly shape memories and new friendships.

All this together is the result of an idea that started back in 2020, a couple of best friends together joking about starting a new convention. And with this book, we want to show you the countless hours of dedication, planning and coordination from our team.

Personally, I hope that all the volunteers, attendees and supporters will have an amazing time during the convention.

**Welcome to the jungle, now let's start the rumble!**

# Rules & Security

To keep the convention a safe space for everyone, we set up some rules that we request everyone to follow.

- 1 Wear your event badge at all times. 
- 2 Dress appropriately for public. You are in a hotel, so use common sense.
- 3 If you are not sure whether somebody wants to be hugged, tackled, pounced, or otherwise assaulted, please ask the person first.
- 4  When drinking, drink responsibly to keep the convention fun for yourself and others.   
*Don't.*
- 5 If someone is bothering you don't hesitate to contact the safety team.
- 6 Film and photography in the fursuit lounge is forbidden. This is a place for fursuiters to change in or out of suit, give them some privacy.
- 7 Similar restrictions may apply for certain panels or events. Please check the rules for these events for details.
- 8 Staying overnight in the event hotel without a booking is considered ghosting. Don't do it. 
- 9 Gatherings and parties in rooms should not generate noise that can be heard in neighbouring rooms during the nighttime hours.

Refusing to follow these rules can lead to getting banned from this and possibly future editions of Reffurence. You don't want that, and neither do we.

You can always reach the safety team by approaching a staff member, the hotel registration desk or conops. Also, the emergency phone number will be printed on your badge and at the bottom of this page.

Additionally we have people trained in first aid. Again, get in contact with the safety team via the aforementioned methods as soon as possible and help will be arranged.
