

The background is a dark, atmospheric illustration of a Halloween night scene. It features a large, bright yellow full moon in the center-left, casting a glow over a dark body of water with horizontal ripples. To the right, a dark, jagged silhouette of a haunted house with several arched windows is visible. Some windows are lit with a purple glow, and one shows a white ghostly figure. A black bat with red eyes is flying in the upper right. In the bottom right corner, a carved jack-o'-lantern with a glowing orange face is partially visible. The entire scene is overlaid with a faint, light gray grid pattern. The title text is centered in the upper half of the image.

Message from our Chairman

Hello attendee which isn't scared easily,

You're still here. Our second edition, can you believe it? Well, I personally didn't think our first edition would be such a success. However, everyone proved the non-believers wrong and here we are with our second edition.

A lot of people asked me about why Reffurence had to change venues for 2024 and the reason being was that the previous venue was undergoing renovations on the con-floor and the rooms. Which was the reason that our previous venue was limited in capacity and wouldn't be able to grow in the numbers that we've done this year.

So, trying to get all the scary wolves, flying bats, the black cats aaaaaand, did I see a skulldog running around the lobby? Well, it's been a huge challenge for our team this year and it's just getting started. And we're starting together with a charity this year! They are absolutely in need of our donations to rescue the birds that are affected by the incidents in the harbour. Don't forget to look on page 22 for more information.

As you might have noticed, all our volunteers are hard at work again to give you the best furry convention possible. And I really respect the work that all those people are doing, in their own time, to help make this convention possible.

If you're still not spooked, or done carving out the pumpkins, you should keep an eye on what's about to happen in 2025. As that might be something big and scary.

Hope you enjoy this edition, and if not, please don't come over to haunt my dreams.

~ Refferic

Rules

To keep some order in the chaos, and to keep everyone happy, we expect you to follow some basic rules. Not following these rules may result in being removed from the convention. You won't like that, and neither will we.

Wear your event badge at all times. This proves to us that you are part of the event and helps us keep the evil people out.

Dress appropriately for public. Don't wear clothes that are too revealing or suggestive. You are in a hotel, so use common sense.

If you are not sure whether somebody wants to be hugged, tackled, pounced or otherwise assaulted, please ask the person first.

When drinking, drink responsible to keep the convention fun for yourself and for others. Know your limits.

If somebody is bothering you, don't hesitate to contact the safety team. They are here to protect you. Find more information about safety on the right.

Film and photography in the fursuit lounge is strictly forbidden. This place is a place for suiters to change in or out of suit, give them some privacy. Similar restrictions may apply for certain panels or events. Please check the rules of these events for details

Staying overnight in the event hotel without a booking is considered ghosting. As much as our theme suggests otherwise, we don't like ghosts, so don't do it.

Gatherings and parties in rooms should not generate noise that can be heard in neighbouring rooms during the nighttime hours. Keep the volume down, so that others in the hotel are able to sleep.

Please be kind to the normies and keep the noise down after 23:00, both in the hotel and outside. The people living in the neighbourhood will thank us. Especially the blue lounge should stay quiet during these times.

Safety First

Safety of our attendees is our top priority. If you ever feel unsafe, please contact our safety team so that we can resolve the issue.

While we don't hope that you'll hurt yourself, in case it happens anyway, we also have an army of first-aid certified people on duty.

Safety and first-aid volunteers are recognisable by the striped lanyards and badges:

At ConOps you can:

- Give feedback or report problems
- Bring and find lost items
- Ask questions

We are ready to help you there!

What to do

You made it here! Now what? We've compiled for you a list of things you can do, at the con and elsewhere in the beautiful city of Rotterdam! You can find a map with some more points of interest in the city a few pages ahead.

The Dance Competition

Paws off the Floor is our beloved dance competition where several dancers compete about who has the best dancing skills. In this musical event, these dancers will come on stage to show their skills, and a jury will determine which of them had the best performance. Come watch and cheer for them, Saturday on the Main Stage!

The Foodhallen

Are you hungry? Right next to the hotel you will find the **Foodhallen**, a big food court that offers a wide variety of different dishes! Here you can try food from a fine selection of local cuisines. The food court offers 12 different stands that you can try, offering dishes such as pizza, burgers, sushi and way more! They are open from 12:00 to 01:00, and from 12:00 to 00:00 on Sunday and Monday.

The Bospoldervos

You may have seen it already, the giant fox with a shopping bag. This statue is the artwork of the Dutch artist Florentijn Hofman. It was revealed in 2020, here in Rotterdam! It's a bit further away from the convention floor, but definitely worth a visit. After all, who doesn't want to be on the photo with a large fox?

The Dealers Den

We would love to invite you to our **Dealers Den**! This year, we have 18 different dealers, each with their own unique creations that you can buy from them! You can find the dealers den on Friday and Saturday in the rooms Bali and Komodo. Are you interested? See page 20 for more information.

The Con Shop

The **Con Shop** is Reffurence's official shop. In our con shop you can buy a variety of interesting Reffurence merch, such as t-shirts, hoodies, and towels. Did you not manage to get a sponsor pack but still want these goodies? Then come find us in the Patio Bar!

The Dance Parties

Friday and Saturday night, our DJs are here to play some spooky beats and tunes for you to dance to. We have got a fine selection of DJs this year. Come go crazy with us, or take it easy, whatever you prefer! For more information about our DJs, check out page 11.

The Snack Exchange

On Saturday, we host an **International Snack Exchange**. During this event, you can try snacks brought to you from various different countries, such as Dutch stroopwafels, Norwegian kvikk lunsj or Finnish salmiakki. If you have brought your own snacks, feel free to join and let people taste your snacks! You can find it on Saturday in Timor.

The Fashion Show

Bring your best outfit and come show it off in our fashion show! All outfits are welcome as long as they're not too revealing. There are no winners or losers, it's just a moment for you to show off your outfit to others. If you don't want to show off your outfit, you're also more than welcome to just come watch! It will take place in Bakboord on Saturday.

The Market Hall

This extraordinary building, named **Markthal** in Dutch, is a residential building shaped like an arch, with a large market underneath. It is one of the most unique works of architecture in the Netherlands. You can find a large market here where you can maybe even buy some tasty snacks, but for the architecture alone it's already worth a visit!

The Kijk-Kubus

You may have already seen them online, the authentic cube houses. They are located here in Rotterdam. One of them is opened as a museum – a so called “show cube” – and you can come take a look inside to see what it’s like living here. Perfect for a little activity for the daytime! Admission costs only €3 per person.

The Charity Booth

This year, Reffurence has a charity: Vogelklas Karel Schot! To raise money, we’ve set up a charity booth! Here you can buy several cute plushies and other cool things, of which all proceedings will go to our charity. Check out page 22 for more information!

Miniworld Rotterdam

We see you, railfurs (and macro furs)! Rotterdam has one of the bigger miniature train stations of the Netherlands. Are you interested in miniature trains? You should totally check it out then! They even have a tiny version of the con space! You get to see everything for just €15.

The Game Room

Need entertainment? We have a variety of arcade games ready for you to play! You can find the game room in Flores from 10:00 to 23:30.

Please be careful with the electronics in there, some of it we borrowed from your fellow floofers and they won’t be happy if we return broken stuff.

The Photo Booth

It is back, our beloved photo booth! Would you like some fursuit photos taken? You can do that here, behind the blue patio! You can make a booking on the booking page, just scan the QR code on the right!

Our Charity

Introduction

We from Reffurence are proud to present this year's charity: Vogelklas Karel Schot (school class of birds). This wonderful organisation, as its name implies, dedicates themselves to the rehabilitation of animals in need. However, they do not just limit themselves to birds! Other animals such as bats, hedgehogs, martens or other small mammals are welcome too.

Recently they were essential in the rescue of many birds from the 2024 oil disaster in the Botlek, proving once more that they are critical for maintaining the animal population around Rotterdam.

History

The Vogelklas has a unique history, as it truly did start out as a school class of birds! In the 1950's someone brought a pigeon to the back then school dean Karel Schot. He saw this as an excellent opportunity to raise interest in animal care. Together with students they constructed a makeshift cage and soon the pigeon was fully recovered and released back into the wild.

Soon more students brought sick and injured animals, resulting in half the class being filled with bird cages and even a runway as they flew through the classroom. It was unique to share a class with birds, owls and more.

Throughout the years, Karel Schot became well known in Rotterdam and beyond. The local newspapers often covered his work and much to everyone's shock and dismay, Karel Schot died unexpectedly in 1980 at the age of 53.

Vogelklas Karel Schot

Volunteers

However, thanks to a small legion of dedicated volunteers, Karel Schot's dream is kept alive. And their devotion was put to the test during the big oil spill of 2018 in Rotterdam: 200 tons of fuel oil leaked into the waters, resulting in 283 swans drenched in oil in the first days alone! Vogelklas sprang into action, mobilising its many volunteers and thanks to their valiant effort, over 500 swans were helped during these dark times.

To this day, the Vogelklas is fully dependent on these volunteers and to remain this flexible and independent, they fully depend on donations, and this is why Reffurence is proud to help them! There will be a Charity Meet & Greet where you can ask them any questions you might have.

How can you help?

During Reffurence we have a wonderful charity booth filled with awesome plushies and charity items that you can buy, all proceedings will go to the Vogelklas. We will have a charity auction, where all sorts of unique items will be featured, up to a wonderful fursuit!

Aside from these events, we will have various activities throughout the convention devoted to the Vogelklas, and you will be able to donate at the charity booth as well. For more details please do check out the schedule.

We from Reffurence would like to thank you in advance for supporting Vogelklas Karel Schot!

Sudoku Puzzle

Bored? Why not try this little puzzle?

Each row, column and 3x3 block must have the numbers 1 to 9 exactly once. Can you fill it in?

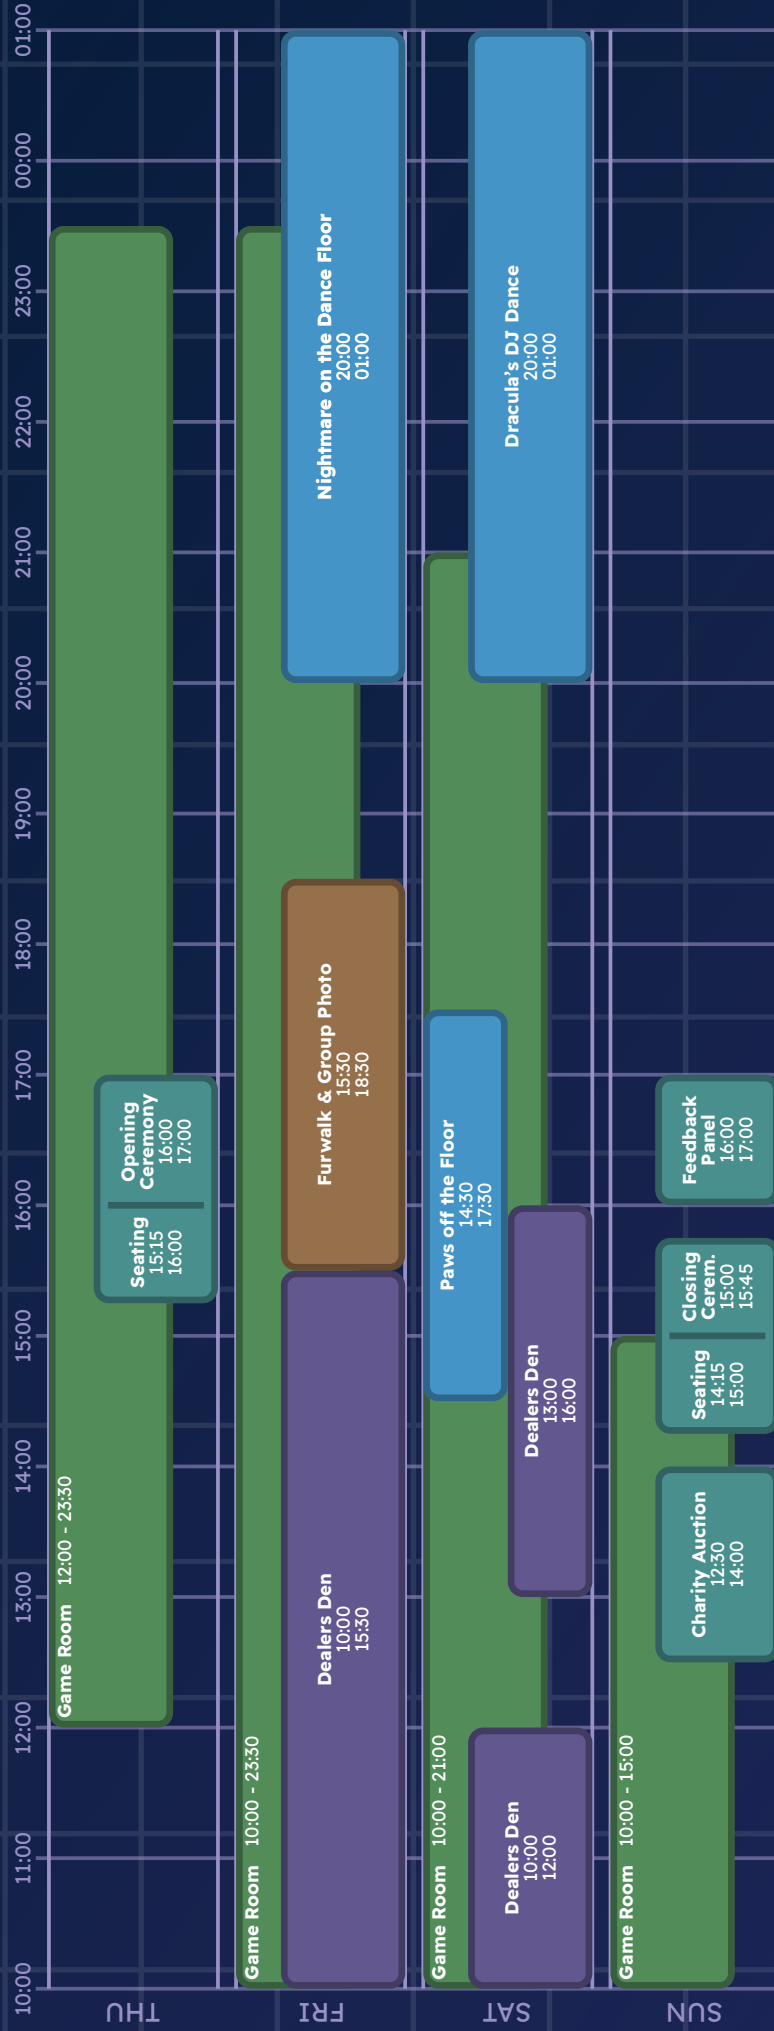

Fun fact! Sudokus were not actually invented in Japan. It first appeared in 1979 in the United States, under the name "Number Place". It only made it to Japan in 1984, where it gained its popularity. The Japanese name stuck, and now we all know this puzzle as "Sudoku", meaning "single number".

Do you love fursona stickers? Cause we certainly do! Pop in, leave your stickers and take stickers from other people! We are looking forward to meet you!

Charity Auction

Main Stage

Join us for a heartfelt charity auction benefiting Vogelklas Karel Schot, a dedicated local bird shelter that provides care for sick, wounded, and distressed wild birds and other animals. Your bids will help fund the vital services needed to rehabilitate these creatures until they can safely return to the wild. Each item up for auction is a chance to support this incredible foundation and make a difference in the lives of our feathered friends. Let's come together to raise funds and awareness for those who cannot speak for themselves!

Seating will begin half an hour prior to the auction.

Closing Ceremony

Main Stage

As the weekend draws to a close, prepare for a final gathering at our Closing Ceremony! Join us as we reflect on the amazing memories we've made, celebrate the highlights, and bid farewell to an unforgettable convention. Be there for one last moment of fun before we say goodbye—until next time!

Feedback Panel

Main Stage

We want to hear from you! Join us at our Feedback Panel to share your experiences, ideas, and suggestions for future conventions. Whether it's something you loved or something we could improve, your input will help us make the next event even better. Don't miss the chance to have your voice heard and help shape the future of our furry gatherings!

How to DJ

Lombok

Music production and DJ-ing is a big trend, so why not figure out how it all works? Within one hour, some simple music theory is explained and maybe some cool projects will be created!

Game Tournaments

We are hosting several game tournaments in the Game Room (Flores)! Are you interested in gaming and want to compete against your fellow floofies, then this is your chance!

Mario Kart Tournaments

Calling all racers! We will be hosting a Mario Kart competition every day. Each day, participants will be randomly assigned to groups of up to 4 players, racing through 4 tracks per round. The top 50% of each round will advance to the next stage in a thrilling knock-out phase. The grand final will see the best players go head-to-head in an intense 8-race showdown to crown the ultimate champion of the day!

We'll be using a standard set of rules to ensure fair competition for everyone. Cheating, bug exploitation, or glitches are strictly prohibited. If a player is absent, they will be automatically placed in last position for that round. And remember, once the first racer crosses the finish line, the remaining players will have 30 seconds to complete the race!

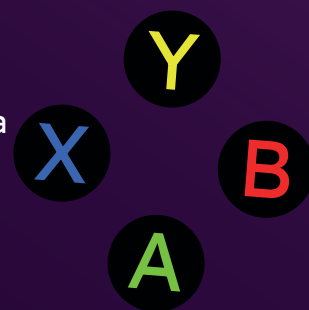

Think you've got what it takes to be the best? Sign up online or in the Gaming Room to secure your spot and show off your racing skills. Don't miss your chance to claim victory. Visit our website or follow our social media for sign-up details and timing updates. Let's see who will take home the crown!

Super Smash Bros Ultimate Competition

Get ready to smash your way to victory! Our Gaming Room team is excited to host a Super Smash Bros Ultimate competition every day during the convention. Whether you're battling solo in a 1v1 showdown or teaming up for 2v2 action, this is your chance to show off your skills and claim victory. The competition will follow a round-robin format, with players facing off in multiple best-of-three matches against various opponents. Only the best from each group will advance to the thrilling knock-out phase, where the stakes get even higher!

Once in the knock-out rounds, you'll face single or double elimination brackets, depending on the format of the day. In the grand finale, the last two competitors will fight for supremacy in a best-of-five battle to decide the ultimate champion. A standard set of game settings will be in place to ensure fair play for all. Cheating, using glitches, or intentionally stalling the match will result in immediate disqualification. Additionally, all players must treat each other with respect—sportsmanship is key in this fierce competition.

To win, you must be the first to secure the required number of victories in each round. Do you have what it takes to smash your way to the top and claim the title of the day's champion? Sign up online or in the Gaming Room to secure your spot in the competition. For detailed information on timing and sign-up options, be sure to check our website or follow our social media. The stage is set—now it's time to fight for glory!

Spook-tistics

Woah woah woah! So many of you! Did you think we lost count yet? Because we didn't! We've counted, and we've analysed, to bring to you: statistics! Or should we call it spook-tistics? Let's do some spooky science!

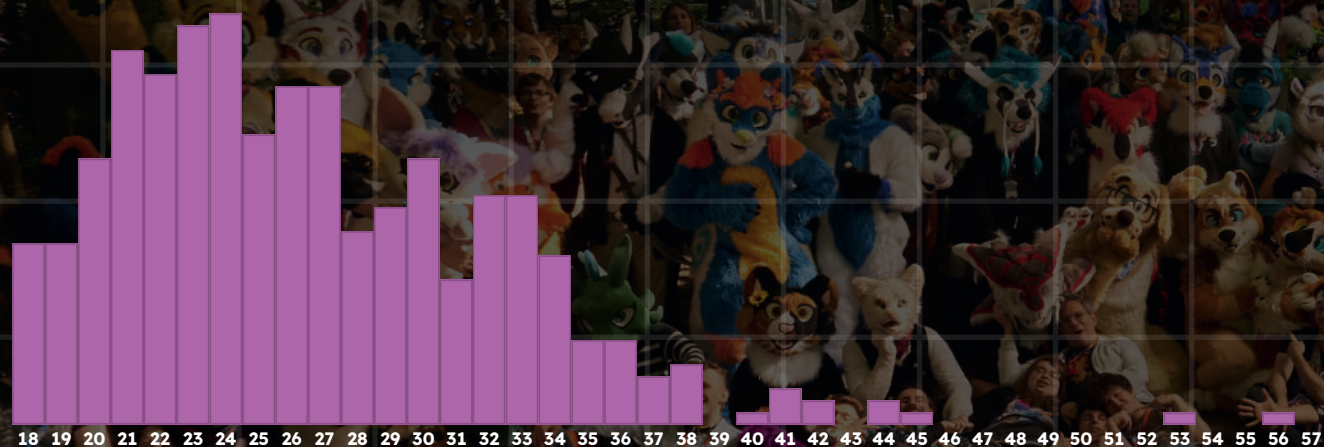

Attendees Per Year

Last year we kicked off the first edition with 351 attendees. This year we've got 492 of you! That's 40% more! If this trend keeps going, we may have nearly 700 attendees next year!

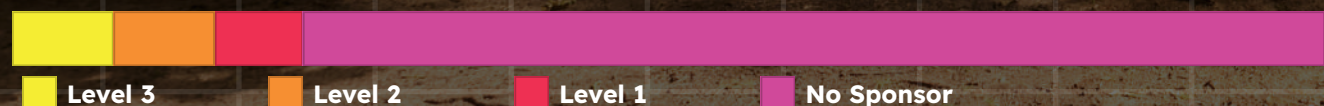

Attendees Per Age

Of course, you should be at least 18 to join our convention. But how old are you all actually? We won't mention exact numbers, but we've create this nice histogram! This is the distribution of age at the first day of the convention.

Attendees Per Country

We are an international community, so it's not a weird thing to ask where you all are from! Most of you all are from the Netherlands, which was not entirely unexpected, but it turns out that some of you have travelled from the other side of the world to come to Reffurence! Note that these data are based on the address you've entered in the registration system, so they're based off where you currently live. Though, it turns out some people have entered something that's not a country.

Fursuits Per Year

Those fluffy fursuits, who doesn't love them? Last year we had 107 fursuits. This year, we've got 156 of them! You all like to be fluffy, don't you?

Fursuits Per Species

What species are you? Telling them all apart is hard, but we've managed to do so! The variety of species is so big we can't fit them all in here anymore! Let's do a top five instead.

Staff

Organising an event like this isn't an easy task. We couldn't do it without the help of all these volunteers. A huge thank you to all these people for helping us with organising this convention.
