Over the 9 seasons of Friendship is Magic there were a lot of Friendship Lessons so what did we really learn about Friendship and solving Friendship problems? In this panel I intend to discuss the main lessons that we learned about Friendship that were repeated throughout the course of the show. Ex that trying to use a quick fix (ex Magic) only makes problems worse and that the ultimate Friendship cure all is to sit down with your friend and work it out. There were many episodes that would've been solved if the ponies in question had just talked to each about what they were feeling.
