Panel Descriptions

The Lessons of Friendship

Friday; 11:00am to 12:00pm; Throne Room

Over the 9 seasons of Friendship is Magic there were a lot of Friendship Lessons so what did we really learn about Friendship and solving Friendship problems? In this panel I intend to discuss the main lessons that we learned about Friendship that were repeated throughout the course of the show. Ex that trying to use a quick fix (ex Magic) only makes problems worse and that the ultimate Friendship cure all is to sit down with your friend and work it out. There were many episodes that would've been solved if the ponies in question had just talked to each about what they were feeling.

The Pillars vs The Tomb of The Lion Lord (TTRPG, Pathfinder 1E)

Friday; 1:00pm to 5:00pm; Coral Reef

Take on the role of the legendary Pillars of Equestria as they venture into the tomb of the Lion Lord to stop its great evil from threatening the land! Can you defeat the evil that lurks within? Can you navigate the ancient and arcane roleplaying system of Pathfinder first edition? Will you end up becoming a lion's lunch? (Pathfinder 1st Edition, 8th level, high complexity and combat, spooky themes, pre-generated characters provided)

Join BlueStarBrony in this panel as they will be discussing the World of Maretime Bay, its ponies and their magic and how it works. The world of Maretime Bay is very different from FIM so I will be discussing several topics including Magic and how it has changed, the Ponies themselves, the ponies use of technology and the Villains.
