WELCOME YOUR COMMUNITY GUESTS

Fiaura The Tank Girl does scientific analysis of fandoms from 40K to My Little Pony. No fandom is beyond the look of the eye of science! In addition this, she is the writer and author of *Fallout: Equestria Dead Tree* and the Actress for Queen Quake of Babscon. Come see the insanity she has brought together or what science can wrought for Merchandise pieces from Glassware and Tins to Metallic Prints and Bottlecaps!

From a die-hard fan to a full-on content creator, Fritz "Harmonight" Rolle has been in the world of My Little Pony in more ways than one. He entertains his peers on YouTube with reactions/reviews to My Little Pony and other Brony content. In addition, he provides his helping hand as a voice actor to creators like ObabScribbler, FaolanCortez, and Grim Narrator. Furthermore, he's made history as the first in-person winner of "My Little Millionaire". However, pony is not the only thing Harmonight does.

Aside from MLP content, he also reacts to other animated works such as: *Hazbin Hotel*, *Helluva Boss*, and *She-Ra: The Princesses of Power*, to name a few. In addition, he has performed as a singer for the last 15 years. His most memorable performance, the ABC Christmas Special, "Christmas: A Time of Welcoming". To wrap it up, there is a reason why he calls himself the "Athletic Brony." He has played sports all his life and has continued his journey as a competitive golfer over the last 14+ years. All in all, whether it is playing golf in Florida's daylight or singing songs in Luna's moonlight, there is more to him than meets the eye. Though, there is only one question that remains. What else is there for the one Harmonight?

Kissy is a cosplayer from Texas and has been cosplaying in the MLP fandom since 2017! She not only dances with Step 2 Harmony and other dance groups but she also has guested at conventions as a cosplayer across the US! She's very excited to meet everyone and to bring your favorite ponies to life!

I've been a My Little Pony YouTuber for 5 years now! Most of my work online consists of digital art, but I've dabbled in animation/animations, writing, song covers, and reaction videos! I've recently been featured in audio dramas such as NistVerse After and Hopeless Love, which are amazing stories and deserve more love! This will be my first time being a Community Guest ever, and am very excited to have fun with everyone!

Spike Firemane has become well-known in the My Little Pony fandom for his character carvings. He has created carvings for voice actors and show staff, and his work has been used to raise thousands of dollars for charity. His work has been featured on Equestria Daily, a popular fan site for My Little Pony news.
