Safety & Conduct

Hey gamer furs! Before we can launch into the fun, we need to take heed of some very important advice to keep you all safe and well for the weekend. You don't wanna lose all your HP!

To begin with: the Golden Rule for every convention: 6-2-1:

- Get at least 6 hours of sleep each night
- Eat at least 2 meals per day
- And Have at least 1 shower each day

This will ensure you are energised and ready to game with us all weekend

If you are Fursuiting this weekend we highly advise you find yourself a handler to help you navigate, especially during the Fursuit Walk and make sure you drink plenty of water during your suiting escapades.

Those who have come to see the Fursuiters are asked to please be respectful. Always ask before hugging or taking a picture of any fursuiter. Try not to sneak up behind a fursuiter, remember their vision is limited in their suits.

Make sure you have your Con Badges on you at all times when venturing into the con space. Be aware that WAFF is restricted to 18+ and you should always have a valid form of Photo I.D. which will be checked before you are given access to con space.

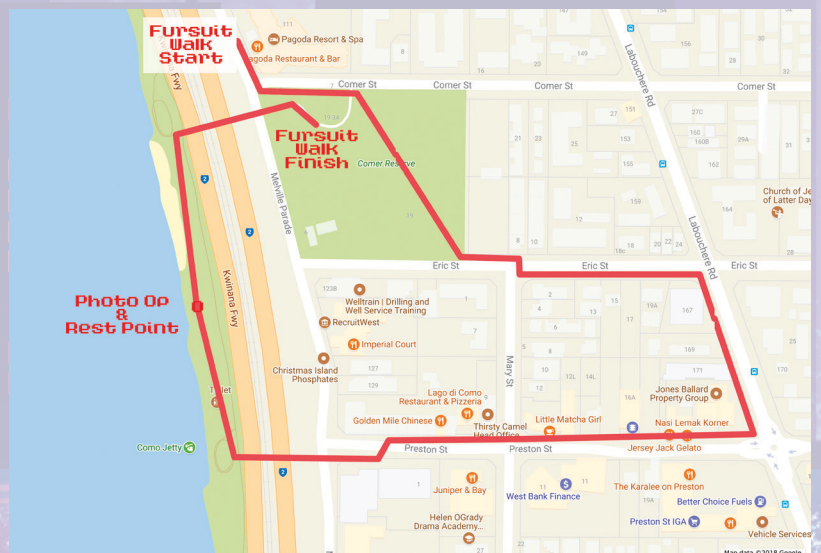

The venue is strictly non-smoking. If you wish to engage in such you may do so outside and away from any entrances of the venue.

If you need a hand with anything, have a question, or want some more advice please feel free to talk to any of our staff or volunteers. You can recognise them by their ribbons on their badges. You can also get in contact through the official WAFF telegram chat group at https://t.me/WAFF_Official

For the complete Code of Conduct please view it at our website at:
<https://www.waff.net.au/terms>

The Shoreside Fursuit Walk

The route for the Fursuit Walk is displayed on this map. There will be a pause to take some photos and a group photo at the observation post of the first bridge we cross. Then we will finish up at Comer Reserve where we will hang out and relax.

Guest Of Honour

Carnival Illustrations

Carnival was originally born and raised on the apple isle of Tasmania before later moving to the mainland in 2010 to settle down in Melbourne, Victoria.

We asked Carnival a few questions about herself, starting with:
When was it that you began creating art?

"Sometime during the single-digits span on life; was a 'fun game challenge' my father set upon my 6-years-elder sister & I by way of a small speed trial when drawing. He gave us a prompt, 'draw a fish', and away we both went! ... suffice to say that my sisters was not only done MUCH faster but better (as far as a cartooned sardine is 'good' that is!) than mine also, but that moment set alight a fire in my young artist heart to 'become better'.

And here we are today. Initially fuelled by a certain level of competition. I find myself completely wrapped up in and humbled by the worlds wealth of creative types and their beautiful marks upon the world. Each and every artist's unique design is one of a kind, drawing from so many sources in their life and that's so precious and priceless. <3

Initially, for me, it was small cute animals or made-up things, dragons and the like, then Pokémon later. It was at around Grade 8 that I would stumble into the grand old world of Anthropomorphism <3

As for a first (worst) image of my (now still!) personal 'fursona' character... well, you asked for it."

What is your art style/inspirations?

"Initially it was rooted in a whole bunch of anime-ish sources and I very nearly went the path of an anime fan-artist back in the founding days of adopting a more

'artwork every day' approach to creating. Final Fantasy VII, Trigun and a smattering of other various games, movies and series were some heavy early inspirations.

Once I became more embedded in the Fur Fandom, I was inspired by these Artists;

-Barachan-

Website: <https://www.barachan.com/>

DA: <https://www.deviantart.com/bara-chan/>

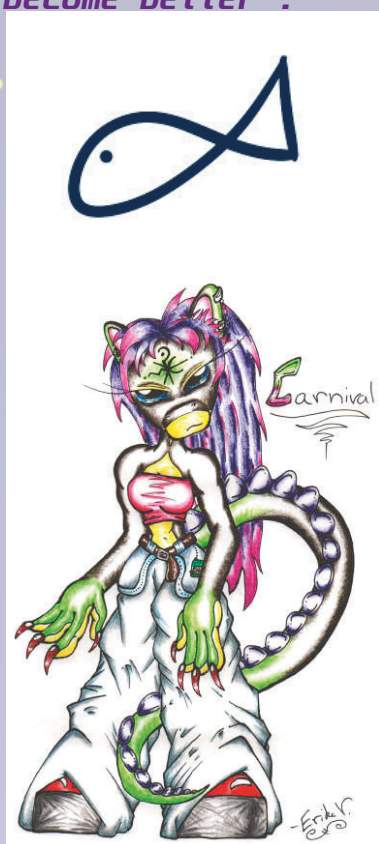

-Fallout-

DA - <https://www.deviantart.com/fallout161/>

IG - <http://www.instagram.com/neonaustinite/>

-Klar-

DA - <https://www.deviantart.com/klar/> "

When did you become a furry?

"Un-officially? Probably in my High-schooling years.

Officially accepted the helm & title with loving affection?

That moment was in the wake of Australia's first Fur Convention, [MidFur] back in 2008. I had the most amazing experiences of my life, having a lavish weekend of singing, being social, drinking and I was just BEAMING. [this was my very first convention table-trading also!]

It was so obvious in that moment that Furrries weren't all oddballs that thought they were actually animals, or dressed up in ears, tails n whatever else as part of some elaborate escapism... heck no!

The Furry Fandom was a rich and diverse collection of people from all walks of life that come together over a common interest that many humans share [Furry or otherwise] A general celebration of anthropomorphism.

Meeting as many as I was able in 2008 really opened my eyes to just how wonderful and special this group really was."

What conventions will people frequently find you at?

"FurDU [always!]

Confurgence [so long as that's on in my home state!]

WAFF! [severely hope I can keep coming back each year! <3 <3]

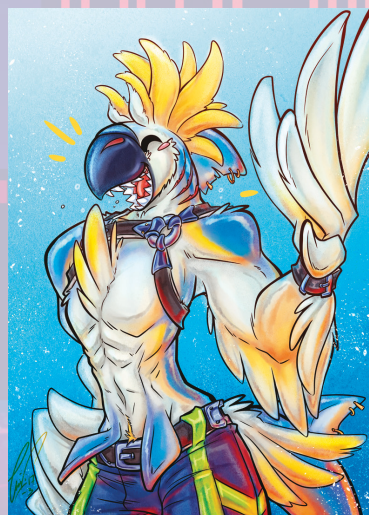

AliCon in SA [this same month this year! Not sure beyond that, though!]

And honestly as many others as I can get to within my budget & means! <3"

What is your favourite game/s?

"Ooo ah....! TRICKY question! I think embracing the TRUE SPIRIT of 8bit 'Castle of Winds' [1989 and 1993] would have been my very first foray into Digital Adventure gaming [MY GOODNESS. ITS BAD by today's standards, but I loved the heck outta that as a kid!]

Also 'Dinosaur Predators' [1996 PC]... so basic-yet lightly educational and cool to me as a kid!"
