Safety + Conduct

Attention citizens! Before entering the metropolis of W^FF, we need to establish some very important health and safety rules to keep you all in line with our many gods' edicts. There won't be any heresy under our watch!

To begin with: the Golden Rule for every convention: 6-Z-1:

- > Get at least 6 hours of sleep each night
- > Eat at least 2 meals per day
- > And have at least 1 shower each day

This will ensure you are ready to engage in the fun with us all weekend

If you are Fursuiting this weekend we highly advise you get yourself a handler to help you navigate, especially during the Fursuit Walk and make sure you drink plenty of water during your suiting escapades.

Those who have come to see the Fursuiters are asked to please be respectful. Always ask before hugging or taking a picture of any fursuiter. Try not to sneak up behind a fursuiter, remember their vision is limited in their suits.

Anyone wishing to take video footage or photos at W^FF must always be respectful of the other attendees at the convention. Always ask permission before taking any photos or video footage. If your media contains the faces of those who have not given permission, you must censor them. Please read the Terms and Conditions of W^FF before posting any media publicly. W^FF takes the privacy of its attendees very seriously.

Make sure you have your Con Badges on you at all times when venturing into the con space. Be aware that W^FF is restricted to 18+ and you should always have a valid form of Photo I.D. which will be checked before you are given access to con space.

The venue is strictly non-smoking. If you wish to engage in such you may do so outside and away from any entrances of the venue.

If you need a hand with anything, have a question, or want some more advice, please feel free to talk to any of our staff or volunteers. You can recognise them by their ribbons on their badges. You can also get in contact through the official W^FF telegram chat group at: https://t.me/W^FF_Official

For the complete Code of Conduct please view it on our website at:
<https://www.waff.net.au/terms>

WAFF 2022

Guest of Honour

MeeKor

Hi everyone!

I'm MeeKor a disabled Australian artist from Melbourne. I am absolutely blessed to use my art to create an impactful career despite my many health hurdles and connect with the amazing furry community. I love to create fun art and try my best to use my art to advocate for the welfare of native animals and of course parrots!

One of MeeKor's First Art

What made you decide to start doing art when you were young?

I was always drawn to fantasy worlds and creating my own things. I especially loved the artwork on pokemon cards. I spent hours just staring at all of the different art and wanting to make my own. I think what got me wanting to really know how to draw was definitely neopets. A huge culture on neopets was making characters for your pets and drawing art of them. I wanted to have the best neopet pages with custom art.

What got you into furies?

I've always been drawn to animal characters in movies and on tv. When I was a kid I'd wear a dinosaur tail everywhere and dress up as a cat. I was always drawing anthro animals before I even knew what they are!

What is your favourite thing to draw?

If it's not obvious, birbs! I love drawing birds and wings and beaks! I also love foliage and backgrounds.

WAAFF 2022 Charity Greyhound Adoptions WA

Greyhound Adoptions WA is a non profit organisation run entirely by volunteers. We support a 'no Kill' policy, placing no restrictions on the temperament of the dogs that are brought onto our care.

When a dog is surrendered to us they are booked in for vet work and then moved straight into foster care. From there our Adoption Co-ordinators will match the dogs, based on the character and behavioral assessments provided by their foster carer, to waiting adoptive families. Not all the dogs listed on our Website or our Social media pages are an exhaustive list of the dogs we have in foster care. There can be anything up to 50 dogs in foster care at any one time.

Potential adopters will be profiled against a number of Key factors including children, working hours and other pets. Once a potential match has been established, a meet and greet with the greyhound is arranged at a convenient time for both the foster carer and adopter. Introductions would also be made to existing animals and other family members.

Fostering a Greyhound

At GAWA we are constantly in need of people who are prepared to become foster carers for these magnificent animals due to the increasing number of dogs that are being surrendered to us.

So what is the role of the foster carer exactly?

The foster carer oversees the transition of a former racing hound into a domestic everyday pet.

Retired greyhounds know nothing of the outside world, they have not been to the beach, have no road sense, they do not know how to walk up steps, have not lived in a family environment where there are children and perhaps other pets such as cats or birds.

The foster carer's role is to introduce the dog into a new world, this is achieved by firstly showing the dog an enormous amount of affection, this in turn will gain the dog's trust and loyalty [most important].

The carer teaches the dog house training, how to walk on a lead, assimilates the dog into a family environment and introduces the dog to its new surroundings such as the local park and if close to the coast also the beach. It is important to remember that greyhounds in a public place are still required to be on a lead.

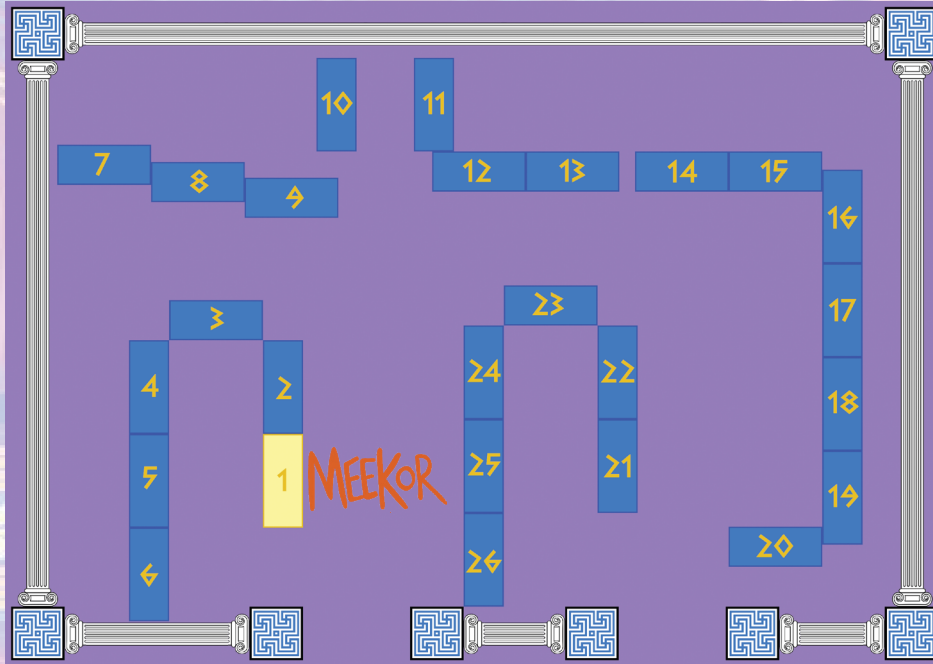

During the foster period GAWA will give all the necessary support and advice to the carer through other members of the association.

Should you consider becoming a foster carer and need more information please do not hesitate to contact us.

As a business like WAFF gets bigger and expands, it encounters a multitude of challenges it has to weather. These difficulties are overcome by the blood, sweat and tears of dedicated staff who put themselves forward to handle such things in order to allow WAFF to continue to operate and bring fun and joy to the community.

WAFF wishes to give the biggest of thanks to our Convention Operations Team. They handle so much behind the scenes so that everyone enjoying the show, can do so in peace. These team members deserve your love and respect as they have earned ours by far! If you see them, give them a hug or high 5 or a cheer!

and ALL the Marshals Team.

We have had a number of supportive community members who have all pitched in to make the events and panels at WAFF and we would like to thank these furs for their commitment to aiding their local furry convention in delivering quality content.

Every year we witness a feat in selflessness and generosity, WAFF would not be possible without the dedicated help of Rebel Empire Workshops! From their brilliant performances, to running a ton of events during the convention, as well as Keeping a sharp eye on our venue to make sure everyone is having a safe and fun time.

Despite the many burdens they carry, they still turn up time and time again to help WAFF and we will forever be in their dept.

Kaneda, Megan, Victoria and indeed all the members of Rebel Empire Workshops, we thank you!

Times sure have changed and the current world we find ourselves in requires more love and support than ever before. We would like to Thank You All for your support. It is you, the attendees, that make WAFF the big event that it is, and it is you, that create this community who can come together for a weekend of fun and enjoyment.

We hope to see you all next year, at:
