SAFETY & CONDUCT

Bros, Hoes, and Non-Binary Those, listen up! Before you dive into the rhythmic pulse of WAFF's 'Urban Beats', let's lay down some essential ground rules to keep the vibe alive and ensure everyone has a blast. No messing around when it comes to these rules – we're all about keeping the groove smooth and the energy high!

To begin with: the Golden Rule for every convention: 6-2-1:

- > Get at least 6 hours of sleep each night
- > Eat at least 2 meals per day
- > And have at least 1 shower each day

This will ensure you are ready to engage in the fun with us all weekend

If you are fursuiting this weekend we highly advise you get yourself a handler to help you navigate, especially during the Fursuit Walk, and make sure you drink plenty of water during your suiting escapades.

Those who have come to see the fursuiters are asked to please be respectful. Always ask before hugging or taking a picture of any fursuiter. Try not to sneak up behind a fursuiter, remember their vision is limited in their suits.

Anyone wishing to take video footage or photos at WAFF must always be respectful of the other attendees at the convention. Always ask permission before taking any photos or video footage. If your media contains the faces of those who have not given permission, you must censor them. Please read the Terms and Conditions of WAFF before posting any media publicly. WAFF takes the privacy of its attendees very seriously.

Make sure you have your Con Badges on you at all times when venturing into the con space. Be aware that WAFF is restricted to 18+ and you should always have a valid form of Photo I.D. which will be checked before you are given access to con space.

The venue is strictly non-smoking. If you'd like to smoke, please do so outside and away from all entrances.

If you need a hand with anything, have a question, or require some more advice, please feel free to talk to any of our staff or volunteers. You can recognise them by their staff badges. You can also get in contact through the official WAFF telegram chat group at: https://t.me/WAFF_Official

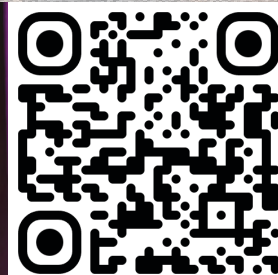

For the complete Code of Conduct please view it on our website at: <https://www.waff.net.au/terms>

IMPORTANT NOTES FROM THE HOTEL

WAFF 2024 GUEST OF HONOUR **kusaki**

Kusaki's Mixcloud

Meet Kusaki, a talented Puma who has made a name for himself in the fandom since joining in 2017. Kusaki is a skilled graphic designer, DJ, Twitch Partner, and fursuiter, and you may have seen him around cons, online, or behind the decks at events.

When he's not DJing, Kusaki streams as a V-tuber, playing a mix of new and retro games. DJing is his passion, giving him a chance to creatively express his love for music. As a graphic designer, Kusaki also freelances and takes commissions within the furry community.

At WAFF, you'll have plenty of chances to meet Kusaki—whether he's in fursuit, chatting with fellow furries, or lighting up the dance floor with his beats. Don't be shy! Stop by and say hello, or catch him spinning tunes at one of our dance events!

> What made you decide to start DJing? And how old were you?

I have had a love of music for as long as I can remember. In high school, I used to make hour-long 'mixtapes' and burn them to CDs for parties or create playlists once I finally got an iPod. DJing was an extension of that—getting to be creative, mix songs together, make mashups, and more.

> What attracted you to live streaming?

My partner Mixi thought I was pretty funny when I played games with her and with other friends. We worked together, and she made me a V-tuber using a model base that looked like my sona. I gave it a go and loved it! I had previous experience DJing on stream every now and then, but gaming and being a V-tuber became something I realized I loved more and more as I continued doing it. And here we are!

> What got you into graphics design?

I used to draw all the time growing up, and I loved drawing cars and logos on the side of them. I liked the idea of making art into something usable for a brand and having it be the visual representation of companies, small businesses, or individuals. Creatively expressing and showing what something is at a simple glance is really cool once you nail it.

Here's the first mashup I ever made... it's bad and hilarious. I made it as a shitpost, but something clicked after making it, and now look at me, haha!

> What got you into furies?

My partner was a furry artist when I met her, and I had been furry-adjacent for many years beforehand. I didn't delve too far into it until I stumbled upon sneaker furs on Twitter—other furries who were also into collecting sneakers. Then, one thing led to another, and here I am: a fursuiter, V-tuber, and 100s of art pieces deep, with friends from different states and countries. Safe to say, I love furies, haha!

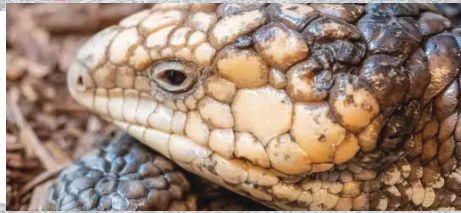

> What got you into collecting sneakers?

Honestly... The thing that got me into being a furry as well? Space Jam, haha. I loved Michael Jordan growing up, so collecting his sneakers is fun. It started from there. As someone who's creative all around, I find sneakers and fashion to be a great way of visually expressing myself in everyday life. Matching an outfit to sneakers and putting something together that says 'this is me' while also feeling good is something I enjoy. I also love the history of sneakers—the design process and the stories behind what might look like the simplest colorways to others.

> What is your favourite game to live stream?

As a variety streamer, that's always a hard question to answer, BUT I love playing new and old games, as well as games I missed out on during my childhood, and indie horror. There's also Truck Sim, which I'm terrible at, but chat loves watching how badly I'll crash and mess up, haha.

CHARITY: WA WILDLIFE

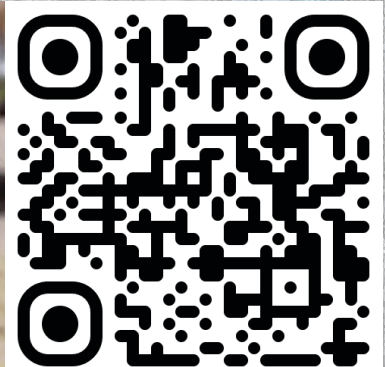

WA Wildlife is Western Australia's leading wildlife rescue and rehabilitation organisation, focused on providing critical care to the state's native animals. Established in 1998, this not-for-profit operates the WA Wildlife Hospital, the first of its kind in the state. The hospital treats over 6,500 injured, sick, or orphaned animals annually and has the capacity to handle up to 10,000. Offering free medical care, the facility operates 365 days a year, relying entirely on donations, grants, and sponsorships for funding.

In addition to medical care, WA Wildlife runs several important programs, including a dedicated wildlife ambulance service. This emergency vehicle, equipped with specialised tools, allows for the safe rescue and transport of animals in critical situations, such as bushfires. The ambulance service operates seven days a week and has already saved over 2,400 animals.

WA Wildlife also emphasises education and conservation, offering school programs, public tours, and resources for veterinary professionals. Their work helps raise awareness of the importance of protecting native species and conserving Western Australia's unique ecosystems.

The funds raised at WAFF will directly support WA Wildlife's ongoing efforts. This includes maintaining the hospital's essential operations, expanding their rescue services, and improving rehabilitation efforts to ensure that native animals have the best chance of returning to the wild.

Your contribution will make a significant impact on the lives of Western Australia's wildlife, from ensuring that the hospital continues to operate at full capacity to funding crucial equipment and resources. Every dollar raised brings WA Wildlife closer to its mission of "Helping Wild Lives Live."

WAFF wouldn't be the polished, professional event it is without the dedication of some truly incredible members of our staff. These amazing people work tirelessly, often going above and beyond to make sure this convention is a safe and enjoyable space for everyone. What you see at the convention is just the tip of the iceberg—there's so much happening behind the scenes, and these heroes volunteer their precious time, balancing all their life responsibilities to make this event possible.

If you spot them around the convention, don't hesitate to say hello, give them a high five, and cheer them on! We deeply appreciate them, and we know you will too.

**Archie (Chief Operations Manager), Kitty (Operations Team Leader)
and ALL the Marshals Team.**

Every year, we are reminded of the incredible selflessness and generosity that makes WAFF possible. We simply could not do it without the unwavering support and dedication of Rebel Empire Workshops. This year, they took on the immense task of organizing every event on the schedule—a monumental responsibility that they handled with exceptional skill and grace.

From their captivating performances to hosting countless events throughout the convention, Rebel Empire Workshops poured their heart and soul into making this year unforgettable. They also took it upon themselves to keep a watchful eye on our venue, ensuring that everyone could enjoy a safe and fun experience.

In a world that often presents challenges, they continue to show up for us, time and time again. For that, we are forever grateful.

**Kaneda, Megan, Archie,
and every single member of Rebel Empire Workshops.
You have our deepest thanks!**
