Safety & Conduct

Lords, Ladies, and Non-Binary Legends, heed our call! Before you set forth on your noble quest through the enchanted halls of WAFF's Knights of the Round-ish Table, it is time to swear your oaths to a few sacred codes of conduct. These rules are the wards that keep our kingdom safe, our fellowship strong, and the revelry joyous. Break them not, lest ye be cast into the dungeon (or worse... sent home early)!

To begin with: the Golden Rule for every convention: 6-2-1:

> Get at least 6 hours of sleep each night

> Eat at least 2 meals per day

> And have at least 1 shower each day

This will ensure you are ready to engage in the fun with us all weekend

If you are fursuiting this weekend we highly advise you get yourself a handler to help you navigate, especially during the Pursuit Walk, and make sure you drink plenty of water during your suiting escapades.

Those who have come to see the fursuiters are asked to please be respectful. Always ask before hugging or taking a picture of any fursuiter. Try not to sneak up behind a fursuiter, remember their vision is limited in their suits.

Anyone wishing to take video footage or photos at WAFF must always be respectful of the other attendees at the convention. Always ask permission before taking any photos or video footage. If your media contains the faces of those who have not given permission, you must censor them. Please read the Terms and Conditions of WAFF before posting any media publicly. WAFF takes the privacy of its attendees very seriously.

Make sure you have your Con Badges on you at all times when venturing into the con space. Be aware that WAFF is restricted to 18+ and you should always have a valid form of Photo I.D. which will be checked before you are given access to con space. The venue is strictly non-smoking. If you'd like to smoke, please do so outside and away from all entrances.

If you need a hand with anything, have a question, or require some more advice, please feel free to talk to any of our staff or volunteers. You can recognise them by their staff badges. You can also get in contact through the official WAFF telegram chat group at:

https://t.me/WAFF_Official

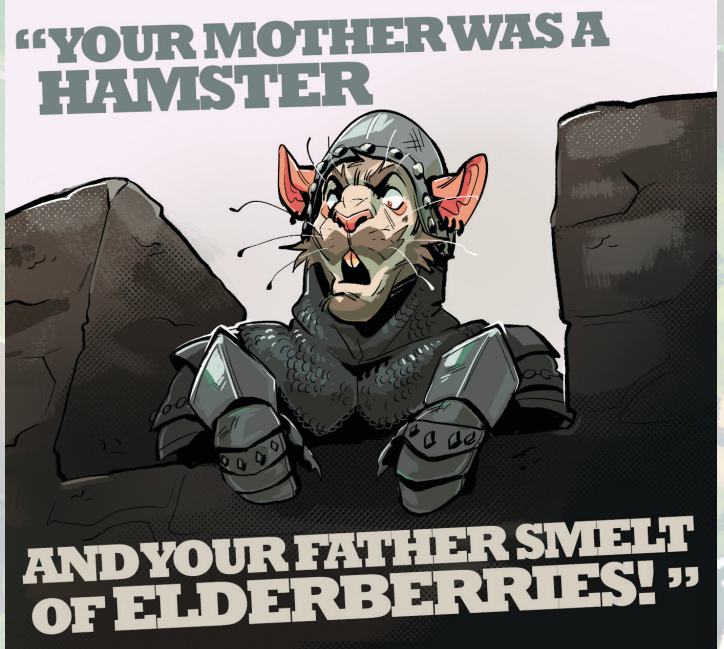

For the complete Code of Conduct please view it on our website at:

<https://www.waff.net.au/terms>

Heyo! I'm Silvi, a Victorian born, Adelaide based freelance artist. I first discovered the furry fandom in my early 20s through Deviantart. Back then a small collection of friends insisted I was a furry, me, not really knowing what that meant, denied it... persistently. For about a month. Then I found the fandom properly and with it some of the most amazing people and artists I've ever met.

In 2014 I attended my first furry convention and met some amazing artists that I'd idolised for years. I was hooked. Since then I have tabled consistently in dealers dens all over the country (and internationally) every year for the last 10 years. In 2016 my art became my full time job and my uni lecturer's advice of 'you can't just draw animals all the time' was critically debunked. Yeah I can! And I have!

My biggest inspirations beyond other artists in the fandom are classic Disney films, pokemon and nature. My favourite thing to do, ever since I was a kid, is to draw realistic animals from reference. I love drawing characters in toony style but being able to just lose myself on fur or feather details just

for fun and try and make things look as much like the picture as I can, that's where I started as an artist and honestly I can see myself still doing it well into my elder years.

I think my favourite thing about being a freelance artist in the fandom is that my goals are always changing, shifting and growing. Between commissions, merch, streaming and personal work I always have something to strive for and work on. I always have ways to grow and shake things up. And I can do it all at my own pace. I'm so lucky that the fandom gives me this opportunity and I hope I can keep it up for so much longer!

I think my biggest goal would be to be able to survive with just my merch and streaming, be able to cut back on commission time and have more freedom to create for fun. Its not something that will happen any time soon but I will keep working towards it! Until then I thrive on the joy my work brings my clients and honestly, there isn't anything bad about where things are now. This fandom, you guys, have given me so so much over the years, and I never want to stop giving back.

Thank you so much to WAFF and other conventions who have supported me over the years and given me a place to thrive and grow. You're all amazing!

West Aussie Fur Frenzy (WAFF) acknowledges the Traditional Owners of the land on which we meet, the Whadjuk people of the Walyalup area and pay respects to Elders past and present and we recognise their cultural and heritage beliefs are still important today.

A big thank you to all the lovely **Sponsors** who have helped keep WAFF running allowing us to face any challenges in our path. The extra financial assistance you provide gives us the opportunities to expand and include so much more at each convention. Your support means a lot more than you could ever know, not just for us, but for all the attendees! Thank you all!

Providing spaces for our attendees to find out more about themselves, to find friends with similar interests, to feel safe and accepted and free to be themselves. Whether adding entertainment to our event, offering fun merch, or simply being a friend of WAFF. We hope to grow this family more and more each year, you are all very special to us.

WAFF enjoys a safe, inviting and fun atmosphere each year thanks to the truly incredible work of some amazing people. They do a lot of work behind the scenes to make sure that everyone is having a good time. An event like this would simply not be possible without the tireless efforts of our **Operations Team.**

It is without a doubt, our absolute pleasure to humbly thank the champions who sacrifice countless hours of their own time. The **Events Team** has shown the meaning of dedication. It is a huge task organising all the events, panels and activities that make WAFF the amazing, inclusive and fun experience it is. It takes real thought, hard effort and giving a true part of yourself, to do this job. We cannot sing their praises enough for everything they tackle and everything they accomplish.

If you see them around the convention, let them know how much you love what they are putting on, it will mean the world to them.

For right here, right now, join us in thanking these legends!
