

let's go on a

Roadtrip to Woods Flock

"nature's furry convention"

2025

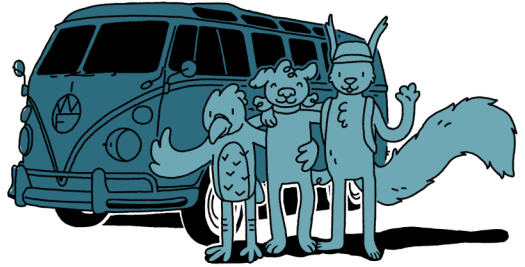

with **GOH:**
hunty's doodles!

About Woods Flock

Welcome to our fourth annual spring Furry Camp! Whether it's your first time with us or you're a returning attendee, thank you for joining us. For our theme this year we are going on a furry Roadtrip! So hop in for a retro ride, and we will guide you to some must-see destinations, thanks to the talented artists in our community who have submitted their favorite places.

Woods Flock was founded to bring together nature lovers, outdoor enthusiasts, and creatives within the furry fandom. We want to build an awesome & inclusive community, nourish friendships, and simply have fun! Charity is also important to us, and this year, we are once again supporting Exotic Pet Wonderland, based in Knoxville (see the last page for more info). We are committed to providing a safe and inclusive environment. Please take a minute to re-familiarize yourself with our Code of Conduct so that everyone can enjoy this event. The well-being of all participants and care for our beautiful natural areas and their inhabitants are of utmost importance to us. If you violate the CoC you may be asked to leave and barred from attending future Woods Flock events.

If you finish out this weekend wanting more, you can join us year-round in our telegram community, the Summer Splash swimming/picnic event, Fall Fest campout & Halloween party, Winter Weekend, and any other outdoor activities we find that would make a fun group meet. To stay updated, make sure to follow us or join our chat - t.me/woodsfolk

Code of Conduct

For full policies visit woodsfolk.com/info-coc

Your attendance at Woods Flock is dependent on adherence to CoC

1. **Kindness** - Be kind, to everyone and everything. That means no violence, harassment (verbal or physical), theft, or vandalism will be tolerated.

2. **Consent** is a requirement for any interactions with others, costumed or not (this includes hugs). Remember that you are sharing the area with others.

3. Practice **Cleanliness** both of ourselves and the space, so that our events can be pleasant for all.

4. **Adult Material/Dress Code** - Woods Flock is an all ages/ **Family Friendly** event; any lewd or adult content/clothing is restricted to private spaces. No nudity, clothing should cover most of the body. No attire that could be confused for military/tactical/police.

5. **Drugs, alcohol, & smoking** - drugs are not permitted at our events. Responsible alcohol consumption is allowed for those of legal age. No smoking near non-smokers.

6. **Fires** - No personal fires, unless using self-contained fire-pits or

camp grills. Employ proper fire management.

7. **Noise** - Park quiet hours are 10pm to 6am. That is not a curfew, it just means no one but the people right next to you should be able to hear you. We ask during other hours to aim for a respectful level of (happy) noise.

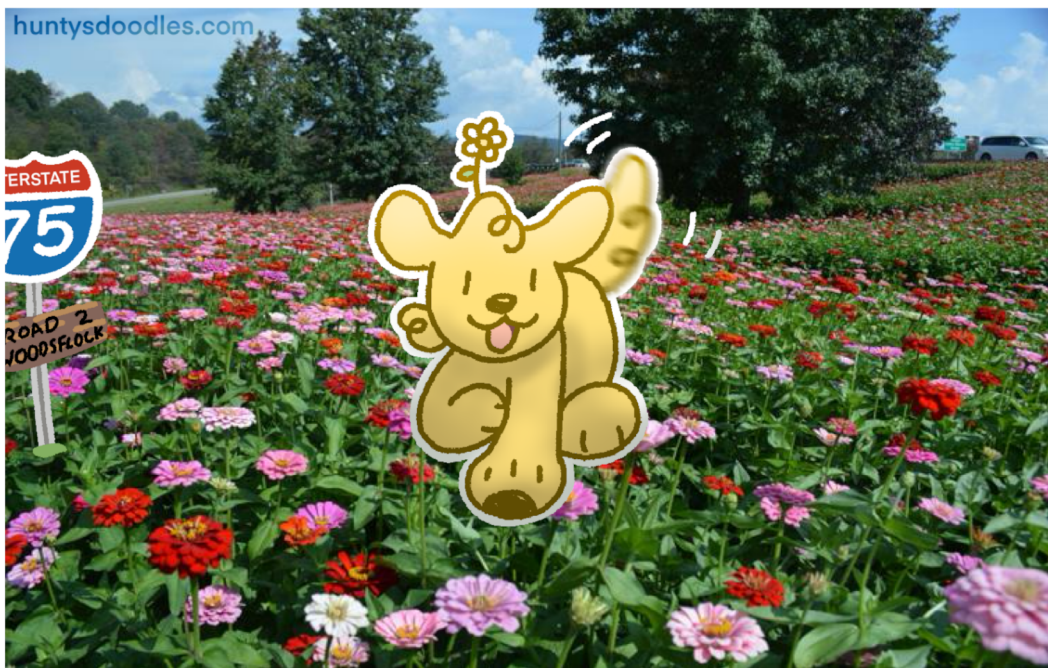

8. **Animals** - Do not feed or harass wildlife. No pets in the lodge/buildings (service animals are allowed). They must be cleaned up after, leashed or otherwise contained at all times, & cannot be left unattended at camp sites, per park policy. Other pedestrians have right-of-way.

9. **Weapons** - We ask attendees not to bring weapons, nor brandish items in a violent way. The exceptions are utility knives/axes for cooking & camp-related tasks, and the supervised Archery.

10. **Concerns & reporting** - If you have concerns or feel the need to report something or someone for the safety of the event, please find a Staff member (call 911 for emergencies)

Guest of Honor

Woods Flock is pleased to have Hunty of Double Dog, an up-and-coming artist with a charming and whimsical style, for this year's guest of honor. She starts off our furry Roadtrip along I-75, the major route to Woods Flock if you're coming from North or South - don't forget to take breaks and enjoy the wildflowers!

NOTE: DONT DISTURB HIGHWAY WILDFLOWERS

While she's always been into furry art, she began posting her work as hunty's doodles in 2019. Inspired by other artists she began creating her own merchandise, especially stickers, prints, and zines, with Woods Flock '22 being her first sales event. Since then, she has been trying to be part of as many furry artist alleys as possible. Together with her partner JP, they formed Double Dog, creating merch featuring bold designs with a hint of skater punk vibes.

Fall Creek Falls State Park & Surrounding Area

Woods Flock takes place in a private part of the park with lots of programming to offer, but we do encourage folks to take the opportunity to enjoy the area. FCF has a nearby stables for horseback riding, an 18-hole golf course, and zipline/tree canopy challenge course (discount code: SPG15). In the "village" near the visitor center, which is a 10-15 min drive from Wood Flock, you will find a general store/gift shop and snack bar. Down a side street from there is a boat dock where you can affordably rent canoes, kayaks, paddleboats, or small fishing boats. There is also a nearby Mennonite community w/ a variety of goods (www.southeasttennessee.com/fall-creek-community)

But I think what y'all really want to see is the stunning natural views, right? I hope you will join us for group hikes, but there are so many trails in the park and we'll only be taking 3 of them. If you want photo ops in fursuit, we can also recommend the best spots to just hop out of your car without needing to hike. Please remember to leave only pawprints, and take only photos or memories!

Event Areas

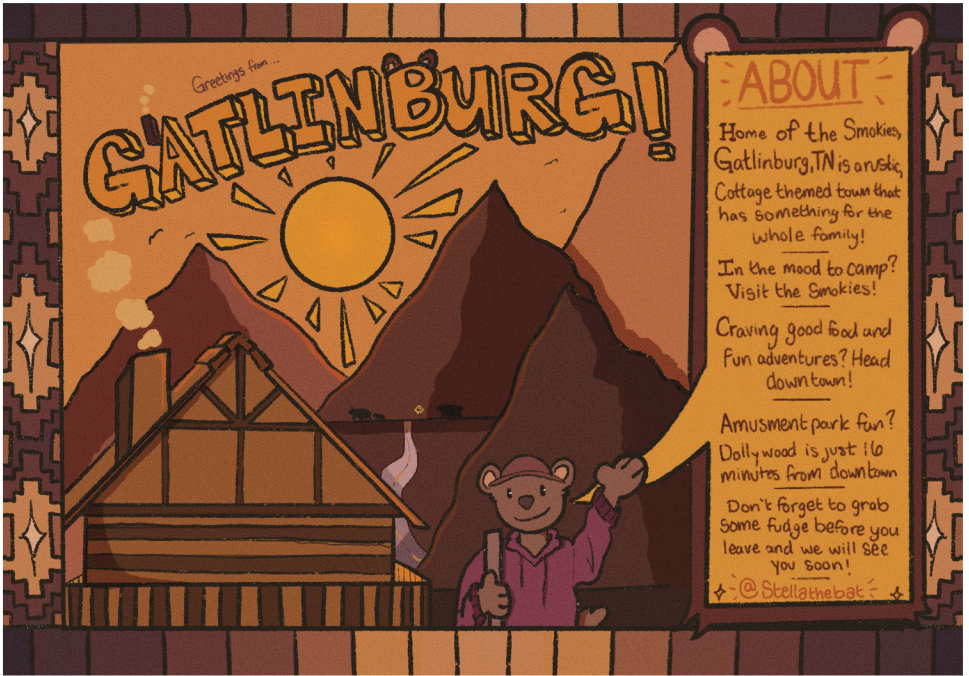

Registration & Camp Store: Where you checked in (Roost 2F breezeway), and will check out on Mon morn (before 10am), or whenever leaving if before then. The Camp store has a limited selection of mostly snacks and drinks, plus Woods Flock merch, available by min donation (as shown at the store). Cash Only unless spending a min. \$10. Also where the Charity Auction bidding will happen and you can always go if you have questions or concerns.

Health & Safety HQ/Quiet Room/Lost & Found: Located on the ground floor of the dorm building, across the patio from the Roost. This also has a small private bathroom, though please do not use the shower. Additionally, the large multipurpose tent on the rec field will have cots if anyone starts to feel unwell or is injured out there, until transport for further care. If you need help at the rec field at night and cannot find a staff member out and about, go to one of the tents in the Staff area (or yell as loud as you can). You can always go to any staff for help. Woods Flock safety/medical staff will be on call 24hrs but 911 should be used in a serious emergency.

Rec Field/ Group Camp: Accessible via footpath from the Parking Loop. **NO VEHICLES ALLOWED.** The Group Firepit will be tended by WF Staff. There will be a drinking water, handwashing, and dishwashing station set up in the large multipurpose/warming tent in the Staff area. This is also where field toys will be stored, which anyone may play with as long as you return them after. Use beach balls only at the volleyball net. The recreation side of the field should be kept clear when not in use, for easy crossing and for playing/running etc. The exception is that chairs and small tables for meal prep may be set up near the fire pit. In consideration of others, please keep noise, including boomboxes or bluetooth speakers to a reasonable level, at your own tent site or an area of the field where others can move away if they want. The fire pit is for acoustic music, stories, chatting, etc

WF Lodge Area & Rec Field Map

and Derwin, of Kuwohi in the Great Smoky Mountains National Park, TN

Bathrooms: in the Roost building nearer to the road/parking loop (dormitory). At night, tent campers should use the 2F bathrooms ONLY, unless it is full and the 1F bathroom is not. Please refrain from using the urinals except in emergency, as these are **gender-neutral bathrooms**. The private stall in the Health & Safety HQ is available in emergencies but is mainly in case someone is feeling unwell. Likewise, the private bathroom in the fursuit break room should only be used in emergencies, as fursuits are allowed to be hung from the shower curtain rod. Kindly use the provided pre-poo toilet spray!

SHOWERS are individual stalls and will have timetables posted on the doors so campers may reserve them. Please bring shower shoes/ flip-flops, towel, your change of clothes, and any toiletries you need.

Dormitories: There is one Dorm per level, each with a staff member lead. They will be in a middle aisle bunk near the front if you have any issues.

- Only bunk campers may enter the Dorms
- Don't enter any bays than your own unless invited (non-bunk attendees still not allowed). Keep in mind the dorms should be thought of as public space, although you are welcome to hang a shower/curtain rod to make your bay more private.
- Keep valuables & alcohol with you, or locked in your vehicle.
- Don't overload your wall outlets.
- Food & drink permitted if kept in closeable containers

Fursuit Lounge: Located on the first floor of the Dormitory building and accessible via the sliding door, which will be open 7am-midnight. It will have fans, drinking water, and cups, and a private bathroom. Do NOT use the bathtub/shower, though you may temporarily hang your fursuit in there. Beds may be used as seating, please do not lie down for extended periods (if feeling unwell please flag down a staff member). Know your fursuiting limits and stay hydrated! Try not to suit alone, it is always good to have a handler, especially with the uneven ground.

But **when can you fursuit?** The answer is **whenever you want!** But we especially encourage it for our group photos, field games, and during any social panels. Keep in mind, if you choose to suit in the main area of the park, such as for photo ops, you should have a handler with you. The WF area is totally private but we have no control over the rest of the park.

Art by: Iggi of AlstroArts, Tennessee Aquarium in Chattanooga

Roost Lounge/Patio: Where most panels/activities take place, as well as food-service, eating, gaming, & hangout areas. Hot water, ice, and a microwave will be available during open hours. In order to reduce crowding, use of the Lounge will be prioritized (1= highest priority, 5= lowest priority). If it is determined too many people are in the lounge, you may be asked to go outside.

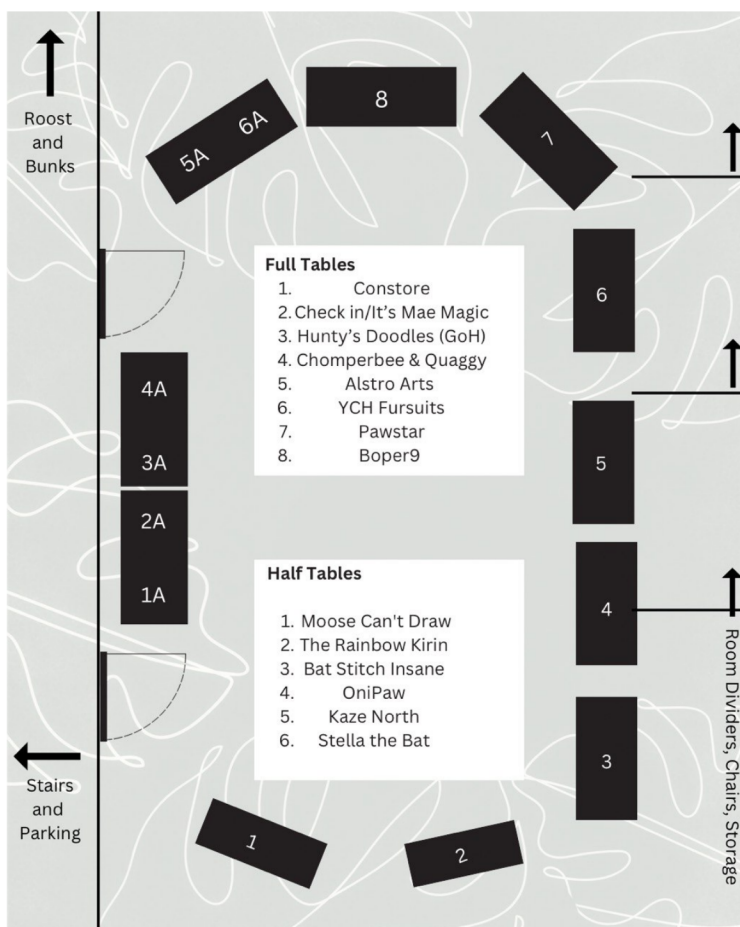

1. Food Service - picking up your meal plan during mealtimes will always be allowed, however we may have the line split between inside and outside.
2. Attending panels, until designated chairs are filled. Chairs may be added if needed.
3. Eating at designated tables during mealtimes (we encourage folks to eat outside if the weather is nice, however) - those on meal plans have priority.
4. Gaming (scheduled games will have priority over free-form gaming, if there are enough players).
5. Hanging out (drawing, fursuiting, talking, relaxing on the couches, etc.)

Art by: RitzyHeartz, Walnut Street Bridge in Chattanooga, TN

Makers Market (2nd Floor Roost):

- Located off the breezeway on the second floor of the Roost, next to Registration. The con store also partially extends into the Market.
- There will be one entrance (end near reg) and one exit (end near Charity), however in case of emergency other doors remain unlocked for egress.
- Attendees will be allowed in freely unless it is becoming too crowded. Please do not linger inside the market room if a line is forming.
- Be respectful of the Makers! If you are not looking at their table or discussing a commission, don't stand in front of their table. If they are wearing a mask, please consider wearing one as well (disposable ones will be available).
- Bring cash! With limited connection, card readers may be unreliable.

Kitchen: Located in the rear of the Roost Lounge (1F); STAFF ONLY behind the food service counter and stay out of that area unless actually picking up food.

- Ice machine and microwave (and other things on that table) are available to all attendees during open Roost hours (for consumables, please only take what you plan to use immediately).
- After meals, please dispose of your waste in the trash, and stack your tray/utensils/cups in the dishwashing window on the left side.
- The dishwashing SINK (NOT DISHWASHER) may be used by campers to clean their own dishes, IF not in use by staff. **You're encouraged to bring and/or wash your own dishes.**
- Medications that need refrigeration, if labeled and contained properly, can be stored in the refrigerator.
- Reminder: this is not a licensed kitchen nor catering operation. Food service is being provided by volunteers with food handler training and all precautions will be taken for food safety, but participation in the meal plan is voluntary and costs cover food/supplies only.
- After everyone on the meal plan has been through the service line once, anyone not on the meal plan may purchase a meal (\$5 breakfast or lunch, \$10 dinner - cash only please, this will go directly to the Charity); if there are leftovers then meal plan holders may return for seconds.

Woods Flock 2025 Meal Plan			
Beverages:	Water & ice available at all times; Coffee/tea at breakfast; juice pouches for sack lunches, or Iced tea & lemonade at lunch/dinner; sugar and creamer will be available		
	Friday	Saturday	Sunday (Leftover Day!)

Programming

*Unless otherwise noted, all events/panels are in the Roost Lounge or patio area; Outdoors events may be canceled or modified for weather

*The activities below are available for the whole event, so feel free to check them out when you're not sure of what to do!

- The Roost - Art supplies will be available at designated tables. This is also where our extensive board game collection can be found, along with our Games Master who is happy to help you find and learn a new favorite! Please use hand sanitizer and put things back as you found them.
- Rec Field - Equipment (swings, basketball hoop, volleyball net, ball pit) and field toys may be used unscheduled, just please clean up after yourselves.
- Roadtrip Scavenger Hunt - How many 'stops' can you hit? We'd love to see your selfies or scenic shots, tag @woodsfolk on your platform of choice! (make sure to get permission if your picture includes someone else, and please blur license plate numbers)

☐ Stream Behind Roost

☐ Makers Market

☐ Pretty patch of moss

About the Charity

Exotic Pet Wonderland is Tennessee's first and only 501(c)(3) nonprofit Sanctuary and educational facility that focuses on captive born wildlife and difficult exotic animals.

Almost all of their animals were once pets, who then ended up there due to the owner being unprepared for how difficult they would be to care for long-term. Because of that, once at the sanctuary they are treated somewhat like a companion animal, instead of a wild animal, in order to reduce their stress and give them the best life possible.

EPW does not take in animals who can survive in the wild, and only focuses on animals who need forever placement. They help educate on the proper care for exotics as well, and have opportunities for remote/off-site volunteering. They currently care for a serval, a coydog, 2 bobcats, 4 mink, 13 raccoons, and over 30 foxes of varying species. Last, but not least, EPW advocates respecting wildlife and nature.
