MTG Commander Royale at Megaplex

 Gaming Panels – Bayhill 29 & 30

A single round. commander “tournament” where the decks are hard capped at a bracket 3, and rewards are given for participation not necessarily for winning, to encourage fun deck building and sportsmanship. Prizes will be provided in the form of Final Fantasy and Bloomburrow Play Booster packs! Every entrant will be guaranteed at least one pack for participating. A maximum of 32 entrants will be allowed, in order to make sure prizes are available to everyone. Spots will be available on a first-come, first-served basis, however anyone interested in playing after the first 32 slots have been claimed is welcome to join and play pick-up games in the space, or spectate. Please reach out to Avery on bluesky: @redpanderp.bsky.social or telegram: @averyailuridae for specific questions, or “is this deck bracket 3?” A reminder of the Bracket 3 guidelines, from Wizards of the Coast: Experience: These decks are souped up and ready to play beyond the strength of an average preconstructed deck. They are full of carefully selected cards, with work having gone into figuring out the best card for each slot. The games tend to be a little faster as well, ending a turn or two sooner than your Core (Bracket 2) decks. This also is where players can begin playing up to three cards from the Game Changers list, amping up the decks further. Of course, it doesn't have to have any Game Changers to be a Bracket 3 deck: many decks are more powerful than a preconstructed deck, even without them! These decks should generally not have any two-card infinite combos that can happen cheaply and in about the first six or so turns of the game, but it's possible the long game could end with one being deployed, even out of nowhere. Deck Building: Up to three cards from the Game Changers list. No intentional early-game two-card infinite combos. Extra-turn cards should only appear in low quantities and are not intended to be chained in succession or looped. No mass land denial.

 Gaming Panels – Bayhill 29 & 30

Did you grow up waddling through Club Penguin, shopping on Webkinz, or racing trolleys in Toontown? We'll explore the rise and fall of games like VMK-Virtual Magic Kingdom, Neopets, Webkinz, Club Penguin, Toontown, and more, and how communities — including many furies — resurrected them through fan projects like Toontown Rewritten, Corporate Clash, and Club Penguin Rewritten. Whether you're a retro gamer, tech archivist, or pixelated plushie collector, this is a love letter to the games that shaped us. Bonus: Come share your stories, bring your favorite keepsakes and printouts! Tell us about your favorite minigames, and tips for staying safe in fan revivals! How to Start a Cult

 Panels 7 - Celebration 12 & 13

Have you ever dreamed of starting your own cult? Are you fascinated by the complex rituals, loyal followers, and dramatic sacrifices that make cults... well, cults? Then join us for How to Start a Cult, an interactive and entertaining lecture inspired by the hit game Cult of the Lamb! In this "tongue-in-cheek" presentation, we'll walk you through the steps of creating your own perfect cult following. Expect a mix of game mechanics, humorous takes on the darker side of cult leadership, and plenty of laughs (and a few sacrifices). Through a combination of gameplay-inspired lessons and comedic skits, we'll cover the essential topics every aspiring cult leader needs to know: from recruiting devout followers, managing rituals, to — yes — making that all-important furry sacrifice to keep your flock faithful. This is not your typical lecture. It's a show. It's a class. It's a cult... with a twist (and possibly a sacrificial lamb, or two). So, come for the laughs, stay for the chaotic cult-building chaos. No prior experience required—just an open mind and a willingness to follow (or be sacrificed for) the greater good. Disclaimer: No actual cults will be formed during this panel. However, sacrificial offerings are encouraged.

Diplomacy

 Gaming Panels – Bayhill 29 & 30

In the game of Diplomacy you will take control of one of the 7 great powers in Europe during World War 1 with the objective to conquer the most strategic supply centers in a given amount of time or turns. But here's the catch, all units you control have a strength value of 1 and you must have a higher attack value to dislodge other players' units in their territory meaning you will likely need to secure support from another nation to complete your conquests. That is where the "Diplomacy" comes in as you will negotiate for support, alliances, establish demilitarized zones, or even stab former allies in the back to secure your objectives and the best part of the game is anything you say or "agree" upon with another player is non-binding.

MP After Dark: Objectumsexuality in the Furry Fandom

 Panels 6 - Celebration 7 & 8

MP After Dark: This panel has been marked as containing After Dark content (AD). This means that you may experience adult-oriented, 18+ explicit content during this event. AD content requires a government-issued photo ID to attend. Your convention badge is NOT adequate identification, as per Florida law. Aeromorphs and pool toys and plushies, oh my! The weird and wild world of furry has a surprising yet little-explored overlap with objectumsexuality, defined simply as a love for the inanimate. Paws and Effect

 Main Events – Windermere Ballroom

Paws and Effect is a satirical furry music group that blends razor-sharp humor, theatrical storytelling, and wildly entertaining performances. Think Weird Al Yankovic, but with furry culture front and center. The show/performance is an energetic live jukebox musical, where a collection of furry-themed parodies of popular songs are performed, accompanied by dynamic custom visuals, videos, and on-screen lyrics for both audience accessibility and to encourage singalongs. Paws and Effect are: ChronoWolf, Charlie Tinn, and Pom Puma Dragon. Established in June 2024 (less than a year ago) we have already had two extremely successful, well-attended shows on the main stages at AWU (Anthro Weekend Utah), and BLFC (Biggest Little Fur Con).
