Gameplay gives players a different perspective on the psychology behind modern-day sexuality and taboo as they adventure in a world where just about everything is over-sexualized (including combat!) to offer silly-fun and sex-positive escapades!

Writers Meet & Greet

 Hyatt - Hartsfield

Come say hello to some of your fellow writers in the furry fandom.

 **8:00pm - 12:00am**

Blood on the Clocktower

 Hyatt - Mirabel

Blood on the Clocktower is a game of murder, mystery, lies, logic, deduction, and deception for five-to-twenty courageous players and one devious storyteller. A social game played in person, seated in a circle, each player receives either a 'good' or 'evil' token with their unique character on it. Good players share information to solve the mystery whilst evil players lie about who they are and what they know. The good team wins if they can piece together their knowledge, trust each other, and execute the demon. The evil team wins if the demon can sow distrust, evade detection, and wipe out the village. During a hellish thunderstorm, a scream echoes through the sleepy town of Ravenswood Bluff. The townsfolk rush to investigate and find the beloved local storyteller has been murdered, their body hanging limp from the clocktower. As blood drips onto the cobblestones below, a realisation slowly dawns... a demon has been unleashed, killing by night and taking on human form by day. Can good find the demon in time? Or will evil overrun this once peaceful town?

 Hyatt - Barajas

Blood on the Clocktower is a game of murder, mystery, lies, logic, deduction, and deception for five-to-twenty courageous players and one devious storyteller. A social game played in person, seated in a circle, each player receives either a 'good' or 'evil' token with their unique character on it. Good players share information to solve the mystery whilst evil players lie about who they are and what they know. The good team wins if they can piece together their knowledge, trust each other, and execute the demon. The evil team wins if the demon can sow distrust, evade detection, and wipe out the village. During a hellish thunderstorm, a scream echoes through the sleepy town of Ravenswood Bluff. The townsfolk rush to investigate and find the beloved local storyteller has been murdered, their body hanging limp from the clocktower. As blood drips onto the cobblestones below, a realisation slowly dawns... a demon has been unleashed, killing by night and taking on human form by day. Can good find the demon in time? Blood on the Clocktower

 Hyatt - Mirabel

Blood on the Clocktower is a game of murder, mystery, lies, logic, deduction, and deception for five-to-twenty courageous players and one devious storyteller. A social game played in person, seated in a circle, each player receives either a 'good' or 'evil' token with their unique character on it. Good players share information to solve the mystery whilst evil players lie about who they are and what they know. The good team wins if they can piece together their knowledge, trust each other, and execute the demon. The evil team wins if the demon can sow distrust, evade detection, and wipe out the village. During a hellish thunderstorm, a scream echoes through the sleepy town of Ravenswood Bluff. The townsfolk rush to investigate and find the beloved local storyteller has been murdered, their body hanging limp from the clocktower. As blood drips onto the cobblestones below, a realisation slowly dawns... a demon has been unleashed, killing by night and taking on human form by day. Can good find the demon in time? Or will evil overrun this once peaceful town?

Healthy Fursuiting

 Convention Center - Second Floor - 26

Most of us have heard about how to care for our fursuits, but what about the person inside of the fursuit? Fursuiting can involve activities that increase our internal temperature, increase our heart rate, and put our bodies under a lot of stress. But things you can do before, during, and after fursuiting can help you to fursuit longer, recover faster, and get back out in your fluffy carpet sooner. They say that fursuiting is cardio, and like cardio we can make fursuiting easier and more fun by following precautions and preparing ourselves. Whether you're a newbie or someone who's been suiting for a while, come and learn how to better take care of what's under the colorful carpet of fur! Got your own experiences and recovery methods? Come share them!

Blood on the Clocktower: Trouble Brewing (New to the game/Beginners+)

 Hyatt - Barajas

Blood on the Clocktower is a game of murder, mystery, lies, logic, deduction, and deception for five-to-twenty courageous players and one devious storyteller. A social game played in person, seated in a circle, each player receives either a 'good' or 'evil' token with their unique character on it. Good players share information to solve the mystery whilst evil players lie about who they are and what they know. The good team wins if they can piece together their knowledge, trust each other, and execute the demon. The evil team wins if the demon can sow distrust, evade detection, and wipe out the village. During a hellish thunderstorm, a scream echoes through the sleepy town of Ravenswood Bluff. The townsfolk rush to investigate and find the beloved local storyteller has been murdered, their body hanging limp from the clocktower. As blood drips onto the cobblestones below, a realisation slowly dawns... a demon has been unleashed, killing by night and taking on human form by day. Can good find the demon in time? Or will evil overrun this once peaceful town?

Self-Expression and Authenticity in the Furry Fandom

 Hyatt - John Wayne

Have you ever felt like being around others is awkward because you have to 'play a role' that isn't you? Have you ever felt like some part(s) of you that are longing to be expressed, but can't safely be shown to others? Have you felt 'wrong' or 'broken' in your body, identity, or sense of self? This is a panel about finding authenticity. It will discuss ways to do this, through several lenses common in the fandom, such as gender, neurodivergence, and disability. It is hoped that this panel will spark a discussion about finding acceptance from both others and oneself, and inspire us to be better at both seeking support and providing it for others. Through this, it is hoped that we can do better as a fandom, both for all the diverse people within it and for ourselves.

 Hyatt - Barajas

Blood on the Clocktower is a game of murder, mystery, lies, logic, deduction, and deception for five-to-twenty courageous players and one devious storyteller. A social game played in person, seated in a circle, each player receives either a 'good' or 'evil' token with their unique character on it. Good players share information to solve the mystery whilst evil players lie about who they are and what they know. The good team wins if they can piece together their knowledge, trust each other, and execute the demon. The evil team wins if the demon can sow distrust, evade detection, and wipe out the village. During a hellish thunderstorm, a scream echoes through the sleepy town of Ravenswood Bluff. The townsfolk rush to investigate and find the beloved local storyteller has been murdered, their body hanging limp from the clocktower. As blood drips onto the cobblestones below, a realisation slowly dawns... a demon has been unleashed, killing by night and taking on human form by day. Can good find the demon in time? Or will evil overrun this once peaceful town?

Good players share information to solve the mystery whilst evil players lie about who they are and what they know. The good team wins if they can piece together their knowledge, trust each other, and execute the demon. The evil team wins if the demon can sow distrust, evade detection, and wipe out the village. During a hellish thunderstorm, a scream echoes through the sleepy town of Ravenswood Bluff. The townsfolk rush to investigate and find the beloved local storyteller has been murdered, their body hanging limp from the clocktower. As blood drips onto the cobblestones below, a realisation slowly dawns... a demon has been unleashed, killing by night and taking on human form by day. Can good find the demon in time? Tail Lover's Anonymous - For Tail Addicts!

 Convention Center - Second Floor - 26

This panel is for the furies in the fandom who just love tails, maybe too much, or maybe just a bit. Tails are a BIG part of the fandom that sometimes don't get the attention they truly deserve! This panel starts with a short presentation from me, Mika, where I discuss what makes tails special to the fandom. We will go over the various ways people in the fandom can appreciate them, from aesthetics, to practical use, to wanting to have one ourselves! Plus sharing some characters from media that have particularly nice tails! We will then open the panel to the audience, where they can admit they have a tail problem and chime in on why THEY love tails! They can discuss how their tail love began, and some of their favorite characters in media they think have nice tails! We will conclude with a Meet & Greet where everyone can mingle and discuss tails with other fellow tail lovers! For an appendage almost every fursona has, and one of the few that isn't just a different shape of something we already have, tails are really special. Let's give them the attention they deserve!
