Doodle Games

 North Fraser Room

3pm-4pm Come one come all! Bring a pen/pencil and join in on some fun doodle games! You don't need to know how to draw you just need an active imagination! We will be playing the following Line Game: Mulpile sheets will get passed around the circle/table and each person draws one "line" (A line, shape, squigle, etc, once you lift your pen/pencil, your turn is up. They can be as simple or complex as you'd like but try to leave room for other people to draw and build off it as well!) In the end we will have some silly creations to share! Exquisite Corpse (Or as i like to call it, "Chimera") : This game is a mix and match game where a piece of paper is folded into thirds. The top is meant for the head/shoulders, the middle section is meant for the torso and the bottom section is meant for the butt/legs. We all start off with a sheet and it will get passed twice. First person draws the head, then folds over the top section so it isn't seen (but making sure there are connecting lines showing to the mid section) and then they pass it on to the next person. Torso gets drawn in the same fashion and then the legs. You are not to look at the previous drawings and in the end we get some fun "Chimera" critters that are usually quite a hoot! If there is still time left i will be open to audience suggested doodle games or we can relax and chat while we wait for the Artist Meet & Greet to start (in the same room)
